## **Hiring Process and Criteria**

**5100**

The Board of Trustees has the legal responsibility of hiring all employees. The Board assigns to the Superintendent the process of recruiting personnel and hiring all classified personnel. The Superintendent may involve various administrative and teaching staff as may be needed in recruiting potential personnel. All personnel selected for employment must be recommended by the Superintendent or designee and approved by the Board. All personnel selected for employment must also go through the applicable screening process outlined in Idaho Code 33-1210.

To aid in obtaining quality staff members, the following non-exclusive list of factors will be considered, along with any other factors relevant to the position: qualifications, training, experience, personality, character, and ability to relate well with students. Every effort will be made to maintain wide diversity in staff experience and educational preparation. However, the welfare of the children of the District will be a paramount consideration in the selection of teachers and administrators.

All applicants applying for a certificated position who are pursuing an alternate route to certification shall be considered on a case-by-case basis. They must hold or demonstrate ability to hold any state certification required for the position and demonstrate they meet the alternate route requirements.

Except where otherwise specified, this policy applies to the hiring of all certificated and classified staff members in the District except for the Superintendent. This policy shall be made available to any District employee or person seeking employment with the District.

### **Guidelines**

There will be no discrimination in the hiring process. See Policy 5120.

1. If the vacant position is that of the Superintendent, the hiring process and review of all applicants is the responsibility of the Board of Trustees.
2. Applicants for teaching and administrative positions shall provide evidence of meeting State requirements for certification as described below and sign a statement authorizing current and past school district employers, including those outside the state of Idaho, to release to the District all information relating to job performance or job related conduct, and making available to the District copies of all documents in the applicant's previous personnel files, investigative, or other files. Such statement will also release the applicant's current and past employers from any liability for providing such information and documentation. Applicants who do not sign the statement/release shall not be considered for employment. The District will consider information received from current and past school district employers only for the purpose of evaluating applicants' qualifications for employment in the position for which they have applied. No District employees shall disclose this information to anyone, other than the applicant, who is not directly involved in the process of evaluating the applicants' qualifications for employment. Applicants may be employed on a non-contracted provisional basis as allowed by law. Applicants shall not be prevented from gaining employment if current or past out-of-state employers are prevented from or refuse to cooperate with the District's request. See Forms 5100F1 and 5100F2.

3. Applicants must meet the applicable State standards for the position they are applying for. Applicants for high school and middle school teaching positions should have a major or its equivalent in the field they will be teaching. Applicants for elementary school teaching positions should have a major or its equivalent in elementary education or in their area of assignment.
4. Applicants for all teaching positions should have a minimum over-all grade point average of 2.5 (A-4, B-3, C-2, D-I). All candidates should have a grade point average of 2.75 in their respective major teaching field(s).
5. When considering coaching assignments in secondary schools, preference for hiring will be given to qualified certificated professional employees in the school where the coaching vacancy exists. The Building Principal will be responsible for assuring that all qualified and interested applicants within the building have been given consideration. Giving such individuals consideration does not mean that such an individual will necessarily be retained for a coaching position. Another individual who is not a certificated employee of the building in question may receive the position.
6. As required in Idaho Code 65-505, the District will observe preference for veterans and disabled veterans when considering hiring employees to fill vacancies, selecting new employees, or implementing a reduction in force.
7. As required in Idaho Code 33-130 and 33-512(15), the District will conduct a criminal history check for applicable positions. See Policy 5110.
8. Each newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

The employment of any certified staff member is not official until the contract is approved by the Board and signed by both the Board Chairman and the applicant.

To assist administrators in complying with the above policy for the hiring of staff, the following guidelines shall be utilized when hiring staff:

### **I. Job Vacancy Notices**

Vacancies will be posted only after the Board has approved written resignation from a contracted professional employee of the District or pending Board approval, a termination or non-renewal has occurred, a release from contract has been granted, if a new position is created within the District or a vacancy has otherwise occurred. When that official resignation has been received or a position is otherwise available, the Superintendent or designee will post notices in all school buildings, on the District website and in the local newspaper. If a termination or release from contract requires Board approval to be final, the Superintendent may post the vacancy pending this approval

Job Vacancy Notices: Any notice from Challis Joint School District No. 181 will contain the following information:

- A. Position available and job description.
- B. Requirements for completed application, as applicable for position, include but are not limited to 1) completed District application form; 2) official transcript of all university or college credits; 3) placement center file; 4) personal resume; 5) verification or eligibility of Idaho certification; and 6) signed statement/release for current and past school district employers.

- C. Timeline for receiving application.
- D. Process notification of how applications will be handled.

The Superintendent's Office will post notice of any vacancy within the District for internal applicants to apply for the position. For purposes of this policy, "internal applicant" refers to a certified or classified employee currently employed by the District. Internal applicants will be offered the opportunity to apply and be considered for a position before the position is opened to applicants outside the District. However, the position may be opened to non-internal applicants regardless of whether qualified internal applicants apply, and internal candidates are not guaranteed to be selected as finalists for the position or to be hired for the position.

## **II. Application Procedures for Certificated Positions:**

It will be the responsibility of any applicant to provide the information required for a completed application listed above.

- A. Such information must be received prior to the cutoff date for receiving applications as specified in the vacancy notice.
- B. It will be the discretion of the Superintendent, the appropriate administrator, and the building administrator to determine whether such deadlines should be extended to accommodate individuals where placement center files, transcripts or other materials are not yet received by the District for consideration. Such time extension will be restricted to a reasonable time frame.
- C. In addition to the certification information provided by the applicant, the District will also request from the Office of the Superintendent of Public Instruction verification of certification status, any past or pending violations of the professional code of ethics, any detail as to any prior or pending conditions placed upon a certificate holder's certificate, any prior or pending revocation, suspension or the existence of any prior letters of reprimand and information relating to job performance.
- D. Within three business days of receipt of the statement releasing information from prior school district employers, as required by I. C. 33- 1210, such statement shall be sent to the prior employers with a request for release of information and documentation to be provided as required by that section.
- E. Because responses to such requests may take up to 20 days, or possibly more for out-of-state school district employers, information received pursuant to such request may be reviewed prior to or after interviews have been concluded, at the discretion of the District. Where possible, such information should be utilized as part of the screening process. However, due to considerations of time, such early review may not be possible, and such information received pursuant to this process may be reviewed or utilized up to any time prior to offering employment to an applicant or during an applicant's period of provisional employment.
- F. Upon receipt of the completed applications, those applications will be placed in a file for review and consideration at the District Office.

## **III. Preliminary Screening**

For certificated and classified vacancies, at either the time the job vacancy is published, or prior to

the conclusion of the application period, the school administrator will provide notice to the appropriate administrator of the desired number of qualified individuals to be included in the "screening pool". The screening pool shall be defined as the number of individuals having completed applications that may be submitted to the building or program administrator for final screening. In the event the open position is deemed by the Board to be an administrative or director position, including principal, the size of the screening pool shall be determined by the Superintendent.

#### **IV. Screening**

- 1) The building or program administrator may establish a committee to assist in the final screening process for certificated and classified positions. This committee will act in an advisory capacity to the Superintendent and to the Board.
- 2) The committee, upon receiving the written applications from the appropriate administrator will review those applications for the purpose to:
  - (1) Determine those most suited to the position.
  - (2) Make personal telephone contact with one or more references submitted by the applicant.
  - (3) Contact individuals who might know the candidate, but were not listed as references, if needed.
  - (4) Invite the top candidates to be interviewed for the position.
- 3) The Superintendent or committee will establish the procedures at the building or program level for interviewing the successful applicants and will have thoroughly vetted all applicants prior to committee review.
- 4) For those applicants who have no prior public school work experience or whose out-of-state former employers will not release documentation requested pursuant to I.C. § 33-1210, the screening committee or administrator may engage in whatever background checks it deems appropriate, but at a minimum shall verify all prior work experience and educational achievement listed by the applicant as the committee or administrator deems appropriate, preferably by contacting the prior employers and/or educational institutions listed by the applicant, and shall communicate with every person listed as a reference by the applicant.
- 5) Upon determining the qualified applicant, the building administrator will submit to the Superintendent the written recommendation for the applicant to be offered the position.

#### **V. Acceptance Procedure**

Once the Committee or administrator has selected the final candidate, the name will be provided to the Superintendent who will review the applicant's credentials with the building/program administrator. If the Superintendent does not concur with the committee or administrator's recommendation, they shall ask the committee for their next choice until a selection the Superintendent concurs with is found. If the Superintendent concurs with the recommendation, the Superintendent will take the following steps:

- A. Authorize a statement of intention to employ, pending Board approval, to be made to the candidate.
  - 1) If, at the time the statement of intention to employ is made, the District has not yet received documentation requested pursuant to I.C. 33-1210(3), the District may provisionally employ such applicant for a certificated position on a non-contracted basis for up to 30 days after receipt of the documentation. Within that thirty-day time

period, the Board may issue a written statement to the applicant identifying why a standard contract will not be issued and specifying which information justifies such decision. The Board may not identify any reason for non-issuance of a standard contract not based on the documentation received. If, within 30 days from the receipt of the information requested pursuant to I.C. 33-1210(3) no contract is issued or the written statement of non-employment is not provided to the applicant, the employee will be deemed to be employed pursuant to the appropriate type of contract. During this provisional employment, the applicant shall be provided the same compensation and benefits as if the employee had been employed on a standard certificated contract.

- 2) If no documentation is received from out of state employers, the District may employ the applicant for the certificated position on of standard contract without utilizing the provisional, non-contracted employment.
- B. Upon receiving a verbal or written statement of intention to accept employment, pending Board approval, by the candidate, the Superintendent will prepare the necessary papers for recommendation to the Board of Trustees at the next regular or special Board meeting.
  - C. Submit to the Board of Trustees such recommendation

## **VI. Board Action on Hiring of Certificated or Classified Employees**

When approving the hiring of an employee the Board of Trustees of Challis Joint School District No. 181 will:

- A. Have placed before it all candidates for the position; and
- B. Discuss hiring and in situations wherein the individual qualifications of the applicant are discussed go into executive session pursuant to law; and
- C. Vote relating to approval or disapproval of the candidates. If members of the Board personally have knowledge not available to the building administrator and the screening committee, the Board will not take action until all concerns have been reviewed by the building/program administrator.

## **VII. Approval of Candidate for Certificated or Classified Position**

Upon approval of the certificated position by the Board of Trustees, a contract, in a form approved by the State Superintendent of Public Instruction, will be sent or given to the applicant pursuant to the requirements set out in I.C. 33-513. The applicant must sign the contract and return it within ten days from the date the contract is delivered to them. If the person willfully refuses to acknowledge receipt of the contract or if the contract is not signed and returned to the Board in the designated period of time, the Board or designee may declare the position vacant. If the candidate is not approved, or if the person willfully refuses to acknowledge receipt of the contract or if the contract is not signed and returned to the Board, the Superintendent will remand the situation to the building administrator and screening committee to provide the next applicant's name for consideration.

Any person on provisional employment pursuant to I.C. 33-1210(7) shall be subject to the same time limits and provisions for return of a signed contract when and if such contract shall be provided to them for signature.

## **VIII. Certification**

To qualify for employment, each teacher, pupil service staff or administrator must have, and maintain during the entire school year, a valid Idaho instructional/pupil service staff/administrator certificate on file in the District Office at the beginning of the school year. If at any time the teacher/pupil service staff/administrator's certification lapses, is revoked, or suspended, the certificated employee may be subjected to action declaring a contract violation and action will be taken to terminate the employment of the individual with the District.

This form:

1. Authorizes current and past public school employers of the Applicant/undersigned on this form, including Applicants outside of the State of Idaho, to release to the hiring School District all information relating to the job performance and/or job related conduct of the Applicant and make available to the hiring School District copies of all documents in the previous employer's personnel file, investigative file (regardless of outcome or finding, if any), or other files relating to the job performance of the Applicant; and

## **Procedures for Obtaining Records for Applicants**

**5100p1**

1. Before hiring an applicant for employment in a certificated or non-certificated position the District shall have the applicant sign the statement/release (form 5100f1) and provide a list of their previous employers. The list may be obtained via resume or application. The District will not hire an applicant who refuses or fails to sign the statement/release.
2. The signed statement/release will then be sent by the District to all of the applicant's current or past, in state or out of state, school district employers along with a request for information relating to job performance and/or job related conduct (form 5100f2).  
**Note:** The District does not have to request the information for all applicants. The District only has to request the information for applicant(s) who are considered being offered the position. However, in the interest of timeliness, as it may take up to 20 days to receive such information, the District may request the information of every applicant who has sent a signed statement/release.
3. The District may follow up with current or past school district employees if the information requested has not been received within 25 days from the date the request was sent. The District may hire non-certificated applicants on a conditional basis pending receipt of the information requested. Applicants shall not be prevented from being hired if an out of state current or past school district employer refuses to comply with the request. The District will attempt to obtain a written refusal along with the reason for the refusal from the non-compliant out of state school district employer. The written refusal shall be kept as a part of the applicant's file. The Board directs the Superintendent to establish steps to be taken in confirming prior work experience and checking references of new employees whose former employers refuse to release documentation and for those with no prior public school work experience.
4. The District shall also request State Department of Education verification of certification status as well as any past or pending violations of the Professional Code of Ethics and information related to the job performance of the applicants for any certificated position (form 5100f3).
5. When such information and documentation is not received prior to screening or interviews, the District will review such information no less than 30 days after it has been received. If an applicant has been offered provisional employment pursuant to IC 33-1210(7), the District should review the documentation within ten days of receipt. ## **Veteran's Preference**

**5100p2**

The District shall give preference in hiring, and in the case a reduction in force, consideration for a retention, to veterans, unmarried widows and widowers of veterans, and the spouse of any veteran who is unable to work in public employment due to a service-connected disability. Such applicants shall be referred to as “preference eligible applicants” throughout this policy.

This preference does not apply to temporary positions or to appointments to the Board.

For the purpose of this policy, “veterans” means any person who has been discharged or released from active duty in the armed forces under honorable conditions who served on active duty for at least 180 consecutive days.

The District shall post this procedure on the District’s website and shall note on all announcements and advertisements of applicable vacancies that preference will be given to preference eligible applicants. Applications for qualifying positions shall ask whether the applicant is claiming veterans’ preference and whether the applicant has previously claimed such a preference. The form shall also indicate what documentation is required to confirm veteran status.

Any application for a position submitted by a preference eligible applicant shall be considered, provided it is received before a candidate is chosen to fill the position, regardless of whether the application is received before the deadline to receive applications.

The District shall interview all preference eligible applicants who qualify for the position for which they have applied unless the total number of preference eligible applicants applying for a position exceeds ten.

A preference eligible applicant shall be hired in cases where no other employee is more qualified or there is no articulable reason to select another candidate.

### **Appeal Process**

If an applicant or employee believes they have been denied preference to which they are entitled under this procedure, they may appeal the decision within 35 days of the alleged denial of preference by submitting a written request for appeal to the Board clerk. Such request must include:

2. A request for either a telephonic or a face-to-face hearing. In the former case, the telephone number where a telephonic hearing may be conducted must be included;
3. The position applied for (if applicable);
4. A brief statement of the applicant or employee’s basis of eligibility for a preference;
5. A brief statement of the issues the applicant or employee proposes to raise at the hearing; and
6. Any dates or times the petitioner or the petitioner’s attorney cannot be available for a hearing.

The Board shall direct the Superintendent to notify the applicant or employee of the time and date of the hearing and that the Board shall be the presiding officer at the hearing. Such notice shall be provided at least seven days before the hearing and indicate:

1. Whether the meeting will be by phone or in person;
2. The location of the meeting, if it will be held in person. In person meetings may only be held in the city where the position is located unless the parties agree otherwise; and
3. The address to which relevant documents must be sent.

The hearing shall be held within 35 days of receipt of the request unless good cause to extend the hearing is shown by the Board or by the applicant/employee, in which case the hearing must be held within 70 days.

Prior to the hearing, each side shall notify the others of the witnesses they intend to call and provide one another with copies of any documents to be presented. Evidence may be considered or rejected in accordance with IDAPA 21.01.06.103.03.

The applicant or employee may be represented by an attorney, at their own expense, if they chose.

**Category 2 Certificated Employees**—Certificated personnel in the first and second years of continuous employment within the same school district.

**Renewable Contract Certificated Employees** – With the exception of Interim Certificate holders, upon being offered a contract for a fourth full consecutive year of employment as a certificated teacher certificated personnel may automatically renew their employment with this District, for the next school year, by timely returning their contract.

The District shall have the option to grant renewable contract status when it hires a certificated employee who has been on a renewable contract with another Idaho school district or who has out-of-state experience which would otherwise qualify the certificated employee for renewable contract status in Idaho. Alternatively, the District can place the certificated employee on a Category 3 contract.

**Retired:** Certificated personnel receiving retirement benefits from the public employee retirement system of Idaho, except those who received benefits under the early retirement program previously provided by the State, hired as at-will employees. Retired school employee means any District employee employed as instructional staff, pupil service staff, or professionally endorsed staff and any staff holding a certificate as described in in to 33-1210A, Idaho Code, as well as school bus drivers.

**Interim Certificate Holder:** A certificated employee who holds an interim certificate while they pursue an alternate route to certification must complete at least nine semester credits annually toward the completion of their alternate route to certification and meet their annual progress goals toward the completion of the alternate route. The District may take action to terminate or non-renew a teacher with an interim certificate who fails to meet these requirements. Such termination or non-renewal shall be carried out in accordance with State law and administrative rules and District policy. Personnel who hold an interim certificate and/or emergency authorization and have not been issued their five-year renewable certificate shall not exceed a Category 3 Contract until conditions have been met.

3. Category 3 Certificated Employees shall be provided a written statement of reason for non-reemployment by no later than July 1st and shall, upon written request, be given the opportunity for an informal review of such decision by the Board of trustees. The parameters for the informal review will be determined by the District Board. Before the Board determines not to renew the contract for the unsatisfactory performance of category 3 certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following at least one evaluation. In no case shall the probationary period be less than eight weeks. The probation shall be preceded by written notice from the Board, with the reasons for the probationary period and the areas of work which are deficient and with provisions for adequate supervision and evaluation of the employees' performance during the probationary period.
4. Contracts for all renewable contracted certificated employees shall be issued by July 1<sup>st</sup>. All employees on renewable contracts must timely return their contract. The employee's failure to timely return a renewable contract may be interpreted by the Board as a declination of the right to automatic renewal or the offer of another contract. Before the Board determines not to renew the contract for the unsatisfactory performance of renewable contracted certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following an observation, evaluation, or partial evaluation. The probation shall be preceded by written notice from the Board, or its designee, with the reasons for the probationary period and with provisions for adequate supervision and evaluation of the employees' performance during the probationary period.

## **Criminal History/Background Checks**

**5110**

### **General**

It is the policy of the District not to employ or to continue the employment of classified, professional or administrative personnel who may be deemed unsuited for service by reason of arrest and/or criminal conviction. While an arrest or conviction of a crime, in and of itself, may not be an automatic bar to employment, if an arrest or conviction relates to suitability of the individual to perform duties in a particular position, such person may be denied employment or in the case of current employees, may face disciplinary action, up to and including termination.

