### **Frequently Asked Questions (FAQs)**

**Q: Why do students take a placement assessment, and is this the only information that is used for level placement?**

Many high schools require students to take a placement assessment. The CTP5 tests are one component of the portfolio used to place students in appropriate course levels at New Trier. It is important to note that the materials completed by 8<sup>th</sup> grade students, teachers, and parents are also important elements of the portfolio used by the placement team. The parent profile forms will come via email with Power School Enrollment. The student self-assessment and writing sample are completed during the testing period and teacher feedback forms are completed at the sender schools.

**Q: What if a student has a conflict with the date?**

A student may attend an alternate test date, but arrangements must be made in writing with Alan Pavlik, Test Manager, at [pavlika@nthsh.net](mailto:pavlika@nthsh.net) to schedule the date change.

**Q: What if a student cannot test on a Saturday due to religious beliefs?**

An alternate date may be arranged with Alan Pavlik, Test Manager, at [pavlika@nthsh.net](mailto:pavlika@nthsh.net).

**Q: What assessment instrument is used for placement?**

Five tests within the Educational Records Bureau's "The Comprehensive Testing Program 5" (CTP 5) will be administered. **Q: How will New Trier administer the placement test and maintain safe testing procedures for students due to Covid-19?**

Students will be required to wear a mask at all times while indoors. Desks will be 3 feet apart and students will be encouraged to socially distance when not in the testing classroom.

**Q: When will students receive the test results?**

Test results will be mailed to families in early February along with New Trier level recommendations and course selection materials.

**Q: What should the students do to prepare for the exam?**

The best way for students to prepare for this exam is to do well in their classes and continue to learn the skills and concepts that are being covered in their eighth-grade subjects. Getting a full night's sleep and eating a healthy breakfast in the morning will aid students in doing their very best work.