It is the policy of this District to perform criminal history checks as required by Idaho law and to perform other types of background checks on employees or volunteers including, but not limited to:

1. Contacting prior employers for references;
2. Contacting personal references; and/or
3. Contacting other persons who, in the discretion of the District, could provide valuable information to the District.

Where a prior conviction is discovered, the District will consider the nature of the offense, the date of the offense and the relationship between the offense and the position for which application is sought, or the person is employed. Any individual convicted of a felony offense listed in I.C. 33-1208(2) shall not be hired.

If an applicant or employee makes any misrepresentation or willful omissions of fact regarding prior criminal history, such misrepresentation or omission shall be sufficient cause for disqualification of the applicant or termination of employment.

Individuals desiring to be employed by, or volunteer for, Challis Joint School District #181 will not be allowed to begin working with students until an approved criminal history/background check has been submitted and/or completed. If the position needs filled immediately, the District will provide staff with the employee until the criminal history/background check is complete and reported to the District.

Any certificated employee who was hired prior to July 1, 2020, and has their teaching certificate revoked by the Professional Standards Commission due to updated crimes listed in I.C. § 33-1208 shall be granted an informal review based on their contract category, as outlined in Policy 5105

### **Initial Hires**

In order to protect the health, safety, and welfare of the students of the District, Idaho law requires the following employees hired on or after July 1, 2008, to submit to criminal history checks. The list is to include, but is not limited to:

1. Certificated and non-certificated employees.
2. All applicants for certificates.
3. Substitute staff.

4. Individuals involved in other types of student training such as practicums and internships; and
5. All individuals who have unsupervised contact with students.

A criminal history check shall be based on a complete ten finger fingerprint card and include the following:

1. Idaho bureau of criminal identification.
2. Federal bureau of investigation (FBI) criminal history check.
3. Statewide sex offender register.

Employees will be required to undergo a criminal history check within five days of starting employment or unsupervised contact with students, whichever is sooner.

The fee charged to an employee will be clarified when submitting paperwork. All criminal history check records will be kept on file at the state department of education. A copy of the records will be given to the employee upon request.

#### Employee Arrest or Conviction

All employees shall have the continuing duty to notify the District of any arrest or criminal conviction that occurs subsequent to being hired by the District. In the event that any employee, whether full-time or part-time, probationary, or non-probationary, classified or certified, is arrested, charged or indicted for a criminal violation of any kind, whether misdemeanor or felony, with the exception of minor traffic infractions, they are required to report such arrest promptly to the employee's supervisor or department head within one business day unless mitigating circumstances exist. This reporting requirement applies regardless of whether such arrest has occurred on-duty or off-duty. Failure to comply with this reporting requirement shall be grounds for disciplinary action, up to and including termination.

Additionally, if an employee has a protection order served against them, the employee shall follow the same reporting requirements as outlined above.

Supervisors or department heads shall contact the Superintendent or designee upon receiving notification that an employee has been arrested or has a protection order served against them. The District reserves the right to determine appropriate disciplinary action in such cases, up to and including termination, depending upon the facts and circumstances surrounding the incident.

It is the discretion of the District to terminate or take other action against any employee that has either been convicted of one or more of the felony offenses set forth in I.C. § 33-1208 or made a material misrepresentation or omission on their job application.

#### Substitute teachers

The State Department of Education shall maintain a statewide list of substitute teachers. To remain on the statewide substitute teacher list, the substitute teacher shall undergo a criminal history check every five years. If a substitute teacher has undergone a criminal history check within five years as a result of employment with another District, the District, may in its sole discretion, not require a substitute to undergo a criminal history check. If the District does desire substitute teacher who has undergone a criminal history check within the last five years to undergo an additional criminal history check, the District will pay the costs of such check.

### Other Employees

The District may require that any employee be subjected to criminal history checks. If required, the District will pay the costs of such checks.

### Volunteers

Any volunteer in the District who has regular unsupervised access to students, as determined by the Superintendent or the Superintendent's designee, shall submit to a fingerprint criminal background investigation conducted by the appropriate law enforcement agency prior to consideration for volunteering in the schools of this District.

Any requirement of a volunteer to submit to a fingerprint background check shall be in compliance with the Volunteers for Children Act of 1998 and applicable federal regulations. If a volunteer has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Superintendent, who shall decide whether the volunteer is suitable to be in the presence of the students in the District. Arrests resolved without conviction shall not be considered in the hiring process unless the charges are pending.

### Contractors

The District maintains a safe environment for students by developing a system that cross-checks all contractors or other persons who have irregular contact with students against the statewide sex offender registry.

### Confidentiality

Outstanding warrants, criminal charges and/or protective orders may be confidential. An employee who is provided access to such information relating to another employee shall ensure that the information remains confidential. If an employee discloses such information without authorization, the employee shall be subject to disciplinary action.

If an employee has a violation on their criminal background check the Board will be informed in executive session.

## **Reporting New Employees**

**5125**

The Idaho Legislature has established an automated state directory of new hires to be administered by Idaho Department of Labor (herein after Department). The state directory of new hires provides a means for employers to assist in the State's efforts to prevent fraud in the welfare, worker's compensation and unemployment insurance programs; to locate individuals to establish paternity; to locate absent parents who owe child support; and to collect support from those parents by reporting information concerning newly hired and rehired employees directly to a centralized State database.

The District will report the hire or rehire of an individual by submitting to the department a copy of the employee's completed and signed United States and internal revenue service form W-4 (employee's withholding allowance certificate). Before submitting the W-4 form, the District will ensure that the W-4 form contains the following information:

1. The employee's name, address, and social security number.
2. The District's name, address, and federal tax identification number.
3. The District's Idaho unemployment insurance account number, which must be designated at the bottom of the form; and
4. The employee's date of hire or rehire, which must be designated at the bottom of the form.

This District will report the hiring or rehiring of any individual to the department within 20 calendar days of the date the employee actually commences employment for wages or remuneration. The report will be deemed submitted on the postmarked date or, if faxed or electronically submitted, on the date received by the Department. A copy of the report will be retained by the District, and the copy will set forth the date on which the report was mailed, faxed, or electronically transmitted.

Should the District choose to file its report electronically, the District will comply with the Department's regulations of such transmissions. Electronically transmitted reports will be filed by two monthly transmissions if necessary, not less than 12 days apart and not more than 16 days apart.

The District is not liable to the employee for the disclosure or subsequent use of the information by the Department or other agencies to which the Department transmits the information.

## **Applicability of Personnel Policies**

**5200**

Except where expressly provided to the contrary, personnel policies apply uniformly to the employed staff of the District. However, where there is a conflict between the terms of a collective bargaining agreement and the District's policy, the law provides that the terms of the collective bargaining agreement shall prevail for the staff covered by that agreement.

When a matter is not specifically provided for in an applicable collective bargaining agreement, the policies of the Board to effectively and efficiently manage the District shall govern.

Classified employees are employed at will and the District policy manual is not intended to express a term of an employment agreement. The provisions of this policy manual do not create a property right which would modify the District's right to terminate the employment relationship of classified employees at will.

## **Work Day**

**5210**

For purposes of this policy, Work Day for certificated employees is defined as the time an employee is expected to be on the school's premises. The Board and Administration recognize that certificated teaching professionals put in hours far in excess of those hours which they are expected to be at the school; however, this excess time is not considered as part of the Work Day for the purposes of this policy.

Workday for classified employees is defined as the length of time of scheduled work for the individual classified employee. No work outside of this time frame is expected, required, or approved.

### **Length of Workday-Certified**

Generally, certificated employees' work day is from 7:30-4:30 during the school year.

#### **Office Hours:**

The office hours for the District Office are 7:30-5:00 M-Th

The office hours for Challis Jr/Sr High School are 7:30-4:30 M-Th during the school year.

The office hours for Challis Elementary School are 7:30-4:30 M-Th during the school year.

The office hours for the Stanley Elementary/Jr. High School are 8:00 – 4:30 M-Th during the school year.

### **Length of Work Day – Classified**

The length of a classified work day is governed by the number of hours for which the employee is assigned. A "full-time" employee shall be considered to be an eight hours per day, 40 hours per week employee. The work day is exclusive of lunch but inclusive of breaks unless otherwise and specifically provided for by the individual contract. The schedule will be established by the supervisor.

The work schedule for all classified employees shall be determined by the supervisors, and where necessary, according to the master school calendar. The basic day, week, month, and year for classified personnel shall be established by the Board of Trustees upon the recommendation of the Superintendent of Schools.

Administrative personnel are expected to work whatever extra hours are necessary to accomplish their duties. They are expected to adhere to established office hours unless prior approval for exceptions has been obtained from the Superintendent of Schools.

The Superintendent of Schools is authorized to change the established hours described here to meet emergency situations.

### **Breaks**

A daily morning and afternoon rest period of fifteen minutes may be available to all fulltime, classified employees. Hourly personnel may take one fifteen-minute rest period for each four hours that are worked in a day. Breaks will normally be taken approximately in mid-morning and mid-afternoon and should be scheduled in accordance with the flow of work and with the approval of the employee's supervisor.

## **Sexual Harassment/Sexual Intimidation in the Workplace**

5240

According to the Equal Employment Opportunity Commission, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, including unwanted touching, verbal comments, sexual name calling, gestures, jokes, profanity, and spreading of sexual rumors.

The District shall do everything in its power to provide employees an employment environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by State and federal law. In addition, Principals and Supervisors are expected to take appropriate steps to make all employees aware of the contents of this policy. A copy of this policy will be given to all employees.

District employees shall not make sexual advances or request sexual favors or engage in any conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
3. Such conduct has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment prohibited by this policy includes verbal or physical conduct. The terms "intimidating", "hostile", or "offensive" include, but are not limited to, conduct which has the effect of humiliation, embarrassment, or discomfort. Sexual harassment will be evaluated in light of all of the circumstances.

Aggrieved persons who feel comfortable doing so, should directly inform the person engaging in sexually harassing conduct or communication, that such conduct or communication is offensive and must stop.

Employees who believe they may have been sexually harassed or intimidated should address the matter as described in Policy 3085 and Procedure 3085p. An individual with a complaint alleging a violation of this policy which does not fall within scope of Policy 3085 and Procedure 3085p shall follow the Uniform Grievance Procedure.

### **Investigation**

If an allegation of sexual harassment is found to not fall within the scope of Policy 3085 and Procedure 3085, but still claims conduct which violates this policy, the designated school officials will take immediate steps to:

1. Protect the grievant from further harassment.
2. Discuss the matter with and obtain a statement from the accused and their representative, if any.
3. Obtain signed statements of witnesses.
4. Prepare a report of the investigation.

### Confidentiality

Due to the damage that could result to the career and reputation of any person accused falsely or in bad faith of sexual harassment, all investigations and hearings surrounding such matters will be designed to the maximum extent possible to protect the privacy of, and minimize suspicion towards, the accused as well as the complainant. Only those persons responsible for investigating and enforcing this policy will have access to confidential communications, unless otherwise required by Policy 3085 or Procedure 3085p. In addition, all persons involved in an allegation which falls within the scope of this policy, and not within the scope of 3085 or 3085p are prohibited from discussing the matter with co-workers and/or other persons not directly involved in resolving the matter.

A violation of this policy may result in discipline, up to and including discharge. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action, up to and including discharge.

## **Certificated Staff Grievances**

5250

It is the Board's desire that administrative procedures for settling certificated staff grievances be an orderly process within which solutions may be pursued. Further, that the procedure provides prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each certificated employee be assured an opportunity for orderly presentation and review of grievances without fear of reprisal.

### **Grievance Definition**

A grievance pursuant to this policy shall be a written allegation of a violation of Board approved District policies or a written allegation of a violation of the Master Agreement between the District and the teachers' association.

### **Grievance Procedure**

The District will first review the collective bargaining agreement for any applicable grievance procedures. If such a provision exists, such procedures shall govern the resolution of certificated staff grievances.

A staff member with a grievance is encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be addressed according to Policy 3085 and Procedure 3085p, and violation of any other protected status should be discussed with the first line administrator that is not involved in the alleged grievance. This attempt at informal resolution is not a required component of the grievance policy but is suggested in an effort to attempt to resolve disputes informally.

If the grievance is not resolved informally, and the grievant wishes to continue to seek to address the grievance, the grievant shall file the written grievance with their immediate building principal. The written grievance shall state:

1. The policy or provision of the Master Agreement the employee believes was violated.
2. The alleged date of violation.
3. The actor involved in the alleged violation.
4. The remedy requested by the employee.

The written grievance must be filed with the immediate building principal within ten working days of the date of the initial event allegedly giving rise to the grievance.

The immediate building principal or designee of the building principal shall meet with the grievant and shall, at the discretion of the principal or designee, conduct whatever additional meetings or investigative activities the principal or designee believes are necessary to address the grievance.

Subsequent to these activities and within a period of ten working days, the principal shall provide the grievant with a written response to the grievance of the certificated employee.

If the grievant is not satisfied with the decision of the principal or designee, the individual shall have a period of five working days to advance the grievance to the Superintendent by submitting a written objection to the decision with the Superintendent.

If the principal or designee does not provide a written response to the grievance at the conclusion of ten working days and no extension of this time period has been agreed to between the grievant and principal or designee, the grievance shall be advanced to the Superintendent without written response of the principal or designee.

Upon receipt by the Superintendent, the Superintendent or designee shall schedule a meeting between the parties and the Principal or supervisor. The parties shall be afforded the opportunity to either dispute or concur with the Principal or supervisor's report. The Superintendent or designee shall, within a period of 15 working days, decide the matter notifying all the parties in writing of the decision. The decision of the Superintendent or designee shall be controlling, regardless of whether it is in agreement or in disagreement with the decision of the principal.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within five days of receiving the Superintendent's decision. The Board is the policy-making body of the District, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within 30 days of that meeting. The decision of the Board will be final.

Grievances will be processed according to the step-by-step process outlined in the Uniform Grievance Procedure 4120, however, in the case where a person designated to hear a grievance is the subject of the grievance, the grievance process will begin at the next highest step and the process shall be modified as needed to meet the objectives of the Grievance Procedure. If a grievance is directly based on official Board action, the grievance shall be directed to the Clerk of the Board. The grievance may be heard by the Board at the sole discretion of the Board.

It is of particular importance that employees within the District become knowledgeable and thoroughly educated as to their legal and ethical responsibilities regarding observation and reporting of suspected child abuse, child abandoned or child neglect. The administration shall review with staff the legal requirements concerning suspected child abuse at the commencement of each year.

"Abuse" is defined in I.C. § 16-1602 of the Idaho Code as any case in which a child has been the victim of conduct or omissions resulting in skin bruising, bleeding, malnutrition, burns, fracture of any bone, subdural hematoma, soft tissue swelling. Abuse is further defined in I.C. 16-1602 to include sexual conduct including rape, molestation, incest, prostitution, obscene or pornographic photographing, filming or depiction for commercial purposes, or other similar forms of sexual exploitation harming or threatening the child's health or welfare, or mental injury to the child. Abuse also includes abandonment or neglect.

"Abandoned" is defined as the failure of the parent to maintain a normal parental relationship with their child including, but not limited to, reasonable support or regular personal contact. Failure to maintain this relationship without just cause for a period of one year is evidence of abandonment. I.C. § 16-1602(2).

"Neglected" means a child:

*Who is without proper parental care and control, or subsistence, education, medical or other care or control necessary for their well-being because of the conduct or omission of their parents, guardian or other custodian or their neglect or refusal to provide them with these items; see I.C. 16-1602(25).*

A District employee who has reasonable cause to suspect that a student may be an abused, abandoned or neglected as defined above or who observes a child being subjected to conditions which would reasonably result in abuse, abandonment or neglect shall report or cause to be reported such a case to local law enforcement or the Department of Health and Welfare within 24 hours.

Employees of the Challis School District shall notify their supervisor immediately of the case. The supervisor shall immediately notify the Superintendent or the Superintendent's designee, who shall in turn report or caused to be reported the case to local law enforcement or the Department of Health and Welfare.

Any person who has reason to believe that a child has been abused, abandoned or neglected and, acting upon that belief, makes a report of abuse, abandonment or neglect as required in Idaho Code 16-1605 is immune from any liability, civil or criminal, that might otherwise be incurred or imposed. Any person who reports a child has been abused, abandoned, or neglected in bad faith or with malice is not entitled to immunity from any civil or criminal liability that might otherwise be incurred or imposed. I.C. 16-1606.

In addition, according to I.C. § 16-1607:

*“Any person who makes a report or allegation of child abuse, abandonment or neglect knowing the same to be false or who reports or alleges the same in bad faith or with malice shall be liable to the party or parties against whom the report was made for the amount of actual damages sustained or statutory damages of \$500, whichever is greater, plus attorney's fees and costs of suit. If the court finds that the defendant acted with malice or oppression, the court may award treble actual damages or treble statutory damages, whichever is greater.”*

Any District employee who fails to report a suspected case of abuse, abandonment or neglect to the Department of Health and Welfare or local law enforcement, or who prevents another person from doing so, may be civilly liable for the damages proximately caused by such failure or prevention, and is guilty of a misdemeanor. The employee will also be subject to disciplinary action up to and including termination.

The content of ongoing professional development for District employees shall include, but is not limited to:

1. School philosophy regarding school climate and student behavior expectations.
2. Definitions of harassment, intimidation, and bullying with specific examples.
3. School prevention strategies or programs including the identification of materials to be distributed annually to students and parents.
4. Expectations and examples of staff intervention to harassment, intimidation, and bullying; and
5. School process for responding to harassment, intimidation, and bullying including the reporting process for students and staff, investigation protocol, the involvement of law enforcement, related student support services, and parental involvement.

### **Student Discipline**

When disciplinary action is necessary for students engaging in harassment, intimidation and bullying, employees shall follow relevant District policies [3330 and 3340].

### **Reporting**

Any District employee who has witnessed, or has reliable information, that a student has been subject to harassment, intimidation or bullying, must report the incident to the designated school official in accordance with District policy and procedure [3295 and 3295P].

Knowingly submitting a false report under this policy shall subject the employee to discipline up to and including termination.

The Superintendent, building principal, and/or their designee shall be responsible for receiving complaints alleging student harassment, intimidation, and bullying and will ensure that documented complaints will be maintained as a confidential file in the District office and reported as required by the State Department of Education.

## **Personal Conduct**

**5270**

Employees are expected to maintain high standards of honesty, integrity and impartiality in the conduct of District business and required to comply and conform to the Idaho law and the Code of Ethics of the Idaho Teaching Profession.

In addition to the conduct enumerated in Idaho law and the Code of Ethics of the Idaho Teaching Profession, an employee should not dispense or utilize any information gained from employment with the District, accept gifts or benefits, or participate in business enterprises or employment which create a conflict of interest with the faithful and impartial discharge of the employee's District duties. A District employee may, prior to acting in a manner which may impinge on any fiduciary duty, disclose the nature of the private interest which creates a conflict. Care should be taken to avoid using, or avoid the appearance of using, official positions and confidential information for personal advantage or gain.

Further, employees should hold confidential all information deemed to be not for public consumption as determined by law and Board policy. Employees shall also respect the confidentiality of people served in the course of the employee's duties and use information gained in a responsible manner. Discretion should be employed even within the school system's own network of communication.

District Employees who are contacted by the media should direct such inquiries to either the individual in question or to the Superintendent, or designee.

Administrators and supervisors may set forth specific rules and regulations governing an employee's conduct on the job within a particular building.

### **Personnel Conflict of Interest**

It is not uncommon for a District to employ people who are related to one another or romantically involved with one another. However, it is inappropriate for one family member or romantic partner to have direct influence over the other's conditions or employment (i.e., salary, hours worked, shifts, evaluation, etc.).

For the purpose of this policy, family member or romantic partners are defined as spouse, domestic partner, daughter, son, parent, grandparent, grandchild, sister, brother, mother-in-law, father-in-law, daughter-in-law, or son-in-law.

In any case, when employees are unsure about a potential conflict, they should fully disclose the circumstances in writing to their supervisor. If one family member or romantic partner has influence over another family member or romantic partner's conditions of employment, the following should occur:

1. In collaboration with the supervisor, the involved employees will be provided 30 days to make a decision regarding a change. Options include, but are not limited to:
  - a. One employee applying to transfer to another area.
  - b. Revising the reporting structure in the department so that one employee no longer has direct influence over the other employee's conditions of employment.
2. If a decision is not reached by the end of the thirty-day period, the department head, or next level of administrator, will resolve the situation.

Nothing in this policy shall require the Superintendent or Board, in the case when the conflict of interest directly relates to the Superintendent, to transfer an employee to a different position in an effort to avoid a conflict of interest if doing so would not be in the best interest of the District.

### Insubordinate Conduct

In the educational setting there are high expectations for employee behavior. This is necessary to ensure effective and efficient operation of the school and to model and reinforce appropriate professional interactions for our students. Accordingly, employees shall treat all administrators, students, and colleagues in an appropriate professional manner.

Employees shall comply with all work-related orders, instructions, and directives issued by a proper authority. Insubordination; manifest disrespect; acts or language which hamper(s) the school's ability to control, manage, or function; displays of unacceptable modeling of rules for students or staff; or any other serious breaches involving improper attitudes or improper action toward persons in positions of authority are just cause for and may result in employee discipline, up to and including possible termination.

Examples of improper conduct include, but are not limited to:

1. Disobeying an appropriate order, instruction or directive of a supervising employee or administrator.
2. Refusing to accept a reasonable and proper work assignment or directive of a supervising employee or administrator.
3. Disputing or ridiculing authority.
4. Exceeding authority.
5. Using vulgar or profane language to a supervising employee or administrator.

## **Adult Sexual Misconduct**

5275

This policy shall apply to all staff, contractors, and volunteers who have contact with students.

For the purposes of this policy, sexual misconduct is defined as any sexual activity directed at a student, regardless of age, with the purpose of developing a romantic or sexual relationship. It includes activities that are:

1. Physical and non-physical.
2. Conducted in person or through other modes of communication.
3. Conducted before, during, or after school.
4. On District property or elsewhere.
5. Legal and illegal.

Illegal sexual misconduct is characterized by sexual contact between an adult and a child under the age of 18 and includes explicit sexual conduct, solicitation of a minor child to participate in a sexual act, sexual exploitation and dissemination of sexual material harmful to minors. Sexual misconduct also includes such inappropriate verbal conduct and inappropriate physical conduct.

Sexual misconduct is prohibited. Staff and volunteers who engage in sexual misconduct shall be subject to disciplinary activity, including termination. They may also be reported to law enforcement and/or the Department of Health and Welfare, as described in Policy 5260.

To avoid the appearance of impropriety, staff should avoid singling students out for personal attention such as frequent hugging or other physical contact, the giving of gifts, frequent compliments directed toward a particular student, overly personal cards, notes, or electronic communications, or teasing that references gender or contains sexual innuendo. Staff should take reasonable measures to avoid being alone with any student unless there is a legitimate, work-related need to be alone with the student. In cases such as before or after school tutoring, teachers may ask another teacher to be present in the classroom, or such tutoring may be conducted in a less private area with other adults present, such as in the school library.

The District recognizes that some student interactions occur outside the classroom. School employees and volunteers should avoid the appearance of impropriety by refraining from the following behavior:

1. Conducting ongoing, private conversations with individual students that are unrelated to school activities or the well-being of the student and take place in locations inaccessible to others.
2. Inviting a student or students for home visits without informing parents.
3. Visiting the homes of students without the knowledge of parents.
4. Inviting students for social contact off school grounds without the permission or knowledge of the parents.
5. Transporting students in personal vehicles without the knowledge of parents or supervisors.

### **Reporting Sexual Misconduct**

Any staff member, contractor, or volunteer who has reasonable cause to believe a staff member, contractor, or volunteer has engaged in misconduct or that any other adult has engaged in sexual misconduct on District property or at a District event shall report the misconduct to their supervisor, who shall notify the Superintendent or the Superintendent's designee. The matter shall be investigated in accordance with Policy

3085 and Procedure 3085p. Investigation of any report of sexual misconduct shall include an investigation of whether the incident constitutes a violation of Title IX. Sexual misconduct not which does not fall within the definition of sexual harassment provided in Procedure 3085p may still result in disciplinary action up to and including dismissal.

The individual with reasonable cause to believe sexual misconduct has occurred shall also report the incident in accordance with Policy 5260, if applicable.

#### False Reports

Making a knowingly false report of sexual misconduct is prohibited and may result in the termination of a staff member or volunteer who makes such a report or in the suspension or expulsion of a student who makes such a false report.

#### Distribution of Policy and Training

This policy shall be posted on the District website and provided to all new employees upon hiring, to all volunteers upon acceptance as volunteers. The employee or volunteer shall sign an acknowledgment, to be retained by the District, indicating that they have received and reviewed a copy of this policy.

The District shall provide training on preventing and reporting sexual misconduct to all staff who have contact with students.

**5290**

The Board recognizes its individual employees' rights of citizenship, including, but not limited to, engaging in political activities. An employee of the District may seek an elective office, or advocate for or against a political candidate or ballot measure, provided that the staff member does not campaign during instructional times or while they are responsible for other duties, or while they are in settings where they are likely to have contact with students; and provided all other legal requirements are met. "Ballot measure" includes, but is not limited to, bond or levy elections.

No person may attempt to coerce, command or require a public employee to support or oppose any political committee, the nomination or election of any person to public office, or the passage of a ballot issue.

The District shall not restrict constitutionally protected political speech of employees during non-instructional times in non-student contact settings, such as during duty-free periods in faculty break rooms and lounges during the school day or during afterschool events. Nothing in this section is intended to restrict the right of a District employee to express their personal constitutionally protected political views.

No District employee may use public facilities, equipment, including, but not limited to, telephones, fax machines, copy machines, computers, e-mail, etc., or supplies, including, but not limited to, paper clips, staples, pens, pencils, paper, envelopes, tape, etc., that are purchased with public funds for election or political campaigns, private or charitable organizations or foundations or ballot issues.

No District employee may work on election, political campaigns, ballot issues or issues dealing with private or charitable organizations or foundations during the work day.

## **Professional Employee Representation for Purposes of Negotiations**

**5295**

In accordance with the applicable provisions of Idaho Code, in order for the District to engage in negotiations with an authorized Local Education Organization, upon Board request, the organization shall be required to demonstrate to the District that it has been duly chosen and selected by fifty 50% plus one of the professional employees of the District, excluding administrative personnel, as their representative organization for negotiations.

### **Commencing Negotiations**

A party interested in commencement of negotiations shall provide the other party notice of such interest, in writing.

If the Board is interested in commencement of negotiations, it shall provide written notification to any representative organization for which membership is known to exist at the District (i.e. local affiliation with IEA, AFT, NWPEA etc.). If the District is not aware of any membership, the District has no obligation to provide notice. However, if the District is aware that a local educational entity has 50% plus one dues paying members, the District need only contact this one organization about a desire to commence negotiations.

If an organization is interested in the commencement of negotiations, a written letter shall be advanced by the organization to the Board's Clerk. An organization interested in the commencement of negotiations need not be a formal organization with any ties to any state or national entity. Such organization may be entirely comprised of a local group of professional employees of the District, with no affiliation to any outside organization.

### **Identification of the Number of Professional Employees Required for Negotiations**

Upon notification of interest in commencing negotiations, whether such is by the District or by an organization, the District shall prepare a list of all professional employees of the District currently on contract, excluding those serving as administrative personnel.

District personnel shall ascertain from this list what number of individuals the organization must represent to obtain Local Education Organization status for the purpose of negotiations pursuant to the 50% plus one statutory requirement.

The District shall notify the organization of the representation number necessary to meet the 50% plus one statutory requirement. This notification shall be in writing or via electronic communication so as to maintain a record of such communication.

If an employee is a partial administrative FTE and a partial teaching FTE and is counted as such on the District's State reporting, the District may include the partial teaching FTE, only to the extent of the percentage of the partial teaching FTE, in the listing and calculation for representative status.

If any question arises as to the number of professional employees required to reach the 50% plus one representative status, a meeting shall be held between a District representative(s) and representation of the organization to review the manner in which the figure was reached.

### **Obtaining Authorizations and Representative Status**

The organization's process for obtaining authorization for representative status for the purposes of negotiations must include the following:

1. Representation authority for the purpose of negotiations must be documented in writing.
2. Representation authority for the purpose of negotiations must be associated with the current or immediate previous school year in question, even if such is contended to be continuing or rolling. The current or immediate previous school year's representation authority status shall be noted on the written authorization from the professional employee.
3. For representation status for the purpose of negotiations, the subject employee need not be a member, dues paying or otherwise, of any official labor organization, association or union.

Both parties shall keep in mind a number of additional considerations from the Code of Ethics for Idaho Professional Educators and the Idaho Right to Work Laws which indicate:

1. Unethical conduct includes willfully interfering with the free participation of colleagues in professional associations.
2. The right to work shall not be subject to undue restraint or coercion.
3. The right to work shall not be infringed or restricted in any way based on membership, affiliation, or financial support of a labor organization or the refusal of the same.
4. No person shall be required, as a condition of employment or continuation of employment:
  - a. To resign or refrain from voluntary membership in, voluntary affiliation with, or voluntary financial support of a labor organization, or
  - b. To become or remain a member of a labor organization, or
  - c. To pay any dues, fees, assessments, or other charges of any kind or amount to a labor organization, or
  - d. To pay to any charity or other third party, in lieu of such payments, any amount equivalent to or a pro-rata portion of dues, fees, assessments, or other charges regularly required of members of a labor organization, or
  - e. To be recommended, approved, referred, or cleared by or through a labor organization.
5. It is unlawful to deduct from the compensation of any employee any fees, assessments, or other charges paid over to a labor organization, unless the employee has first provided the District with a signed written authorization. The employee may revoke the authorization for withholding at any time by giving written notice of such revocation to the District.
6. It is unlawful for any person, by any threatened or actual intimidation or by any damage or threatened damage to the property of an employee/prospective employee or the family of an employee/prospective employee, to compel or attempt to compel an employee to join, affiliate, or financially support a labor organization or to refrain from doing so.
7. It is unlawful to cause or attempt to cause an employee to be denied employment or discharged from employment because of support or nonsupport of a labor organization by inducing or attempting to induce any other person to refuse to work with an employee.

#### Neutral Party Selection

The District shall create a list of three neutral individuals from which one will be selected by the parties to serve as the "Neutral Party", the individual responsible for reviewing and determining if the organization has met the representative status of 50% plus one as required by statute.

This list shall be prepared in writing and all such individuals on the list shall have been contacted to assure their willingness and capability to perform such duties and:

1. Such neutral individual shall not be or have been a former employee with the District and shall not have a spouse, parent, child, or grandchild who is or has been a former employee of the District.
2. Such neutral individual shall not be or have been a former employee or member of any affiliated state organization or fellow local organization affiliated with a state organization associated with the local organization seeking representative status and likewise shall not have a spouse, parent, child, or grandchild who is or has been a former employee or member of the affiliated state organization or a fellow local organization associated with the state organization.
3. Such neutral individual list shall be generated from a review of local current and/or former public officials and public citizens who serve the community. Examples may include but not be limited to: local city council members or employees, local mayor or mayor's office employees, local legislators, employees of the State Department of Education, employees of the State Board of Education, local judges or county clerk's, officials or officers at a local banking institution, etc.

A meeting shall be held between a District representative(s) and representatives of the organization seeking to obtain Local Education Organization status. At such meeting, the written list of neutral individuals will be provided and discussed. If the parties cannot mutually agree to select one of the individuals from the list, the parties shall take alternative turns, each striking one individual from the list to leave a final selection, with the organization seeking to obtain representative status having the first option to strike a name. The final name left after each side has had the chance to strike one will serve as the Neutral Party responsible for determining if the organization has met the representative status of 50% plus one as required by statute.

Subsequent to selection of the neutral party, both the District and organization shall sign written notification of the selection and neither party shall have communications, directly or indirectly, with the neutral party, absent the consent and participation of the other party.

#### Neutral Party Review

Jointly, the District and the organization shall provide the Neutral Party with the following information to ascertain representative status:

1. The District shall provide, in writing, to the Neutral Party, the list of professional employees on contract, excluding administrative personnel, prepared pursuant to step number 2, above.
2. The organization shall provide, in writing, to the Neutral Party, the current or no older than two years written authorization documentation, from each professional employee who has signed such, documenting authority to act as a representative for the purpose of negotiations.
3. The organization is not required to provide the current written authorization documentation to the District or its administration but may choose to do so if it so desires.
4. The District shall provide a copy of this policy as well as a copy of Section 33-1272, Idaho Code.

The neutral party shall then compare the list provided by the District and the current the authorizations from the organization. Any authorizations that are older than two years shall not be counted in the establishment of representative status. Upon completion of the comparison, the neutral party shall prepare a written letter indicating the exact percentage of District Professional Employees, to the second decimal, that have provided written authorization to the organization to serve as a representative for negotiations purposes. This letter shall

be notarized and jointly provided to the District and the organization seeking representation status for the purpose of negotiations.

### Final Steps

If representative status of 50% plus one has been obtained, the parties then may initiate the negotiation process with the now determined Local Education Organization for the purpose of negotiations. If such representative status has not been met due to failure to meet the statutory required levels, negotiations shall not commence.

If no new organization seeks to obtain representative status for the purpose of negotiations and to be deemed the local education organization, in due course the District's Board may establish compensation and benefits and other working conditions as it deems appropriate.

The use of alcohol and illegal drugs, and the misuse of prescription drugs is unacceptable. All District workplaces are hereby declared to be drug- and alcohol-free workplaces.

All employees are prohibited from:

1. Unlawful manufacture, dispensing, distributing, possessing, being under the influence of a controlled substance, or using illegal drugs or drug paraphernalia, while on District premises, while performing work for the District, or in attendance at District-approved or school-related functions.
2. Distributing, manufacturing, selling, consuming, using, possessing, or being under any degree of intoxication or odor from alcohol while on District premises, while performing work for the District or at attendance at school-approved or school-related functions.
3. Taking prescription drugs above the level recommended by the prescribing physician and using prescribed drugs for purposes other than those for which they are intended. In addition, employees will not distribute a prescribed drug to another employee or student.

As a condition of employment, each employee shall:

1. Abide by the terms of District policy respecting a drug and alcohol-free workplace; and
2. Notify the Superintendent of their conviction under any criminal drug statute including but not limited to the use of controlled substances, alcohol, prescription, or over-the-counter drugs for a violation occurring on the District premises or while performing work for the District, no later than five days after such a conviction.

### **Definitions Used in This Policy**

“Illegal use of drugs” means the use of drugs, the possession or distribution of which is unlawful. Such term does not include the use of a drug taken under the supervision by licensed health care professional.

“Drug” or “Illegal drug” means a controlled substance as defined in Schedules I through V of Section 202 of the Controlled Substances Act found in Chapter 27, Title 37 of Idaho Code.

“Conviction” means a finding of guilt, including a plea of no-contest, or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

“Criminal Drug Law” means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, possession or use of any controlled substance.

“Controlled Substance” means any drug or substance that is:

1. Not legally obtainable.

2. Being used in a manner different than prescribed.
3. Legally obtainable, but has not been legally obtained.
4. Referenced in Federal or State controlled substance acts.

“Substance Abuse” is the misuse of illicit use of alcohol, drugs, or controlled substances, including but not limited to marijuana, heroin, or cocaine.

#### Confidentiality

Records that pertain to the District’s employee required substance screens are recognized to be private and sensitive records. They shall be maintained by the Superintendent or designee in a secure fashion to ensure confidentiality and privacy and be disclosed only to the extent necessary to address any work-related safety risks occasioned by either the drug or alcohol use. Medical records, and information relating directly thereto, shall be maintained in accordance with provision of Idaho law and used with the highest regard for employee privacy consistent with law and purpose of achieving and maintaining a drug free workplace. All personnel records and information regarding referral, evaluation, substance screen results, and treatment shall be maintained in a confidential manner and no entries concerning such shall be placed in an employee’s personnel file.

#### Pre-Employment Testing

Applicants being considered for employment positions shall be required to submit to a urinalysis test for the detection of the illegal use of drugs. Applicants shall be given a copy of this policy in advance of employment. Applicants must acknowledge having read or had this policy explained to them and should understand that as a condition of employment they are subject to its contents. Applicants shall sign an acknowledgment prior to substance screening, permitting the summary results to be transmitted to the Superintendent or his designee.

An Applicant refusing to complete any part of the drug testing procedure shall not be considered a valid candidate for employment with the District, and such will be considered as a withdrawal of the individual’s application for employment. If substance screening shows a confirmed positive result for which there is no current physician’s prescription, a second confirming test may be requested by the Superintendent or designee. If the first or any requested second confirming test is positive, any job offer shall be revoked.

#### Physical Examination/Screening Based Upon Reasonable Suspicion

Whenever the Board, through its authorized designee, and/or the Superintendent, reasonable suspects that an employee’s work performance or on-the-job behavior may have been affected in any way by illegal drugs or alcohol or that an employee has otherwise violated the District’s Drug and Alcohol-Free Workplace Substance Abuse policy, the employee may be required to submit a breath, saliva, urine, hair and or blood sample for drug and alcohol testing. When a supervisor observes or is notified of behaviors or events that lead the supervisor to believe that the employee is in violation of the Drug and Alcohol-Free Workplace Substance Abuse policy, the supervisor shall notify the Superintendent.

An employee who is required to submit to drug/alcohol testing based upon reasonable suspicion and refuses shall be charged with insubordination and necessary procedures will be taken to terminate the employee in accordance with Board policy and State law.

An employee who tests positive on reasonable suspicion test will be in violation of this policy. Violation of this policy shall constitute grounds for termination in accordance with Board policy and State law.

The District's authorized designee, or the Superintendent are the only individuals in the District authorized to make the determination that reasonable suspicion or cause exists to order a drug screen and are the only individuals who may order an employee to submit to a drug screen.

Two types of cases for which reasonable suspicion procedures may be invoked are:

1. Chronic Case-Deteriorating job performance or changes in personal traits characteristics where the use of alcohol or drugs may be reasonably suspected as the cause.
2. Acute Case-Appearing to be under the present influence of alcohol and/or drugs or investigation of an accident where the use of alcohol or drugs is reasonably suspected to be a contributing cause in a specific incident or observation.

Circumstances under which substance screening may be considered, in either the chronic or acute cases, included, but are not limited to the following:

1. Observed use, possession, or sale of illegal drugs and/or use, possession, sale or abuse of alcohol and/or the illegal use or sale of prescription drugs.
2. Apparent physical state of impairment of motor functions.
3. Marked changes in personal behavior not attributable to other factors.
4. Employee involvement in or contribution to an accident where the use of alcohol or drugs is reasonably suspected or employee involvement in a pattern of repetitive accidents, whether or not they involve actual or potential injury.
5. Violations of criminal drug law statutes involving the use of illegal drugs, alcohol, or prescription drugs and or violations of drug statutes.

The circumstances under which substance screening may be considered, as outlined above, are strictly limited in time and place to employee conduct on duty or during work hours, or on or in District property, or at school District-approved or school-related functions.

#### Post-Accident Testing

Drivers while on school business or operating a school vehicle involved in a motor vehicle accident which involves either a fatality or the issuance of a citation for moving violation to the District employee shall be tested for alcohol misuse and controlled substance abuse.

The driver will contact the District at the time of the accident unless they are physically impaired as a result of the accident. The District will contact the testing lab. The testing lab will specify where the alcohol and/or controlled substance testing is to be completed.

If a driver is not able to produce enough breath to test for alcohol using a state approved breath analyzer, a blood test may be done for alcohol.

Law enforcement officials may require a driver involved in an accident to submit to tests administered as part of their jurisdiction. For purposes of this policy, only the test results provided by the District testing laboratory will be accepted.

Failure of an employee to submit to testing for either alcohol and/or controlled substance will be considered a positive test and will be determined as cause for disciplinary action.

Testing for alcohol must be done within eight hours of the time of the accident. Testing for controlled substances must be done within 32 hours of the time of the accident.

The driver subject to post-accident testing must refrain from consuming alcohol for either eight hours following the accident or until they submit to an alcohol test, whichever comes first. Failure to do so will constitute a positive test result and will be determined as cause for disciplinary action.

#### Opportunity to Contest or Explain Results

Employees or job applicants who have a positive confirmed test result may explain or contest the result to the Superintendent or his designee within five working days after the Superintendent or designee contacts the employee or job applicant and shows them the positive test result as it was received from the laboratory in writing.

#### Return to Duty Testing

An employee who has been given the opportunity to undergo rehabilitation for drugs or alcohol shall, as a condition of returning to duty, be required to agree to a reasonable follow-up testing established by the Superintendent or designee. The extent and duration of the follow-up testing will depend upon the safety or security nature of the employee's position and the nature and extent of the employee's substance abuse problem. The Superintendent or designee is to review the conditions of continued employment with the employee prior to the employee's returning to work. Any such condition for continued employment shall be given to the employee in writing. This agreement must be signed by the employee before the employee is allowed to return to the job. Prior to employee coming back on the job, the employee must complete a drug and/or alcohol test which shows negative results.

The Superintendent or designee may consult with the employee's rehabilitation program in determining an appropriate follow-up testing program, including the frequency of any substance screening contained in a follow-up testing program. In no instance shall such screening be ordered by the Superintendent or his designee more than one time within a 72-hour period. In the event of positive test results, the Superintendent or designee will work out disciplinary procedures, if any, in accordance with Board policy and State law.

Any employee subject to return to duty testing that has a confirmed positive drug test shall be in violation of this policy. Violation of this policy shall constitute grounds for immediate termination in accordance with Board policy and State law.

#### Inspections

Employees may be assigned District owned offices, vehicles, lockers, desks, cabinets, etc. for the mutual convenience of the District and personnel. Employees have no expectation of privacy in any of these locations or any personal belongings which they may place in such areas.

Whenever the Board reasonably suspects that an employee's work performance or on- the-job behavior may be been affected in any way by alcohol or drugs or that an employee has sold, purchased, used or possessed alcohol, drugs or drug paraphernalia on District premises, the Board may search the employee, the employee's locker, desk, or other District property under the control of the employee.

Inspections under this policy are limited to investigations into work related misconduct and offenses. Any searches for law enforcement purposes must comply with all applicable State laws.

### District Action Upon Violation of Policy

Employees in violation of the provisions of this policy shall be subject to disciplinary action up to and including termination. Alternatively, the Board may require an employee to successfully complete an appropriate drug or alcohol abuse, employee- assistance rehabilitation program. The fact that an employee has been referred for assistance and their willingness or ability to rehabilitate are appropriate considerations as to what, if any, disciplinary action may be taken.

Should District employees be engaged in the performance of work under federal contract or grant, or under a State contract or grant of \$5,000 or more, the Superintendent or designee shall notify the appropriate State or federal Agency from which the District receives the contract or grant moneys of the employees' conviction within ten days after receiving notice of the conviction.

In determining whether and to what extent an employee will be disciplined or discharged in regard to violating this policy, the Board will consider the following factors: the degree to which the nature of the criminal offense reduces the District's ability to maintain a safe working environment; the degree to which the nature of the criminal offense unreasonably endangers the safety of other employees and/or students; the degree to which the conviction unreasonably undermines the public confidence in the District's operations; the nature of the criminal offense; the nature of the employee's job with the District; the existence of any explanatory or mitigating facts or circumstances; whether the employee promptly reports the conviction; and any other facts relevant to the employee, including but not limited to years of service and record of performance with the District.

An employee can be discharged for work-related misconduct as provide in I.C 72-1366, for the following reasons:

1. A confirmed positive drug and/or alcohol test with a result of not less than .02 BAC;
2. The employee refusing to provide a sample for testing purposes;
3. The employee altering or attempting to alter a test sample by adding a foreign substance; or
4. The employee submitting a sample that is not their own.

Within 30 days after receiving notice of a conviction, the District will take appropriate disciplinary action and/or refer the employee to an appropriate substance abuse rehabilitation program.

**5320P**

### **Drug and Alcohol Abuse Testing Program**

**Purpose:** The purpose of this procedure is to establish guidelines to be followed in the drug/alcohol testing of applicants for positions with the District as well as current District employees.

**Program Responsibility:** The Superintendent or designee has the overall responsibility for this program and will be responsible for reviewing the results of drug tests; reviewing and interpreting each confirmed positive test to determine if there is an alternative medical explanation for the positive result conducting an interview with the individual testing positive to determine if the positive result was caused by legally prescribed medication; requiring a retest of the original specimen if the Superintendent or designee deems it necessary; and verifying that the laboratory report and the specimen are correct.

If the Superintendent or designee determines that there is a legitimate medical explanation for the positive test other than the use of a prohibited drug the Superintendent or designee will conclude that the test is negative and will not take any further action.

Any employee or prospective employee who has a positive test result may request that the same sample be retested by a laboratory mutually agreed upon by the employee and the District.

**Designation of Laboratory:** Quest has been selected to perform the testing on specimens submitted. Quest will be responsible for performing the required drug test. Quest will also be responsible for properly handling specimens for alcohol testing. Quest is a certified lab approved for drug testing. A breath analysis test will be performed by a certified Breath Alcohol Technician.

**Collection Site:** Challis Area Health Center is the designated collection site for collecting urine specimens.

**Authorization for Testing:** When the person reports to the collection site, the drug and or alcohol screening procedure will be explained, and the person will be asked to assist in completing any necessary forms. All person's subject to testing for any reason shall be asked to sign necessary authorization forms which will allow the test to be performed and for the information to be provided to the Superintendent about the required drug and or alcohol test.

**Refusal to Test:** The following constitutes refusal to test:

1. Refusing to sign and of the following forms:
  - a. Statement that a copy of alcohol and drug testing procedure and policy has been given and explained.
  - b. Agreement to be tested according to the alcohol and drug testing procedures and policy.

The following constitutes alcohol testing refusals:

1. Refusal by any employee to complete and sign the breath alcohol testing form.
2. Failure to provide adequate breath without a valid medical explanation in writing.
3. Failure of employee to remain readily available for testing for eight hours following an accident that requires testing.

The following constitutes drug testing refusals:

1. Failure to provide a urine sample within four hours without a valid medical explanation in writing.
2. Conduct that clearly obstructs testing procedures.
3. Failure of employee to remain readily available for testing for 32 hours following an accident requiring testing.

**Notification and Administrative Processing of Positive Results:** All analytical results, negative and positive, will be reported by the laboratory to the Superintendent or designee within an average of five days after receiving the specimens. The Superintendent or his designee will interview the person to determine if there is any satisfactory explanation for the positive result. The Superintendent or designee may conduct an additional medical interview with the individual and may require the original specimen to be reanalyzed if necessary.

**Record Retention:** Confidentiality records of drug test results are recognized to be private and sensitive records, which will be maintained in a secure fashion to ensure confidentiality. Records showing an employee passed a drug test will be kept for at least one year. Records showing that an employee failed a drug test, the type of test (e.g. reasonable suspicion), the illegal drug(s) used by the employee, and the disposition of each employee will be kept for at least five years. These records, or any of them, may be maintained by the Superintendent or designee's discretion for an indefinite period of time beyond the above specified minimums.

Information regarding an individual's drug testing results is confidential and will be released by the Superintendent or designee only upon the written consent of the individual, except that results may be released and relied upon by the District in any administrative or court action involving the employee involving the drug test or any discipline resulting from a violation of this policy, including employment and court proceedings.

**Collections of Specimens:** At least 30 ml of urine will be required to complete the test, or the test will be rejected and must be re-performed. The designated collection site shall have an enclosure within which private urination can occur, a toilet for completion of urination, and a source of water for washing hands. Procedures for collecting urine specimens shall allow individual privacy unless there is reason to believe that a particular individual may alter or substitute the specimen. Examples of reasonable cause to believe a specimen will be altered or substituted include: the presentation of a urine specimen that falls outside the normal temperature range (90.0 deg. F-100.0 deg F) and presentation of a specimen with a specific gravity of less than 1.0003.

**Changes to procedures:** This procedure may be amended from time to time to facilitate changes in the District's Drug Free Workplace/Substance Abuse Policy as necessary.

#### Drug and Alcohol Abuse Testing Procedures for Job Applicants

All applicants will be furnished a copy of the Drug Free Workplace Substance Abuse Policy of the drug testing and alcohol testing and will have the screening procedure explained to them.

Applicants will be asked to sign an authorization for the tests which will release the Superintendent or designee to disclose the results of the drug and alcohol test. In the event an applicant refuses to execute the appropriate authorization or to submit to the drug and alcohol tests, the Superintendent or designee will suspend the procedure at that point.

The Superintendent or designee will review the analytical results of the drug and alcohol tests, and interview the applicant, either by phone or in person, to determine whether there is any satisfactory explanation for a positive result.

The Superintendent or designee may require the original specimen to be reanalyzed if necessary.

The Superintendent or designee will advise the applicant that they have tested positive and if requested will allow the applicant a reasonable period, not to exceed three days, to provide additional medical evidence of a proper prescription for the drug(s) which caused the positive test. Nothing herein shall be construed as requiring the Superintendent or designee to disclose to the applicant the drug(s) for which the applicant tested positive. Rather, it is the duty of the applicant to disclose to the Superintendent or designee and, upon request, to provide the Superintendent or designee with evidence of all drugs taken by prescription.

#### Drug and Alcohol Testing of Current Employees Reasonably Suspected of Drug or Alcohol Abuse

Once the determination has been made that an employee is to be tested based upon reasonable suspicion the Superintendent or designee should then transport the employee to the collection site or make other appropriate arrangements for transportation. The collection site personnel should be notified that the reason for testing is reasonable suspicion.

Upon arriving at the collection site, the employee will be asked to sign a release for testing and to assist in completing the necessary forms for testing. After the employee has signed the necessary releases for testing, then the standard procedures for drug and alcohol testing should be followed by the collection site personnel.

Once the procedure has been completed, the employee should be transported back to the Superintendent's office where the employee will be placed on administrative leave with pay until the results of the tests are available.

If the employee refuses to sign the release or refuses to be tested by Challis Area Health Center, the employee should be advised that refusal under Board Policy is insubordination. If the employee continues to refuse, the employee should be transported back to the Superintendent's office. The Superintendent will place the employee on administrative leave with pay with instruction to call their office before the normal reporting time for that employee on the following workday.

If the Superintendent or designee feels the employee is in no condition to operate a vehicle, then the employee should be transported home. Under no circumstances should the employee be allowed to drive. If the employee insists, the Superintendent or designee should tell the employee that if they get in a vehicle to drive that they will call the police or the Sheriff's Department and give them the location and license plate number etc.

In the event of positive test results the Superintendent or designee will review other records of the employee and work out proper disciplinary procedure, if any, in accordance with Board policy and State law.

Once the employee has been scheduled for testing, if the employee refuses to be tested, the employee will be considered insubordinate and subject to disciplinary procedures. If an employee has been notified to go for testing and fails to show up for the test, this will be considered the same as refusal to test, unless a medical emergency or accident prevents the employee from testing, in which case credible documentation will be required that substantiates the reason for being absent from the testing. If in the sole discretion of the

Superintendent, the employee is allowed to be tested at a later date, the above procedure will be repeated. In no case will an employee be allowed more than one opportunity to be rescheduled for testing.

Employees who refuse to be tested or who do not appear for testing and do not have a documented credible reason for being absent from the testing time will be subject to disciplinary procedures, and will cease to be considered a viable candidate for the current position and or any future position openings in this classification until the employee has signed a release for drug testing at the time of submitting any future applications for this classification. The collection site personnel should notify the Superintendent in the event an employee refuses to test or does not show for testing. In the event of positive test results, the Superintendent will then review other records of the employee and work out proper disciplinary procedures, if any, in accordance with Board Policy and State law.

## **Employee Use of Social Media Sites, Including Personal Sites**

**5325**

Because of the unique nature of social media sites, such as Facebook and Twitter, and because of the District's desire to protect its interest with regard to its electronic records, the following rules have been established to address social media site usage by all employees:

### **Protect Confidential and Proprietary Information**

Employees shall not post confidential or proprietary information about the District, its employees, students, agents, or others. The employee shall adhere to all applicable privacy and confidentiality policies adopted by the District or as provided by State or federal law.

### **Do Not Use District Name, Logos, or Images**

Employees shall not use the District logos, images, iconography, etc. on personal social media sites. Nor shall employees use the District name to promote a product, cause or political party, or political candidate. Nor shall employees use personal images of students, or names or data relating to students, absent written authority of the parent of a minor or authority of an adult or emancipated student.

### **Respect District Time and Property**

### **Limited Use of Social Media on District Equipment Permitted**

Employees will use e-mail and social media for personal purposes only during non-work times, such as during lunch or before or after school. Employees are prohibited from downloading the TikTok app or visiting the TikTok website on any district device or using internet access provided by the district. Any use of permissible social media sites must occur during times and places that the use will not interfere with job duties, negatively impact job performance, or otherwise be disruptive to the school environment or its operation.

### **On Personal Sites**

If you identify yourself as a District employee online, it should be clear that the views expressed, posted, or published are personal views, not necessarily those of the District, its Board, employees, or agents.

Opinions expressed by staff on a social networking website have the potential to be disseminated far beyond the speaker's desire or intention and could undermine the public perception of fitness of the individual to educate students, and thus undermine teaching effectiveness. In this way, the effect of the expression and publication of such opinions could potentially lead to disciplinary action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment.

### **Keep Personal and Professional Accounts Separate**

Staff members who decide to engage in professional social media activities will maintain separate professional and personal email addresses. Staff members will not use their District email address for personal social media activities. Use of District email for this purpose is prohibited and will be considered a violation of District policy that may result in disciplinary action.

### Contact with Students

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Pursuant to the Code of Ethics for Idaho Professional Educators, individuals shall maintain a professional relationship with all students, both inside and outside of the classroom. Excessive informal and/or social involvement with students is therefore prohibited. This includes:

1. Listing current students as “friends” on networking sites wherein personal information is shared or available for review which results in the certificated professional employee not maintaining the Code of Ethics requiring professional relationships with students both inside and outside the classroom.
2. Contacting students through electronic means other than the District’s email and telephone system.
3. Coaches electronically contacting a team member or members without including all team members in the communication.
4. Giving private cell phone or home phone numbers to students without prior approval of the District.
5. Inappropriate contact of any kind including via electronic media.

Nothing in this policy prohibits District staff and students from the use of education websites and/or use of social networking websites created for curricular, co-curricular, or extracurricular purposes where the professional relationship is maintained with the student.

Failure to maintain a professional relationship with students, both inside and outside of a classroom setting, including interaction via social networking websites of any nature, e-mailing, texting, or any other electronic methods will result in the required reporting of such conduct to the Professional Standards Commission by the District’s Administration.

### Rules Concerning District-Sponsored Social Media Activity

If an employee wishes to use social media sites to communicate meetings, activities, games, responsibilities, announcements etc., for a school-based club or a school-based activity or an official school-based organization, the employee must also comply with the following rules:

1. The employee must set up the club, activity, etc. as a group list which will be “closed and moderated.”
2. The employee must set up mechanisms for delivering information to students that are not members of the group via non-electronic means.
3. Members will not be established as “friends” but as members of the group list.
4. Anyone who has access to the communications conveyed through the site may only gain access by the permission of the employee. Persons desiring to access the page may join only after the employee invites them and allows them to join.
5. Parents shall be permitted to access any site that their child has been invited to join and at least one parent or guardian of each student who is a group member must also be a member of the group. Parents shall report any communications they believe to be inappropriate by students or school personnel to District Administration.
6. Access to the site may only be permitted for educational purposes related to the club, activity, organization, or team.
7. The employee responsible for the site will monitor it regularly.

8. The employee's supervisor shall be permitted access to any site established by the employee for a school-related purpose.
9. Employees are required to maintain appropriate professional boundaries in the establishment and maintenance of all such District-sponsored social media activity. This includes maintaining a separation between the school activity pages and employees' personal social media profiles and pages.
10. Postings made to the site must comply with the District's Policy 5335 Employee Use of Electronic Communication Devices.
11. Building administrator should have administrative rights to the site.
12. The Superintendent or building administrator, reserves the right to shut down or discontinue the group if they believes it is in the best overall interest of the students.

## **Recommended Practices for Use of Social Media Sites, Including Personal Sites**

**5325P**

### **Think Before Posting**

Privacy does not exist in the world of social media; therefore, the District recommends that employees consider what could happen if a post becomes widely known or how that may reflect on the poster, the District, or its patrons. Search engines can turn up posts years after they are created, and comments can be easily forwarded or copied. If you would not say it at a Board Meeting or to a member of the media or a colleague, consider the propriety of posting it online.

### **Be Respectful**

Posts should be considered carefully in light of how they would reflect on the poster, colleagues, the District, and its students, patrons, and employees.

### **Remember Your Audience**

Be aware that a presence in the social media world is or easily can be made available to the public at large. This includes students, fellow employees, and peers. Consider this before publishing to ensure the post will not unnecessarily alienate, harm, or provoke any of these groups.

### **Contact with Students**

Pursuant to the Code of Ethics for Idaho Professional Educators, individuals shall maintain a professional relationship with all students, both inside and outside of the classroom. In order to avoid the appearance of partiality or impropriety, all electronic communications with students should be through the official District e-mail or your work phone. Do not list current students as friends on social media sites, do not give students your personal e-mail address or phone number, and do not text students.

### **Keep Personal and Professional Use Separate**

Staff members who decide to engage in personal social media activities will maintain separate professional and personal email addresses. Staff members will not use their District email address for personal social media activities. Such uses will be considered a violation of District policy and may result in disciplinary action. The District reserves the right to monitor communications transmitted and received through the District network. This may include social media messages and updates sent to a District e-mail account.

### **District Social Media Sites**

**Notify the District:** Employees that have or would like to start a school social media page should contact their Superintendent or designee. All District pages must have an appointed employee who is responsible for content. Districts should outline the duties of the employee responsible for the site, including how often the site must be checked for comments and who is allowed to post to the site. Superintendents should be aware of the content on the site, arrange for periodic monitoring of the site, and for the receipt and addressing of any complaints about the content on the site. The Superintendent reserves the right to shut down or discontinue the site if they believe it is in the best overall interest of the students.

**Have a Plan:** Districts should consider their messages, audiences, and goals as well as their strategy for keeping information on social media sites up to date, accurate, and in the best interest of the students.

**Protect the District Voice:** Posts on District affiliated social media sites should protect the District's voice by remaining professional in tone and in good taste. Carefully consider the naming of pages or accounts, the selecting of pictures or icons, compliance with District policy and State and federal laws with regard to student and employee confidentiality and the determination of content.

## **Employee E-mail and On-Line Services Usage**

**5330**

Internet access and interconnected computer systems may be available to the District's faculty. Electronic networks, including the internet, are a part of the District's instructional program in order to promote educational excellence by facilitating resource sharing, innovation, and communication.

Staff may, consistent with the computer use policies of the district and the District's educational goals, use the approved internet sites throughout the curriculum.

The District e-mail and internet systems are provided for educational purposes only. The District's electronic network is part of the curriculum and is not a public forum for general use.

### **Uses**

Use for other informal or personal purposes is permissible within reasonable limits provided it does not interfere with work duties and complies with District policy. All e-mail and internet records are considered District records and should be transmitted only to individuals who have a need to receive them and only relating to education purposes.

Staff has no expectation of privacy in any materials that are stored, transmitted, or received via the District's electronic network or District computers. The District reserves the right to access, monitor, inspect, copy, review, and store, at any time and without prior notice, any and all usage of the computer network and internet access and any and all information transmitted or received in connection with such usage, including email and instant messages.

### **Unacceptable Uses of Network**

The following are considered examples of unacceptable uses and constitute a violation of this policy. Additional unacceptable uses can occur other than those specifically listed or enumerated herein:

1. Uses that violate the law or encourage others to violate the law including local, State, or federal law; accessing information pertaining to the manufacture of weapons; intruding into the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials.
2. ### Records

District records, including e-mail/internet records may be subject to public records requests, disclosure to law enforcement or government officials, or to other third parties through subpoena or other processes. The Superintendent or their designee may review any and all e-mail of any employee, at any time, with or without cause. Consequently, employees should always ensure that all information contained in e-mail/internet messages is accurate, appropriate, and lawful. When sending student records or other confidential information by email, staff shall be aware of the security risks involved and shall take all steps to reduce such risks.

When communicating with students and parents by email, employees should use their District email rather than a personal email account. Email/internet messages by employees may not necessarily reflect the views of the District. Abuse of the email or internet systems, through excessive and/or inappropriate personal use, or use in violation of the law or District policies, will result in disciplinary action, up to and including termination of employment.

### Privacy

While the District does not intend to regularly review employees' email/internet records, employees have no right or expectation of privacy in their use of email or the internet, via devices or internet access provided by the district, and the District may review any and all email of any employee, at any time, with or without cause. Depending upon content, email and internet communications may potentially be disclosed to any member of the public through a public records request.

### Internet Access Conduct Agreements

### Warranties/Indemnification

The District makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its computer networks and the internet provided under this policy. The District is not responsible for any information that may be lost, damaged, or unavailable when using the network, or for any information that is retrieved or transmitted via the internet. The District will not be responsible for any unauthorized charges or fees resulting from access to the internet, and any user is fully responsible to the District and shall indemnify and hold the District, its Trustees, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user's access to its computer network and the internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user.

### Violations

If any staff member violates this policy, they may be subject to disciplinary action. The system administrator and/or the building principal will make all decisions regarding whether or not a user has violated this policy and any related rules or regulations. Actions which violate local, State, or federal law may be referred to the local law enforcement agency.

## **Employee Use of Electronic Communications Devices**

5335

The Board recognizes that employees may carry electronic communications devices either District-issued or personally owned and hereby adopts this policy.

### **District-Issued Communications Devices**

Communication devices issued by the District may include, for example, cellular telephones, walkie-talkies, laptop computers and citizens band radios, either installed in vehicles or hand-held.

Employees in receipt of District-issued equipment shall be held responsible for the safekeeping of the equipment and exercise reasonable efforts to see that the equipment is not lost, stolen, or damaged. Reckless or irresponsible use of District equipment, resulting in loss or damage may result in the employee having to reimburse the District for any associated costs of replacement or repair.

Any such devices issued shall be with the expectation that they are to be used, almost exclusively, for District-related business purposes and are not intended for personal use except in emergencies involving employee health or safety.

Staff members shall refrain from downloading the TikTok app onto any District issued device. If TikTok has already been downloaded onto a device issued to a staff member, they shall delete the app or seek assistance from district technology personnel in deleting it. The District shall take measures to prevent the downloading of TikTok or accessing the TikTok website onto any District devices or via the District's electronic network.

District-issued equipment shall be used in a manner that does not disrupt instruction or other work-related activities unless there is a reason of personal health or safety involved.

Any District-issued equipment is to be surrendered back to the District immediately upon request.

### **Personally, Owned Communications Devices**

Employees may carry and use personally owned electronic communication devices during the school day on school property.

Personally, owned hand-held citizens band radios, portable police scanners, and long or short-range walkie-talkies should not be used or carried by employees on school property during the school day unless by specific permission of their immediate supervisor based on a personal health or safety need.

Personal electronic communications devices should not be used during the employee's normal duty times to send/receive messages of a personal nature, but such use is allowable during normal break times, lunch times, and preparation times.

Use of personal electronic communication devices should be curtailed during instructional time or at school-sponsored programs, meetings, in-services, parent/guardian conferences, or any other time when there would be a reasonable expectation of quiet attentiveness.

Any employee violating the above rules may be subject to disciplinary action.

## **Evaluation of Certificated Personnel**

**5340**

The District has a firm commitment to performance evaluation of District personnel, whatever their category and level, through the medium of a formalized system. The primary purpose of such evaluation is to assist personnel in professional development and in achieving District goals. This policy applies to certificated personnel, both pupil instructional personnel and non-instructional personnel. The Superintendent is hereby directed to create procedures that differentiate between certificated non-instructional and certificated pupil instructional personnel in a way that aligns with the *Charlotte Danielson Framework for Teaching Second Edition* to the extent possible and aligns to the pupil service staff's applicable national standards.

Each certificated staff member shall receive at least one written evaluation to be completed by no later than June 1 for each annual contract year of employment and shall use multiple measures that are research based and aligned to the *Charlotte Danielson Framework for Teaching Second Edition*. The evaluation of certificated personnel shall annually include a minimum of two documented observations, one of which shall be completed prior to January 1<sup>st</sup>. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

### **Objectives**

The formal performance evaluation system is designed to:

1. Maintain or improve each employee's job satisfaction and morale by letting them know that the supervisor is interested in their job progress and personal development.
2. Serve as a systematic guide for supervisors in planning each employee's further training.
3. Assure considered opinion of an employee's performance and focus maximum attention on achievement of assigned duties.
4. Assist in determining and recording special talents, skills, and capabilities that might otherwise not be noticed or recognized.
5. Assist in planning personnel moves and placements that will best utilize each employee's capabilities and to align to District goals.
6. Provide an opportunity for each employee to discuss job problems and interests with their supervisor.
7. Assemble substantiating data for use as a guide, although not necessarily the sole governing factor, for such purposes as wage adjustments, promotions, disciplinary action, and termination.

### **Responsibility**

The Superintendent, or the Superintendent's designee, shall have the overall responsibility for the administration and monitoring of the performance evaluation system and will ensure the fairness and efficiency of its execution, including:

1. Distributing proper forms in a timely manner.
2. Ensuring completed forms are returned for filing by a specified date.
3. Reviewing forms for completeness.
4. Identifying discrepancies.
5. Ensuring proper safeguard and filing of completed forms.

6. Creating and implementing a plan for ongoing training for evaluators and certificated personnel on the District's evaluation standards, forms, process and a plan for collecting and using data gathered from evaluations.
7. Creating a plan for ongoing review of the District's performance evaluation system that includes stakeholder input from teachers, Board members, administrators, parents/guardians, and other interested parties.
8. Creating a procedure for remediation for employees that receive evaluations indicating that remediation would be an appropriate course of action.
9. Creating an individualized evaluation rating system for how evaluations will be used to identify proficiency and record growth over time with a minimum of four rankings used to differentiate performance of certificate holders including: unsatisfactory being equal to a rating of 1; basic being equal to a rating of 2; proficient being equal to a rating of 3 and distinguished being equal to a rating of 4.

The Immediate Supervisor is the employee's evaluator and has the responsibility for:

1. Continuously observing and evaluating an employee's job performance including a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1<sup>st</sup> of each year;
2. Holding periodic counseling sessions with each employee to discuss job performance.
3. Completing Performance Evaluation Forms as required.
4. Completing training on the District's Performance Evaluation Program.

#### Written Evaluation

A written evaluation form will be completed for each certificated employee by June 1<sup>st</sup>. A copy will be given to the employee. The record of the evaluations will be kept in the employee's personnel file. The evaluation should be reviewed annually and used to assist in the development of annual goals and objectives. The evaluation is designed to increase planning and relate performance to assigned responsibilities through joint understanding between the evaluator and the employee as to the job description and major performance objectives.

The written evaluation will identify the sources of data used in conducting the evaluation. Aggregate data shall be considered as part of the District and individual school needs assessment in determining professional development offerings.

#### Evaluation Measures

**Observations:** Periodic classroom observations will be included in the evaluation process with a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1<sup>st</sup>. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

**Professional Practice:** A majority of the evaluation of certificated personnel will be comprised of Professional Practice based on the *Charlotte Danielson Framework for Teaching Second Edition*. The evaluation will include at least one of the following as a measure to inform the Professional Practice portion: input received from parents/guardians, input received from students, and/or

portfolios. The Board shall determine the manner and weight of parental input, student input, and/or portfolios on the evaluation.

**Student Achievement:** Instructional staff evaluation ratings must, in part, be based on measurable student achievement as defined in Section 33-1001, Idaho Code, applicable to the subjects and grade ranges taught by the instructional staff. All other certificated staff evaluations must include measurable student achievement or student success indicators as applicable to the position. This portion of the evaluation may be calculated using current and/or the immediate past year's data and may use one or both years of data.

**Charlotte Danielson Framework:** The evaluation will be aligned with minimum State standards and based upon the *Charlotte Danielson Framework for Teaching Second Edition* and will include, at a minimum, the following general criteria upon which the Professional Practice portion will be based.

Individuals who hold a Professional or Advanced Professional Endorsement will be evaluated annually. The District shall evaluate these employees on the basis of all the domains. All other instructional or pupil service staff employees must also be evaluated across all domains.

1. Planning and Preparation
  - A. Demonstrating Knowledge of Content and Pedagogy;

#### Meeting with the Employee

**Counseling Sessions:** Counseling sessions between supervisors and employees may be scheduled periodically. During these sessions, an open dialogue should occur which allows the exchange of performance-oriented information. The employee should be informed of how they have

performed to date. If the employee is not meeting performance expectations, the employee should be informed of the steps necessary to improve performance to the desired level. Counseling sessions should include, but not be limited to, the following: job responsibilities, performance of duties, progress on goals, and attendance. A memorandum for record will be prepared following each counseling session and maintained by the supervisor.

**Communication of Results:** Each evaluation shall include a meeting with the affected employee to communicate evaluation results. At the scheduled meeting with the employee, the supervisor will:

1. Discuss the evaluation with the employee, emphasizing strong and weak points in job performance. Commend the employee for a job well done if applicable and discuss specific corrective action if warranted. Set mutual goals for the employee to reach before the next performance evaluation. Recommendations should specifically state methods to correct weaknesses and/or prepare the employee for future promotions.
2. Allow the employee to make any written comments they desire. Inform the employee that they may turn in a written rebuttal/appeal of any portion of the evaluation within seven days and outline the process for rebuttal/appeal. Have the employee sign the evaluation indicating that they have been given a copy and initial after supervisor's comments.

No earlier than seven days following the meeting, if the supervisor has not received any written rebuttal/appeal, the supervisor will forward the evaluation in a confidential manner to the Superintendent, or the designee, for review. The supervisor will also retain a copy of the completed form.

#### Individualized Professional Learning Plan

Each certificated staff member shall have an individualized professional development plan based on the Idaho framework for teaching evaluation outlined in IDAPA 08.02.02.120 and developed by the staff member and their evaluator. This plan shall include interventions based on the individual's strengths and areas the staff member and their evaluator seek to emphasize of needed growth.

#### Rebuttals/Appeal

Within seven days from the date of the evaluation meeting with their supervisor, the employee may file a written rebuttal/appeal of any portion of the evaluation. The written rebuttal/appeal shall state the specific content of the evaluation with which the employee disagrees, a statement of the reason(s) for disagreement, and the amendment to the evaluation requested.

If a written rebuttal/appeal is received by the supervisor within seven days, the supervisor may conduct additional meetings or investigative activities necessary to address the rebuttal/appeal. Subsequent to these activities, and within a period of ten working days, the supervisor may provide the employee with a written response either amending the evaluation as requested by the employee or stating the reason(s) why the supervisor will not be amending the evaluation as requested.

If the supervisor chooses to amend the evaluation as requested by the employee, then the amended copy of the evaluation will be provided to, and signed by, the employee. The original amended evaluation will then be forwarded to the Superintendent, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed form.

If the supervisor chooses not to amend the evaluation as requested by the employee, then the evaluation along with the written rebuttal/appeal, and the supervisor's response, if any, will be forwarded to the Superintendent, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed evaluation including any rebuttal/appeal and responses.

Each evaluation will include identification of the actions, if any, available to the District as a result of the evaluation as well as the procedure(s) for implementing each action. Available actions include, but are not limited to, recommendations for renewal of employment, non-renewal of employment, probation, and others as determined. Should any action be taken as a result of an evaluation to not renew an individual's contract the District will comply with the requirements and procedures established by State law.

#### Records

Permanent records of each certificated personnel's evaluation and any properly submitted rebuttal/appeal documentation will be maintained in the employee's personnel file. All evaluation records, including rebuttal/appeal documentation, will be kept confidential within the parameters identified in State and federal law regarding the right to privacy.

Any subsequent changes to the District's evaluation system shall be resubmitted to the State Department of Education for approval. The District shall report annually to the State Department of Education.

1. The summative ratings.
2. The number of components rated as unsatisfactory.
3. The percentage of the certificated personnel's students who met their measurable student achievement or growth targets or student success indicators.
4. The measures that were used.

### **Certified Personnel Resignation (Release from Contract)**

**5350**

Applicants for teaching positions with Challis Joint School District who are issued a contract and employees who are on contract should recognize that their contract with the District carries responsibilities. Certified personnel will generally be expected to fulfill the terms of their contract unless:

1. There are clearly compelling, mitigating circumstances which prevent the certified or exempt individual from doing so; and
2. Until such time as the Board releases the certified individual from the terms of the contract upon the recommendation of the Superintendent.

Employees (including those employees who have just signed their first contract) will not be released from contract during the school year or within 45 days of the start of the school year unless a suitable replacement can be found. The Board may make exceptions to this rule for serious health problems or if a replacement can be found to fill the position being vacated.

The Employee may make a written request for release from contract during the school year or immediately prior to the start of the school year, stating the date of requested release. The request should be submitted to the District offices so that a search for a suitable replacement can be initiated. The request for release will be submitted to the Board at the time specified by the employee. If finding a replacement is not imminent, the District offices will advise the person submitting the request that the administration will recommend to the Board that the request be denied. The District offices will also give the person making the request the opportunity to hold the request until finding a suitable replacement is imminent at which time the resignation would then be submitted to the Board. (If no time is specified for the request to be submitted to the Board, it will be submitted when the administration feels that finding a suitable replacement is imminent. The person making the request will be advised of that action.)

A determination of availability of a suitable replacement, approved by the building principal as per Idaho Code, will be made by the administration before recommendation will be made to the Board that the employee be released from contract. If, in the judgment of the administration, there is not a suitable replacement, recommendation will be made that the Board NOT release the employee from contract.

Should any certificated employee abandon the contract of employment with the District without the prior written release from the contract by the Board, the Board of trustees will report such event to the Professional Standards Commission, alleging that the certificated employee is guilty of unethical practices and has violated the Code of Ethics for Idaho Professional Educators.

In addition, should any certificated employee abandon the contract of employment with the District without the prior written release from the contract by the Board, the District and/or Board may, in its discretion, pursue any and all available legal remedies, including damages to recoup all losses caused by such breach of contract, including without limitation costs for substitutes, recruiting, loss of State funding, legal fees, etc.

### **Classified Personnel**

Classified Employees not under contract are expected to give due written notice that will permit the District to conduct a search for a suitable replacement. Generally speaking, the Board expects a two-week notice.

All resignations should be in writing. Requests for resignation shall be transmitted to the Board as part of the regular personnel report.

Any classified personnel who, without approval or without taking leave, does not show up for work for more than 2 consecutive days will be considered to have abandoned their position, and shall be deemed to have resigned.

## **Non-School Employment by Professional Staff Members**

**5370**

The outside work or self-employment by a staff member is of concern to the Board insofar as it may:

1. Prevent the employee from performing assigned responsibilities in an effective manner.
2. Be prejudicial to proper effectiveness in the position or compromise the District.
3. Raise a question of conflict of interest – for example, where the employee's position in the District permits access to information or other advantage useful to the outside employer.

Therefore, a regular, full-time employee's position in the District shall take precedence over any type of outside work or self-employment. Employees are free to carry on individual work or self-employment projects as long as no District facilities, equipment, or school(s) are used, except as provided by policy, and the outside work or self-employment does not interfere with the employees' performance of District assigned duties.

In addition, an employee may not perform any duties related to outside work or self-employment during regular District working hours or during the additional time that is needed to fulfill the responsibilities of the District position. Employees who violate this policy are subject to reprimand, suspension, or termination.

Except by prior written authorization from the Superintendent:

School buildings are not to be used for private tutoring or classes for which students pay a fee to a staff member unless a rental contract has been entered into with the District.

A staff member is not permitted to provide tutoring for pay to any student who attends or is registered in any of the staff member's own classes with the exception of music students.

The principal shall provide safeguards to assure that equal protection and equal opportunity are provided each student in every music department where a teacher may be involved in tutoring or private lessons.

## **Professional Research and Publishing**

**5380**

The Board considers that the school system has proprietary rights to publications, instructional materials, and devices prepared by employees during their paid work time. However, the Board also recognizes the importance of encouraging its professionals' writing, research, and other creative endeavors.

When original materials are developed by employees or staff committees during working time or as part of regular or special assignments for which they are paid, the school system will have sole rights in matters of publication or reproduction; however, the identity of the employee(s) who created the materials will be clearly recognized and noted.

In situations where the proprietary rights to material is in doubt—as, for example, when original instructional materials have been developed partially during working time or as part of a paid assignment, and partially during the staff member's own time—arrangements will be made for the appropriate assignment of rights and any profits.

However, a staff member may use their background knowledge of programs and operations in professional writing of any type, without the Board claiming any rights to the materials or authority to approve them prior to publication, except that articles purporting to represent school system policy will be cleared by the Superintendent who may, if the subject warrants, seek Board approval before they are released.

The Superintendent or designee shall attempt to protect the identity of a whistleblower, provided that doing so does not interfere with the investigation of the allegations or with the taking corrective action.

### **Complaints of Retaliation**

The District shall not take adverse employment action against an employee who has notified the District of wrongdoing, allowing the District the opportunity to investigate and correct the misconduct. ## **Leave of Absence**

**5400**

The Board believes that the provision of leaves in addition to the contractual leaves provided by the Master Agreement helps to attract and retain staff members who will continue to grow professionally, maintain their physical health, and have a feeling of security.

The Board has the authority to grant any employee's request for a leave of absence. A leave of absence may be at the request of the employee or may be done involuntarily by action of the Board. The Board may also delegate this authority to a designee.

### **Delegation of Authority**

Through this policy, the Board has delegated this ongoing authority to the Superintendent, both with regard to acceptance of an employee's request for leave of absence as well as an action of placing a certificated employee on an involuntarily leave of absence.

Upon the Superintendent's action to place a certificated employee on a period of involuntary leave of absence, If the Board shall ratify or nullify the action of the Superintendent at the next regularly scheduled meeting or at a special meeting should the next regularly scheduled board meeting not be within a period of 21 days from the date of such action. Whether such leave is with pay or without pay shall be determined when applying the appropriate principles for Section 33-513(7), Idaho Code.

A Superintendent's acceptance of a certificated employee's request for leave of absence shall be put before the Board for ratification at the next regularly scheduled meeting of the Board or within 21 days, whichever comes first.

The Superintendent is delegated the authority to address classified personnel leave without notification to the Board and is delegated authority to address classified personnel discipline and termination without Board approval.

### **Considerations for Involuntary Leave**

If the Superintendent or the Board is making a decision as to whether or not to place an employee on a period of involuntary leave of absence some of the considerations in making such a decision may include:

1. Whether or not the conduct at issue involves a possible:
  - A. Criminal act.
  - B. Violation of the Code of Ethics for Idaho Professional Educators.
  - C. A violation of federal or state education laws or regulations.
  - D. A violation of District Policy and/or Procedure.
2. Whether or not the conduct at issue involves the health, welfare, or safety of the District's students or employees.
3. Whether or not there is an event identified.
4. If the event involves an allegation of abuse of a student or minor, is there an "identified victim" or some other information that provides indicia of credibility.

5. If the event involves an allegation of abuse of a student or minor, is the report in question anonymous or are there any other indicia of credibility.
6. Whether or not there is an identified victim or identified event that the District could investigate.
7. Whether or not there a concern that the presence of the employee on school property could be detrimental to the investigation process and/or a concern that the employee and/or the presence of the employee interfere with the investigation process.

Whether or not there is an ongoing/related criminal investigation associated with the same alleged event or allegations.

#### Sick Leave

Classified employees who regularly work 20 hours or more per week will be granted benefits, inclusive of sick leave, after five consecutive years in the district. Certificated employees who work half time or more per week shall be granted sick leave and other leaves in accordance with State law. Each such employee shall be granted sick leave with full pay of one day as projected for the employment year for each month of service in which they work a majority portion of that month. Sick leave for classified employees shall be calculated proportionate to the average hours worked per day. Sick leave for certificated employees shall be calculated by the day, or percentage thereof, as defined in their individual employment contract. The District may, in its discretion, require proof of illness when deemed appropriate, including but not limited to suspicion of abuse of sick leave or false claims of illness.

All sick leave taken immediately before or after vacations or holidays requires notification to the supervisor and may require a physician's statement.

Compensation shall not be provided for unused sick leave.

Sick Leave will be granted to teachers in accordance with Idaho Code 33-1216 and 33-1217. Sick Leave may be utilized by a teacher in instances where the teacher's spouse, parents (including father-in-law and mother-in-law), children or grandchildren are ill and/or require medical treatment. Nothing in this policy guarantees approval of the granting of such leave in any instance. Each request will be judged by the District in accordance with this policy and the needs of the District.

It is understood that seniority shall accumulate while a teacher or employee is utilizing accumulated sick leave credits. Seniority will not accumulate unless an employee is in a paid status. Abuse of sick leave is cause for discipline up to and including termination.

#### Accrual of unused sick leave

Employees may accrue unused sick leave. Upon retirement, an employee's accumulated unused sick leave must be reported by the District to the public employee retirement system.

#### Sick Leave Bank

The purpose of the Sick Leave Bank will be to provide additional sick leave days to participating employees who have exhausted their accumulated sick leave because of illness or accident and who meet the following requirements.

Employees who enter the bank will donate two days of earned sick leave to the Sick Leave Bank as an initial contribution. Each subsequent year the Sick Leave Bank Committee shall determine the number of sick leave days each participant must contribute to maintain bank membership and to keep the bank operational. Subsequent assessments will be equal to all members and may fall during the school year if the number of sick leave days accumulated in the bank falls below 20.

The Sick Leave Bank Committee shall consist of two members appointed by the Challis Education Association and two members appointed by the Superintendent of Schools. The committee shall administer the requirements, rules and regulations of the Sick Leave Bank and process and decide on all requests for benefits from the bank.

Should an impasse develop within the committee, the Board of Trustees of Challis Joint School District #181 shall make the final decision regarding the issue.

New members may sign up at the time their contract is issued or not later than September 30th each school year. Continuing membership is automatic unless a written request for withdrawal is submitted.

Sick leave days donated to the Sick Leave Bank become the sole property of the bank and the employee relinquishes all title to those days.

Application for benefits from the Sick Leave Bank shall be submitted to the Sick Leave Bank Committee on an application form available from the District office. The committee will review the request and determine the eligibility for benefits of the applicant. The committee reserves the right to require proof of illness or any other documentation at the time of application and from time to time after the grant has been authorized.

To be eligible to apply for sick leave benefits, the applicant must:

1. Be a contributing member of the Sick Leave Bank.
2. Have used all of their accumulated sick leave benefits by being absent from work due to illness or accident.
3. Have been absent due to illness or accident for four days beyond the termination of accumulated sick leave where salary is eligible to be reduced in full.

The committee may authorize benefits for 50% of the days lost for the first ten days of absence beyond the termination of individual accumulated sick leave.

After ten days of absence, the committee may allow full sick leave benefits, retroactively.

A subsequent re-occurring illness will be treated as a new illness.

The maximum number of days that may be granted to an employee in any one school year will be equal to the number of sick leave days the employee had accumulated prior to the extended illness or accident or 20 days, whichever is greater. In any event, no more than 90 days will be granted to an employee for any one illness or accident. The days are granted to the employee for the employee or the care of the employee's spouse and/or children.

The number of days granted by the committee shall not exceed the number of days absent from work due to illness or accident. All grants from the Sick Leave Bank will terminate at the end of the school year and will not be extended from one school year to the next. No sick leave will be granted once an employee is eligible for disability insurance.

Compensation for extra duties shall not be considered by the Sick Leave Bank Committee. That consideration will be made by the Board of Trustees of Challis Joint School District #181. Insurance premiums and any other fringe benefits will be continued through the term of the grant only.

#### Bereavement Leave

An employee who has a death in the immediate family shall be eligible for bereavement leave.

The immediate family includes father, mother, sister, brother, husband, wife, children (including sons and daughters-in-law), father-in-law, mother-in-law, sister-in-law, brother-in-law, grandparents, and grandchildren.

Any additional time requested for bereavement leave must be submitted to the employee's supervisor prior to the expiration of the available five days not exceed an additional five days. Any additional time requested will be applied against the teacher's personal leave, followed by sick leave, and then leave without pay.

#### Funeral Leave

The District will provide two funeral days (separate from Bereavement Leave). The employee will pay the substitute costs and prior approval must be granted by the supervisor.

#### Personal and Emergency Leave

Upon recommendation of the Superintendent, and in accordance with law and District policy, classified staff may be granted personal leave pursuant to the following conditions:

1. Leave will be without pay unless otherwise stated. If leaves are to include expenses payable by the District, the leave approval will so state;
2. Leave will only be granted in units of half or full days;
3. Notice of at least one week is required for any personal leave of less than one week. Notice of one month is required for any personal leave exceeding one week;
4. The Superintendent, with approval of the Board, shall have the flexibility, in unusual or exceptional circumstances, to grant personal leave to employees not covered by sick or any other District recognized leave. During any personal leave of greater than 15 days, the employee will not receive fringe benefits. During the leave, the employee may pay the District's share of any insurance benefit program in order to maintain those benefits, provided that such is acceptable to the insurance carrier. Staff using personal leave shall not earn any sick leave or annual leave credit or any other benefits during the approved leave of absence.

1. the birth of a child.
2. the placement of a child for adoption or foster care with the employee.

4. to care for the employee's spouse, child, or parent with a serious health condition.
5. For any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent of the employee is on active-duty status or has been notified of an impending call to active duty status, in in the Armed Forces.

An employee is eligible to take FMLA leave if the employee has been employed for at least 12 months and has worked at least one thousand 1,250 hours during the 12 months immediately prior to the date when the leave is requested. Further, an employee may only be eligible if there are at least 50 District employees within 75 miles radius.

## **Family and Medical Leave Procedure**

**5410P**

**Who Is Eligible**—Employees are eligible if they have worked for the District for at least one year, and for 1,250 hours over the previous 12 months, and if there have been at least 50 District employees within 75 mile radius.

**Benefit**—Under certain conditions, eligible employees, if qualified, may be entitled to up to 12 weeks leave with continuing participation in the District’s group insurance plan.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled to up to 26 weeks of leave in a single 12-month period to care for the service members.

**Reasons for Taking Leave**—Unpaid leave will be granted to eligible employees for any of the following reasons:

1. To care for the employee’s child after birth, or placement for adoption or foster care with the employee.
2. To care for the employee’s spouse, child, or parent (does not include parents- in-law) who has a serious health condition.
3. For a serious health condition that makes the employee unable to perform the employee’s job.
4. For any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent of the employee is on active-duty status or has been notified of an impending call to active duty status, in support of a contingency operation.

**Substitution of Paid Leave**—Paid leave will be substituted for unpaid leave under the following circumstances:

1. Accumulated sick or personal leave will be utilized concurrently with any FMLA leave that is taken for a serious health reason as described in 2 or 3 above.
2. Accumulated vacation or personal leave will be utilized concurrently with any FMLA leave that is taken for a family reason as described in 1 above.
3. Accumulated sick leave will be utilized concurrently with FMLA leave whenever the FMLA leave is taken for reasons which qualify for sick leave benefits pursuant to District policy.
4. Whenever appropriate workers’ compensation absences shall be designated FMLA leave.

**When Spouses Are District Employees**—If both spouses are employed by the District, they each are entitled to a total of 12 weeks of leave per year.

However, where the reason for leave is for birth of a child, or because of adoption or foster care, or to care for a sick parent, such leave may be limited to an aggregate of 12 weeks, between the married employees.

**Advance Notice**—Employees must provide 30 days advance notice when the leave is “foreseeable.” In other situations, an employee must give notice as soon as practicable. Leave may be allowed in emergency situations when no advance warning is possible. Inexcusable delays in notifying the District may result in the delay or denial of leave.

**Requests**—A sick leave request form is to be completed whenever an employee is absent from work for more than three days or when an employee has need to be absent from work for continuing treatment by (or under the supervision of) a health care provider.

**Medical Certification**—The District will require medical certification to support a request for leave or any other absence because of a serious health condition (at employee expense) and may require second or third opinions (at the employer’s expense) and a fitness for duty report to return to work statement.

**Intermittent/Reduced Leave**—FMLA leave may be taken “intermittently or on a reduced leave schedule” under certain circumstances. Where leave is taken because of birth or placement of a child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only with the approval of the District. Where FMLA leave is taken to care for a sick family member or for an employee’s own serious health condition, leave may be taken intermittently or on a reduced leave schedule when medically necessary. An employee may be reassigned to accommodate intermittent or reduced leave. When an employee takes intermittent leave or leave on a reduced leave schedule, increments will be limited to the shortest period of time that the District’s payroll system uses to account for absences or use of leave.

**Insurance**—An employee out on FMLA leave is entitled to continued participation in the appropriate group health plan, but it is incumbent upon the employee to continue paying the portions of the premiums the employee usually pays throughout the leave period. An employee’s eligibility to maintain health insurance coverage will lapse if the premium payment is more than 30 days late. The District will mail notice of delinquency at least 15 days before coverage will cease.

**Return**—Upon return from FMLA leave, reasonable effort shall be made to place the employee in the original or equivalent position with equivalent pay, benefits, and other employment terms.

**Record Keeping**—Employees, supervisors and building administrators will forward requests, forms and other material to payroll to facilitate proper record keeping.

**Summer Vacation**—The period during the summer vacation or other scheduled breaks (i.e., Christmas) an employee would not have been required to work will not count against that employee’s FMLA leave entitlement.

#### Special Rules for Instructional Employees

**Leave More Than Five Weeks Before End of Term**—If an instructional employee begins FMLA leave more than five weeks before the end of term, the District may require the employee to continue taking leave until the end of a semester term if:

1. The leave is at least three weeks; and
2. The employee’s return would take place during the last three-week period of the semester term.

**Leave Less Than Five Weeks Before End of Term**—If an instructional employee begins FMLA leave for a purpose other than that employee’s own serious health condition less than five weeks before the end of term, the District may require the employee to continue taking leave until the end of a semester term if:

1. The leave is longer than two weeks; and
2. the employee’s return would take place during the last two- week period of the semester term.

**Leave Less Than Three Weeks Before End of Term**—If an instructional employee begins FMLA leave for a purpose other than that employee’s own serious health condition less than three weeks before the end of term,

the District may require the employee to continue taking leave until the end of the academic term if the leave is longer than five days.

**Intermittent or Reduced Leave**—Under certain conditions, an instructional employee needing intermittent or reduced leave for more than 20% of the total working days over the leave period may be required by the District to:

1. Take leave for a period(s) of particular duration not to exceed the duration of treatment; or
2. Transfer to an alternate but equivalent position.

#### Employee Notification of Policy

A general notice from the Department of Labor explaining the FMLA's provisions and complaint procedures will be posted prominently where it can be readily seen by employees and applicants and shall either be distributed to each new employee upon hiring or will be included in employee handbooks or other written guidance concerning benefits or leave rights. No notification of rights under the FMLA or related regulations should be construed to alter any applicable at-will employment relationship between the District and an employee.

## **Workers' Compensation Benefits**

**5460**

All employees and volunteers of the District are covered by Workers' Compensation benefits pursuant to, and in accordance with, the terms of the District's Worker's Compensation insurance policy. In the event of an injury or accident:

1. The injured employee shall immediately obtain first aid and/or medical care as necessary to stabilize their medical condition. This treatment shall, to the extent possible, be in accordance with the requirements of the District's Worker's Compensation insurance policy.
2. The injured employee shall promptly report the accident and injury to their immediate supervisor.
3. The employee shall, if possible, immediately remediate the hazardous condition. If immediate remediation is not possible, the employee shall report the hazardous condition so it can be remediated as soon as possible.
4. The employee shall complete the District's Worker's Compensation report of injury forms with the District's Human Resources Department within 48 hours of the accident (unless prohibited by the employee's medical condition, in which case the forms shall be completed as soon as the employee's medical condition reasonably allows).
5. On behalf of the employee, the District's Human Resources Department shall immediately report the injury and claim to the District's Worker's Compensation carrier to coordinate income, medical, and other benefits available to the employee under Idaho's Worker's Compensation Law.
6. In the event the employee is unable to work, the District shall allow the employee to take available sick leave benefits until the date that Worker's Compensation income benefits are made available to the employee under the District's Worker's Compensation insurance policy.

The District's Human Resources Department shall notify the immediate supervisor of the report and shall consult with the immediate supervisor when completing the required reports.

An employee who is injured in an accident may be eligible for Workers' Compensation benefits.

Upon receipt of a report of an accident, the District shall conduct an investigation to determine:

1. Whether continuing hazardous conditions exist that require remediation; and
2. Whether the employee's work environment caused or contributed to the reported accident.

The employee is required to cooperate with the District's Worker's Compensation insurance carrier to coordinate and effectuate appropriate medical treatment and to secure other available Worker's Compensation benefits, including but not limited to income benefits.

In all instances where an employee is unable to work as a result of an injury, the employee must obtain a written work release from their treating physician prior to returning to work. This release shall be provided to the employee's immediate supervisor who will make a copy and provide the original to the Human Resources Department for placement in the employee's personnel file.

## **Leaves of Absences - Military Leave**

5470

### **General Policy**

All District employees, other than those who are employed on a temporary basis, are entitled to military leave of absence when ordered to active duty for training as members of the Idaho National Guard or any component of the U.S. Armed Forces. Employees who volunteer, are drafted, or are ordered to extended active duty with any component of the U.S. Armed Forces shall be entitled to reinstatement to their former positions or comparable positions if the right is exercised in a timely manner as noted below.

The District shall notify each employee entitled to rights and benefits under the Uniformed Services Employment and Reemployment Rights Act (USERRA) of their rights, benefits, and obligations under USERRA and those of the District.

### **Notice to District**

All employees should provide either written or oral notice of upcoming military training to the District as soon as reasonably practical. The employee or an appropriate officer of the branch of military in which the employee will serve may provide the notice. Employees who are ordered for such duty shall provide one copy of their orders to the Superintendent. Notice shall include date of departure and date of return for purposes of military training 90 days prior to the date of departure.

### **Military Leave for Training or Short-Term Duty**

Employees who are required to attend annual training or special active duty for training shall not suffer any loss of salary, seniority or efficiency rating during the first 15 days of such absence in any calendar year. Leave will be without loss of benefits.

### **Completion of Military Training**

Upon completion of military training, employee shall give evidence of the satisfactory completion of such training immediately thereafter. Employee shall be restored to their previous or similar position with the same status, pay, vacation leave, sick leave, bonus, advancement, and seniority. Such seniority shall continue to accrue during such period of absence.

### **Benefits for Uniformed Service Personnel on Active Duty**

Salary: Challis School District will not pay employee's salary while the employee is on active military duty.

### **Pension and Retirement Plans**

Pension and retirement plans are considered a benefit to which reinstated employees are entitled. Any normal contributions will continue to be made for service members who are absent for 90 days or fewer. If the employee has been absent for military service for 91 days or more, the District may elect to delay making retroactive pension contributions until the employee submits satisfactory reemployment documentation.

### **Medical Insurance**

Health benefits will be offered to the extent they are available to other employees on leave. An employee performing military service for 30 days or fewer is not required to pay more than the normal employee share of any health premium. If the employee's military service is for 31 days to 18 months, the health plan will offer continuous coverage.

An employee on military leave may elect to continue health care coverage through the District for up to 18 months after the military leave begins or for the period of military service, whichever is shorter. The District's obligation to provide health benefits ends once an employee's military leave exceeds 18 months. When the employee is reinstated, a waiting period or exclusion cannot be imposed if health coverage would have been provided to the employee had they not been absent for military service.

#### Reporting to District Once Military Leave is Complete

The standard military service length and reporting times are:

**1 to 30 days of military service:** Employee reports to the District by the beginning of the first scheduled work day that falls eight hours after the end of the last calendar day of military service.

**31 to 180 days of military service:** Employee must submit an application for reemployment no later than 14 days after completion of service in the armed forces. If the 14th day falls on a day when the District's offices are not open or available to accept a reemployment application, the time extends to the next business day.

**181 days or more of military service:** Employee must submit an application for reemployment no later than 90 days after completion of military service. If the 90th day falls on a day when the employee's offices are not open or available to accept a reemployment application, the time extends to the next business day.

**Cases of disability:** Employees who are hospitalized or recovering from a disability that was incurred or aggravated during the period of military service leave have up to two years to submit an application for reemployment.

There is an exception to these guidelines for those employees who, through no fault of their own, find themselves in a situation that makes it impossible or unreasonable to meet the required timetables. In those cases, the employee must return to work as soon as possible.

#### Disqualification from Returning to Work

There are four conditions that disqualify an employee from exercising their right to reemployment after military service:

1. A dishonorable or bad conduct discharge.
2. Separation from the service under "other than honorable conditions".
3. A commissioned officer's dismissal via court martial or by order of the President.
4. When a service member has been dropped from the rolls for being absent without authority or for civilian imprisonment.

#### Reinstatement to Positions After Extended Duty

Employees who volunteer, are drafted, or called to active duty for extended periods will be placed on "Military Leave of Absence" upon written application and be entitled to reinstatement to their former or similar positions upon their return and under the following conditions:

They must not have remained on active duty beyond their first opportunity for honorable or general release.

1. They must not have remained on active duty beyond their first opportunity for honorable or general release.
2. They must report to claim reinstatement within 90 days after completion of service; or 14 days in the case of individuals who undergo only 180 days active training or less.

After an employee has been absent for 31 days or more of military service, the District may ask the employee or the employee's military unit for documentation showing that:

1. The employee submitted a timely application for reemployment.
2. The employee's length of military service has not exceeded the five-year limitation.
3. The employee's separation from the military service meets the requirement for reemployment.

As a general rule, employees returning from military service must be reemployed in the job that they previously held or would have attained had they not been absent for military service. If the employee was disabled while on military duty, or a disability is aggravated by military service, the District will make reasonable efforts to accommodate the disability.

## **Salary Schedules**

### **Placement on Salary Schedule**

The certificated person will be placed on the schedule according to their training and experience.

A newly hired teacher will be placed on the salary schedule according to their degree/credits and years of experience. This will in no way affect renewable contract status. Renewable contract status with the Challis School District must still be earned by three years of successful teaching.

Beginning with the 2002-03 school year, all teachers will be paid in accordance with the state salary index.

Superintendent and Principals have no salary schedules. Their beginning salaries will be determined at the time of employment based on job requirements, skills, experience, etc. They may receive salary increases based on, but not limited to, factors such as:

- the increases received by other employees each year;
- performance evaluations;
- longevity;
- comparability to other Districts.

### **Part-time Employee**

A part-time employee can move on the salary schedule every other year. They must have no breaks in service. If a part-time employee leaves employment or is terminated and is later re-hired they would begin on Step 1 again.

### **Recording Credits**

College and university credits accrued by each teacher shall be recorded by the last Friday of September each year in the personnel records of each teacher on file in the office of the Superintendent of Schools. Salary adjustments for the current year for such credit will not be made after that date. Each teacher will be responsible for furnishing official transcripts from accredited colleges and universities substantiating their earned credits and for reporting changes in degree status. Only credits beyond the degree reported and initial certification will be accepted.

### **Professional Growth**

Teachers shall be expected to continue their educational development during their service in the District schools. To aid and encourage them in this growth, professional development will be maintained where feasible.

Teachers may be authorized to attend national, state, and regional meetings without loss of pay at the discretion of, and upon approval in advance, by the Superintendent. The Superintendent may reimburse such teachers from funds provided for this purpose for all or any part of the expenses of attending such meetings.

### **CHALLIS JOINT SCHOOL DISTRICT NO. 181**

#### **2021-2022 EMPLOYEE HANDBOOK**

*The following procedures are very important to the efficient operation of the school district. If you have questions, please check with your school office, or call the district office at 879-4231. The District Policy Manual and the teachers' Master Agreement contain additional information and procedures. Please take the time to read them.*

#### **DISTRICT POLICY AND PROCEDURE MANUAL**

The district's current Policy and Procedure Manual is accessible through the district computer system and from the district web page.

To access the manual from the Internet go to the district home page ([d181.k12.id.us](http://d181.k12.id.us)), select district, click on dist. policy, then policies.

*Please refer to these for guidance regarding district policies and procedures.*

#### **CALENDAR AND WORK DAY**

The 2021-2022 school calendar designates 154.5 teacher work days which includes 3 holidays. Teacher workday hours are 7:30 a.m. to 4:30 p.m. Full-day staff development and grading/collaboration days comply with this daily schedule. Morning staff development days are scheduled 7:30 a.m. to 12:00 noon and are specifically noted on the staff calendar. Student days for early release are scheduled at 1:30 p.m.

Classified staff hours are designated by their supervisor. School offices are open from 7:30 a.m. to 4:45 p.m.

#### **Preparation Time**

Preparation time should be used for grading and planning. This time should not be used to conduct personal business. Teachers should not plan to leave the school for personal reasons during this time. Any exceptions should be approved by the building administrator prior to leaving campus.

#### **KEYS & BUILDING SECURITY**

Your keys are assigned *for your use only*. **DO NOT LOAN THEM TO ANYONE; ESPECIALLY STUDENTS**. Doing so increases liability for yourself and the district. Your keys are your responsibility. *If you unlock a door outside of regular school hours, you are responsible for monitoring its use and relocking it. Please leave your classroom door locked if you will be away from it for any length of time.*

#### **DATA SECURITY**

With the increase in student data available online, it is vital that all employees institute new measures to protect confidentiality. Please protect student information the same way you would want your sensitive personal information protected. Whenever you will be away from your computer, *log off* and make sure your door is locked.

#### **BENEFITS**

In addition to the employee's regular salary, it is the policy of Challis School District to provide several other benefits and services for full-time employees.

**Certified staff:** Employment of .5 FTE or more per week for five months or longer will receive the District benefit package.

**Classified:** Employees working 130 hours or more in a pay period will receive the District benefit package. Employees working 20 hours or more per week will receive the PERSI benefit.

### **Medical/Dental**

The District provides medical insurance through Blue Cross of Idaho and dental insurances through Blue Cross of Idaho or Willamette Dental for all full-time employees. Dependent coverage is available (see Payroll, below).

### **Sick Leave Bank**

The district maintains a Sick Leave Bank for qualified certified and classified personnel. Please refer to the CEA Master Agreement, or contact the district office, for more information.

## **EMPLOYEE LEAVE REQUEST FORMS**

1. Please refer to the District Policies 5400-5450 for explanation of leaves.
2. You are required to complete a Leave Request form and check out with your supervisor each time you are away from your duties.
3. PLAN AHEAD. Leave requests should be submitted at least one week before your absence.
4. Except in the case of illness or other emergency, COMPLETE the request form, sign and submit the entire form to your supervisor.
5. If using a ¼ day personal leave, complete the form as indicated above, initial and leave it with your supervisor (or school secretary). You will add to it, sign and submit it after the ¼-day leaves total a ½-day increment.
6. If you think leave has been posted to your record incorrectly, you have 30 days to request an adjustment.

### **Travel Reimbursement**

In an effort to control costs and encourage consistency, the following procedures apply for reimbursed travel:

1. Whenever possible, use a district vehicle for travel. District mileage payments are based on the amount designated by the Controller of the State of Idaho for state employees. If a district vehicle is unavailable, you will be reimbursed the full mileage rate (58¢ per mile) for using your personal vehicle. If you choose to drive a private vehicle even though a district vehicle is available, the reimbursement rate is 29¢ per mile, unless space is available in a district or reimbursed private vehicle going to the same event.
2. Meal expenses will be paid **if the employee's duties (with supervisor's approval) require them to travel more than 50 miles one-way beyond the school district boundaries. Receipts for meals are required.** The following rates apply (refer to Mileage and Time Chart to determine approved travel time):
  - A. Breakfast \$11 (Employee must need to depart at 7:00 a.m. or earlier)

3. Initial or final overnight lodging will be reimbursed, and additional leave time granted as necessary, if the event begins at a time that would require leaving home before 7:00 a.m., or ends at a time that would require arriving at home after 9:00 p.m. (see attached chart). Exceptions can be requested based on weather and road conditions. **Lodging receipts are required.**
4. **Receipts are required** for reimbursement of **other expenses** (registration, parking, etc.).

## **PAYROLL**

Payday for all employees is the 25<sup>th</sup> of each month. If the 25<sup>th</sup> falls on a Friday, Saturday, or Sunday, payroll will be on the Thursday before. Exceptions: in November and December, payment will be made on the final school day before Thanksgiving or Christmas break. No payroll advances will be given.

All information regarding payroll must be turned into the building secretary by *a.m. of the 16<sup>th</sup> of each month*. All employee requests for payroll deductions and changes must be submitted in writing to the District Office by the last Thursday of September. New employees have 30 days from date of hire to request payroll deductions. Exceptions include:

- Most payroll deductions may be terminated completely at any time during the year, except for some insurances, which may have more restrictions.
- Form W-4 (withholding allowances), PERSI Choice Plan 401k and requests for direct deposit changes are accepted at any time.

All classified (hourly) staff members are required to fill out time sheets for payroll purposes. Monthly time sheets are used to record actual hours worked as well as sick leave, personal leave, unpaid leaves, vacation, etc. Be sure to sign the time sheet and turn it in to your supervisor for signature. Time is to be recorded to the nearest quarter hour. Payroll always runs from the 16<sup>th</sup> of the month through the 15<sup>th</sup> of the following month.

## **Challis Education Association**

Those certificated employees who wish to join the CEA will be contacted by a CEA representative concerning dues. Local association annual dues are deducted from payroll each October. The state and national association portions are deducted from payroll over a ten-month period from November through August in equal monthly installments. You must contact your CEA representative to enroll in the association. It is the responsibility of the CEA to notify the district office prior to the end of September for those employees who wish to have their dues deducted from their paychecks.

## **Certification and College Transcripts (certificated staff)**

An original copy of each certificated staff member's current Idaho Teaching Certificate must be on file at the district office. Certification is required by Idaho Code. It is the responsibility of the employee to provide valid current certification. It is also the responsibility of individuals to inform the state certification office of their current address. Renewal application forms are available online at [http://www.sde.idaho.gov/site/teacher\\_certification/#forms](http://www.sde.idaho.gov/site/teacher_certification/#forms). Also required on file at the district office is an official transcript of all college work- completed yearly.

### **NOTICES**

**Sexual Harassment / Sexual Intimidation in the Workplace 5240**

According to the Equal Employment Opportunity Commission, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, including unwanted touching, verbal comments, sexual name calling, gestures, jokes, profanity, and spreading of sexual rumors.

The District shall do everything in its power to provide employees an employment environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal law. In addition, Principals and Supervisors are expected to take appropriate steps to make all employees aware of the contents of this policy. A copy of this policy will be given to all employees.

District employees shall not make sexual advances or request sexual favors or engage in any conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment prohibited by this policy includes verbal or physical conduct. The terms "intimidating", "hostile", or "offensive" include, but are not limited to, conduct which has the effect of humiliation, embarrassment, or discomfort. Sexual harassment will be evaluated in light of all of the circumstances.

Aggrieved persons who feel comfortable doing so, should directly inform the person engaging in sexually harassing conduct or communication, that such conduct or communication is offensive and must stop.

Employees who believe they may have been sexually harassed or intimidated should contact the Title IX coordinator or an administrator, who will assist them in filing a complaint. An individual with a complaint alleging a violation of this policy shall follow the Uniform Grievance Procedure.

#### Investigation

When an allegation of sexual harassment is made of any employee, the designated school officials will take immediate steps to: (1) Protect the grievant from further harassment; (2) Discuss the matter with and obtain a statement from the accused and his representative, if any; (3) Obtain signed statements of witnesses; (4) Prepare a report of the investigation.

#### Confidentiality

Due to the damage that could result to the career and reputation of any person falsely or in bad faith accused of sexual harassment, all investigations and hearings surrounding such matters will be designed to the maximum extent possible to protect the privacy of, and minimize suspicion towards, the accused as well as the complainant. Only those persons responsible for investigating and enforcing this policy will have access to confidential communications. In addition, all persons involved are prohibited from discussing the matter with co-workers and/or other persons not directly involved in resolving the matter.

A violation of this policy may result in discipline, up to and including discharge. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action, up to and including discharge.

#### **Employee Responsibilities Regarding Student Harassment, Intimidation, and Bullying**

5265

The personal safety and welfare of each child is of paramount concern to the Board of Trustees, employees, and patrons of the District. It is of particular importance that employees within the District become knowledgeable and thoroughly educated as to their legal and ethical responsibilities regarding intervention and reporting of student harassment, intimidation, and bullying.

#### Intervention

District employees are authorized and expected to intervene or facilitate intervention on behalf of students facing harassment, intimidation, and bullying.

Intervention shall be designed to:

1. Correct the problem behavior;
2. Prevent another occurrence of the problem;
3. Protect and provide support for the victim of the act; and
4. Take corrective action for documented systemic problems related to harassment, intimidation, or bullying.

#### Professional Development

The District shall provide ongoing professional development to assist school employees in preventing, identifying, intervening, and responding to harassment, intimidation, and bullying.

The content of ongoing professional development for District employees shall include, but is not limited to:

1. School philosophy regarding school climate and student behavior expectations;
2. Definitions of harassment, intimidation, and bullying with specific examples;
3. School prevention strategies or programs including the identification of materials to be distributed annually to students and parents;
4. Expectations and examples of staff intervention to harassment, intimidation, and bullying; and
5. School process for responding to harassment, intimidation, and bullying including the reporting process for students and staff, investigation protocol, the involvement of law enforcement, related student support services, and parental involvement.

#### Student Discipline

When disciplinary action is necessary for students engaging in harassment, intimidation and bullying, employees shall follow relevant District policies [3330 and 3340].

#### Reporting

Any District employee who has witnessed, or has reliable information, that a student has been subject to harassment, intimidation or bullying, must report the incident to the designated school official in accordance with District policy and procedure [3295 and 3295P].

Knowingly submitting a false report under this policy shall subject the employee to discipline up to and including termination.

The Superintendent, building principal, and/or their designee shall be responsible for receiving complaints alleging student harassment, intimidation, and bullying and will ensure that documented complaints will be maintained as a confidential file in the District office and reported as required by the State Department of Education.

#### Policy Distribution

The Superintendent or designee shall annually distribute and review with employees the requirements, policies, and procedures to be followed concerning the handling of student harassment, intimidation, and bullying and shall include this information in employee handbooks. All new employees will be given these policies and procedures as part of their orientation program.

### **Drug and Alcohol-Free Workplace 5320**

Challis School District is committed to maintain a workplace free from illegal drugs and alcohol, and drug and alcohol abuse. The unlawful manufacture, distribution, dispensing, possession or use of a controlled substance or alcohol is prohibited anywhere in the workplace of the Challis School District. It is a condition of employment to comply with this policy. Please see District Policy for more information.

### **Substance-Free Schools 5310**

The District maintains tobacco free building and grounds.

### **Workers Compensation Insurance 5460**

All employees are covered by the Workers Compensation Act, which provides coverage for accident or injury incurred while the employee is on the job. Should you be injured or involved in a potentially harmful accident while on duty for the district, you must file a written accident report with your immediate supervisor or building principal as soon as possible. The information needs to be on file whether or not a medical claim is filed. If you seek medical attention, please inform the district office so a report can be filed with the State Insurance Fund and Industrial Commission as required by our policy.

### **Family And Medical Leave 5410-5410A**

Family and Medical Leave is authorized for an eligible employee for up to 12 weeks each year for birth, adoption or foster care placement of a child, the need to care for a child, spouse or parent with a serious health condition, or for the employee's health condition which makes him or her unable to perform the essential functions of his or her job.

Family and Medical Leave is offered without pay. However, to the extent the employee also qualifies for and elects to use sick leave, annual leave or shared leave during part or all of the time absent from work, family and medical leave may be taken with pay.

An employee planning to take Family and Medical Leave is expected to provide the District Office at least **30 days notice** when the condition for which leave is taken is known in advance; otherwise, as much notice as is practical.

The District requires (through the employee or the employee's representative) certification from the health care provider of medical necessity for treatment or care giving which is the basis of the request for medical leave, as well as a return-to-work release from the health care provider, for employees who have been on medical leave due to their own serious health condition. Family Medical Leave may be taken continuously, intermittently, or via a reduced work schedule with the written approval of the Superintendent.

Health benefits are continued by the District for benefits-eligible employees during 3 months while on Family and Medical Leave (FML), but the cost of health benefits may be recovered by the District from employees who do not return to work following FML without pay. If FML is taken without pay, the employee must make arrangements with the District Office to pay dependent health premiums or other employee contributions

Upon returning to work from an authorized Family and Medical Leave, an employee will normally be assigned to the same position. In unusual circumstances, and preferably after advance consultation with the employee, the employee may be reassigned to a similar position for which he or she qualifies.

FMLA forms for employee application and health care provider certification are available from the District Office. Personnel who are employed principally in an instructional capacity may be required to extend their leave to coordinate with the end of a term, and such extended leave is counted against the teacher's FMLA allotment. If the employee's FMLA allotment expires during the extension, the additional time is nevertheless deemed FMLA leave. See District Policy for details.

If intermittent leave or reduced leave schedule is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternate position. If a teacher does not give the School Board the

required 30-day notice for intermittent leave or a reduced leave schedule which is foreseeable, he or she must delay the taking of leave until the notice provision is met. If a teacher takes intermittent leave or a reduced leave schedule which is for more than 20% of the normal working days over the period of the leave, that teacher must take the entire period as FMLA leave.

Any employee who takes leave under this policy for the intended purpose of the leave shall be entitled, on return from leave, to be restored to his or her former job, or to be placed in an equivalent position with equivalent benefits, pay and other terms and conditions of employment. The taking of leave under this policy shall not result in the loss of any employment benefit accrued before the date on which the leave began.

The District may decline such position restoration to salaried employees who are among the highest paid 10% of the school system's employees under certain conditions. See District Policy for details.

Upon returning from an approved leave of absence granted as a result of an employee's own serious health condition, the employee must present written medical certification from his or her medical care provider, stating that the employee is able to perform the essential functions of the job with or without reasonable accommodation.

### **Equal Employment Opportunity and Non-Discrimination 5120**

The District shall provide equal employment opportunities to all persons, regardless of their race, color, religion, creed, national origin, sex, age, ancestry, marital status, military status, citizenship status, use of lawful products while not at work, physical or mental handicap or disability, if otherwise able to perform the essential functions of the job with reasonable accommodations, and other legally protected categories.

The District will make reasonable accommodation for an individual with a disability known to the District, if the individual is otherwise qualified for the position, unless the accommodation would impose an undue hardship upon the District.

Inquiries regarding discrimination should be directed to the Superintendent. Specific written complaints should follow the Uniform Grievance Procedure.

### **Accommodating Individuals With Disabilities 5230**

Individuals with disabilities shall be provided a reasonable opportunity to participate in all school-sponsored services, programs, or activities on an equal basis to those without disabilities and will not be subject to illegal discrimination. The District will provide auxiliary aids and services where necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

### **Hazing, Harassment, Intimidation, Bullying, Cyber Bullying**

The Challis School District is committed to providing a positive and productive learning and working environment. Hazing, harassment, intimidation, menacing, cyber bullying or bullying by students, staff or third parties is strictly prohibited and shall not be tolerated in the district.

Students whose behavior is found to be in violation of this policy will be subject to discipline, up to and including expulsion. Staff whose behavior is found to be in violation of this policy will be subject to discipline, up to and including dismissal. Third parties whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the Superintendent or Board of Trustees.

Individuals may also be referred to law enforcement officials. Staff will be reported to the Idaho Teacher Standards and Practices Commission.

The Superintendent is directed to develop administrative procedures to implement this policy. Procedures shall include descriptions of prohibited conduct, reporting and investigative procedures, as needed, and provisions to ensure notice of this policy is provided to students, staff and third parties.

Electronic networks, including the Internet, are a part of the District's instructional program in order to promote educational excellence by facilitating resource sharing, innovation, and communication.

The District reserves the right to monitor, inspect, copy, review and store, at any time and without prior notice, any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage.

**Unacceptable Uses of Network.** The following are considered examples of unacceptable uses and constitute a violation of this policy.

- A. Uses that violate the law or encourage others to violate the law, including but not limited to transmitting offensive or harassing messages; offering for sale or use any substance the possession or use of which is prohibited by the District's student discipline policy; viewing, transmitting or downloading pornographic materials or materials that encourage others to violate the law; intruding into the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials.
- B. Uses that cause harm to others or damage to their property, person or reputation, including but not limited to engaging in defamation (harming another's reputation by lies); employing another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating, or otherwise using his/her access to the network or the Internet; uploading a worm, virus, other harmful form of programming or vandalism; participating in "hacking" activities or any form of unauthorized access to other computers, networks, or other information.
- C. Uses amounting to harassment, sexual harassment, bullying or cyber-bullying.
- D. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet.
- E. Uses that are commercial transactions. Students and other users may not sell or buy anything over the Internet. Students and others should not give information to others, including credit card numbers and social security numbers.
- F. Sending, receiving, viewing or downloading obscene materials, materials harmful to minors and materials that depict the sexual exploitation of minors.
- G. Students are prohibited from joining chat rooms, using school equipment or school systems for any such activity, unless it is a teacher-sponsored activity.

Through its overall safety program and various policies pertaining to school personnel, the Board shall promote the safety of employees during working hours and assist them in the maintenance of good health. It shall encourage all its employees to maintain optimum health through the practice of good health habits.

Under the circumstances defined below, the Board may require physical examinations of its employees. Results of such physical examinations shall be maintained in separate medical files and not in the employee's personnel file and may be released only as permitted by law.

### **Physical Examinations**

If the work is of a physically demanding nature, subsequent to a conditional offer of employment and prior to a commencement of work, the District may require an applicant to have a medical examination and to meet any other health requirements that may be imposed by the State. The District may condition an offer of employment on the results of such examination, if all entering employees in the applicable job category are subject to such examination. If approved by personnel services, a 30-day grace period beginning from the date of employment may be allowed for the employee to obtain the required medical examination.

All bus drivers, including full-time, regular part-time or temporary part-time drivers, shall be required to have a satisfactory medical examination prior to employment.

### **Contagious or Infectious Diseases**

If a staff person has a contagious or infectious disease and has knowledge that a person with compromised or suppressed immunity attends the school, the staff person must notify the supervisor that they have a contagious or infectious disease which could be life threatening to an immune compromised person. The designated person must determine, after consultation with and on the advice of public health, if the immune compromised person needs appropriate accommodation to protect their health and safety.

An employee with a contagious or infectious disease shall not report to work during the period of time in which the employee is infectious. An employee afflicted with a contagious or infectious disease capable of being readily transmitted in the school setting (e.g., airborne transmission of tuberculosis) shall be encouraged to report the existence of the illness in case there are precautions that must be taken to protect the health of others. The District reserves the right to require a statement from the employee's primary care provider prior to the employee's return to work.

### **Confidentiality**

In all instances, District personnel shall respect the individual's right to privacy and treat any medical diagnosis as confidential information. Any information obtained regarding the medical condition or history of any employee shall be collected and maintained on separate forms and in separate medical files and be treated as confidential information. Only those individuals with a legitimate need to know (i.e., those persons with a direct responsibility for the care of or for determining work place accommodation for the staff person) will be provided with necessary medical information.

Supervisors and managers may be informed of the necessary restrictions on the work or duties of the employee and necessary accommodations. First aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment.

## **Safety Management Program and District Personnel**

**5620**

It is the policy of this district to promote a safe work environment for all employees and to take reasonable preventative measures to avoid accidents or injuries to employees. To that end, this policy directs the Board to create and adopt a detailed Safety Management Program compliant with the material requirements of the Occupational Safety and Health Act of 1970 (OSHA). District personnel are required, as a condition of their employment, to read, understand, and abide by all provisions of the District's Safety Management Program.

While the District will take steps reasonably necessary to implement the Safety Management Program, the Board recognizes that the employees are the "first line of defense" against safety violations and requires them to use their best judgement to prevent the kinds of avoidable or reasonably foreseeable accidents contemplated by the Safety Management Policy.

Finally, the Board (by way of this policy and Policy 9400) shall interpret any violation of the Safety Management Policy by any employee as necessarily and categorically outside the course and scope of the violating employee's employment with the District.

### **All District Employees**

Inclusive of the provisions of the Safety Management Program, all District employees are required to use reasonable caution and analyze all work assignments and the work environment for potential hazards.

Employees shall:

1. Follow specific safety instructions described in the District Safety Management Program.
2. Utilize their best judgement when evaluating potential safety concerns posed by any instructions that may be given to them by their supervisor.
3. Act safely in daily activities and at no time do anything they reasonably expect could result in an accident or injury to themselves or others.
4. Be responsible for their own safe conduct and do everything reasonably possible to safeguard others, unless doing so would unreasonably place the employee in peril.
5. Be alert to any potentially or actually unsafe conditions and report them immediately to their supervisor, the building principal, or maintenance.
6. Use all articles of safety equipment provided in a way that strictly complies with the manufacturers' instructions, suggested uses, and/or established industry best practices.
7. Take good care of any tools, equipment, or vehicles and report any needed repair or replacement necessary for safe use.
8. Not attempt to operate, repair, or otherwise use tools, equipment, machinery, vehicles without specific authorization, and not attempt any of the same without the requisite expertise and training necessary for competent use of that article or tool.
9. Not tamper with, attempt to tamper with, or alter any tool, equipment, vehicle, or other piece of machinery in a way contrary to or likely to be contrary to its intended use.

### **Maintenance and Food Service Employees**

All maintenance, transportation, and food service employees shall comply with the following, additional safety standards as well as any others outlined in the District Safety Program:

1. Dress appropriately for the job, for instance, by wearing closed toe, non-slip shoes and refraining from wearing loose fitting clothing or jewelry.
2. Wear appropriate personal protection equipment as instructed.

3. When handling or moving heavy objects, take precautions to avoid injury, including but not limited to using proper lifting techniques.
4. Use chemicals and other products in strict compliance with manufacturer's instructions.
5. Comply with state and federal requirements regarding food safety.

#### Supervisors

Supervisors are required to provide a safe work environment for employees and to enforce standards as set forth in this policy. Supervisors shall:

1. Ensure that all employees understand and observe safe work practices and procedures.
2. Instruct current and new employees on safe work procedures and emphasize specific job hazards and how to avoid them.
3. Inspect work areas; observe employees performing daily tasks; and determine unsafe work habits, conditions, and general housekeeping in the work area.
4. Report immediately to the administration any unsafe conditions beyond their ability to correct or cure, or which they suspect could develop into an unsafe condition beyond their ability to correct or cure.
5. Investigate and submit a complete report of any accident or injury within 24-hours.
6. Determine the cause of each accident and take corrective action.
7. Evaluate employee performance for the ability to correct workplace safety issues.

#### Disciplinary Action

Supervisors shall take necessary disciplinary measures to ensure safety rules and safe work practices and procedures are not violated. In any situation constituting a potential or foreseeable threat to health and safety, or comprising an actual violation of the District's building safety policy, any employee responsible shall be made aware that the District will not tolerate nor be held liable for unsafe conduct by an employee. Situations necessitating supervisor intervention under this policy section may include, but are not limited to:

1. Accidents resulting from failure to abide by the provisions of the District Safety Program.
2. Failure to use available personal protective equipment.
3. Failure to use proper lifting techniques.
4. Failure to observe hazardous footing conditions; and
5. Misuse of equipment.

In situations where there is a willful, reckless, or negligent disregard for safety rules or the employee fails to accept and follow safe work practices, disciplinary action will be undertaken, up to and including termination of employment.

## **Paraprofessionals, Teachers' Aides and Paraeducators**

**5710**

Paraprofessionals, teachers' aides and paraeducators, as defined in the appropriate job descriptions, are under the supervision of a Principal and a teacher to whom the Principal may have delegated responsibility for close direction. The nature of the work accomplished by paraeducators will encompass a variety of tasks that may be inclusive of "limited instructional duties."

Under federal law, a paraprofessional, also known as a "paraeducator," an "education assistant" or an "instructional assistant," is defined as an individual who is employed in a preschool, elementary school, or secondary school under the supervision of a certificated or licensed teacher, and includes persons employed in language instruction educational programs, special education programs, and migrant education programs.

Paraeducators are employed by the District mainly to assist the teacher. A paraeducator is an extension of the teacher, who legally has the direct control and supervision of the classroom or playground and responsibility for control and the welfare of the students.

In compliance with applicable legal requirements, the Board shall require all paraeducators with instructional duties, that are newly hired in a Title I school-wide program, to have a high school diploma or general equivalency diploma (GED) and

1. Demonstrate through a state approved academic assessment knowledge of and the ability to assist in instructing or preparing students to be instructed as applicable to the academic areas they are providing support in **or**
2. Have completed at least two years of study at an accredited postsecondary educational institution **or**
3. Obtained an associate degree or higher-level degree.

It is the responsibility of each Principal and teacher to provide adequate training for a paraeducator. This training should take into account the unique situations in which a paraeducator works and should be designed to cover the general contingencies that might be expected to pertain to that situation. During the first 30 days of employment, the supervising teacher or administrator shall continue to assess the skills and ability of the paraeducator to assist in reading, writing, and mathematics instruction.

The Superintendent shall develop and implement procedures for an annual evaluation of teachers' aides and paraeducators. Evaluation results shall be a factor in future employment decisions.

**5740**

It is recognized that the Board has the responsibility to maintain good public elementary and secondary schools and to implement the educational interest of the State, consistent with State and federal educational requirements, including District improvement plans, accreditation requirements, and other school-based issues. However, recognizing also that it may become necessary to eliminate certificated staff positions in certain circumstances, this policy is adopted to provide a fair and orderly process should such elimination become necessary.

The Board has the sole and exclusive authority to determine the appropriate number of certificated employees and to eliminate certified staff positions consistent with the provisions of the State law. A reduction of certified employees may occur as a result of, but not be limited to, the following examples or from other conditions necessitating reductions:

1. Decreases in student enrollment.
2. Changes in curriculum or programs
3. Staffing limitations of the District.
4. Negative changes in the financial conditions of the District.

The need for implementation of a reduction in force or the elimination of certificated positions is left to the sole discretion of the Board provided however, that no such decision shall be made until after completion of the written evaluation for each certificated staff member and that the decision as to which employee(s) shall be subject to such reduction shall not be made solely on consideration of seniority or contract status.

The Board may choose to implement a reduction in force through the elimination of:

1. An entire program or portions of programs.
2. Positions in certain grade levels only.
3. Positions by category.
4. Positions in an overall review of the District.

## **Reduction in Force Procedures**

5740p

The following definition and procedures shall be used for conducting a Reduction in Force.

### **Definition**

As used in this procedure, “teacher” shall apply to any employee of the District who holds a certificate issued by the State Board of Education who is employed in a teaching or administrative position, below the rank of Superintendent.

### **Procedures**

1. Prior to commencing action to terminate teacher contracts under this procedure, the Board will give due consideration to its ability to effectuate position elimination and/or reduction in staff by:
  - A. Voluntary retirements
  - B. Voluntary resignations
  - C. Transfer of existing staff members
  - D. Voluntary leaves of absence
2. In the event a Reduction in Force is required, teachers who are retained pursuant to these procedures may be reassigned if suitable position openings are available in instructional areas for which they are Highly Qualified and for which the principal has approved transfer pursuant to Idaho Code.
3. In the Board’s determination as to the individuals to be released pursuant to the Reduction in Force consideration will be given to the criteria set out below. Each criterion shall be considered in terms of the total context when selecting those employees who are to be considered for release pursuant to the provisions of these procedures. The following criteria will be considered:
  - A. Teacher evaluation, including components required by Idaho Code to be encompassed in teacher evaluation.
  - B. Area(s) of certification for which the teacher is highly qualified which are classified by the District as hard to fill positions.
  - C. Compliance with Professional Standards and Conduct over the course of employment with the District.
  - D. Whether or not the teacher is Highly Qualified in a course necessary for High School Graduation requirements.
  - E. Whether or not the teacher is Highly Qualified in a course necessary for middle school graduation requirements.
  - F. Educational/Degree Status.
  - G. National Certifications Held.
  - H. Position as a Lead or Master Teacher within the District.
  - I. Contribution and/or involvement in extracurricular or co-curricular positions with students.

It is the intention of the Board that each of the above criteria be given a point value for consideration in the implementation of this Reduction in Force. The appended chart, which is adopted and incorporated as part of these procedures, identifies the specific point values for each of these areas of consideration.

For each teacher subject to Reduction in Force consideration based upon the Board’s method of implementation, a Teacher Profile shall be developed by the Human Resources Department, applying the criteria to each respective teacher.

The factors for consideration shall be reviewed on an annual basis by the District’s Administration to determine whether factors should be added, eliminated, or weighted differently. Such recommendations for modification will then be brought before the Board for consideration.

4. The Human Resources Department shall advance notice of the possible Reduction in Force to all teachers who may be released, based upon the number of teachers who may be released, in whole or in part, and the school programs, teacher positions or categories of positions that may be affected.
5. With this notification, the Human Resources Department shall provide a copy of the Teacher's Profile, utilizing the established point system, and the steps a teacher should take if they believe that there is an error in their individual Teacher Profile.
6. If a teacher receiving a Teacher Profile believes that there is an error that has been made on their individual profile, the teacher shall notify the Human Resources Department of their concern of an error, in writing, by the close of the school day on the third school day after the Teacher Profile has been delivered to the teacher or the teacher's mailbox. This written notice shall specifically identify what element or elements of the Teacher Profile are believed to be erroneous and explain specifically why the element(s) is believed to be in error.
7. If the Human Resources Department receives notice of possible error, each such written notice, timely received, shall be individually reviewed for possible reconsideration or evaluation of the information used to create the Teacher Profile. This may include a member of the Administration communicating directly with the teacher to obtain more information or documentation relating to the alleged error.
  - a. If the Human Resources Department determines that an error was made in completion of the Teacher Profile, a new profile will be created and forwarded to the teacher in question.
  - b. If the Human Resources Department determines that no error was made in completion of the Teacher Profile, the teacher shall be notified of this determination.
  - c. The teacher shall have a period of three school days to file written notice of an appeal of this decision to the District's Superintendent. Thereafter the Superintendent, or the Superintendent's designee, shall review the dispute, in whatever manner the Superintendent/designee deems appropriate for the circumstance, and make a final decision on the issue of the appeal and alleged error of the Teacher Profile.
8. If the Board determines that a Reduction in Force in fact will be implemented, the Superintendent shall submit a list of the teachers recommended for release, through use of the above process, and shall make recommendation to the Board as to what due process, if any, the Board needs to implement for each individual personnel situation.
9. All releases shall be done in conformance with the applicable provisions of Idaho Code and all affected teachers will be promptly notified, in writing, of the Board's decision or actions that need to be taken by the Board relating to applicable due process activities, if any.
10. Recall Provisions - If the contract of employment of a teacher is terminated because of the implementation of these Reduction in Force procedures, the name of the teacher shall be placed upon a reappointment list and remain on such list for a period of one year.

If a position becomes open during such period, and the teacher has been selected by the Board as a person on the recall list who is Highly Qualified and most capable of holding the position, then the teacher will be notified in writing by certified mail, sent to the last known address, at least thirty days prior to the anticipated date of employment, when possible.

In determining whether a teacher is qualified for reappointment, the Board shall consider the criteria as set forth in this policy. The teacher shall accept or reject the appointment in writing within seven days after receipt of such notification. If the appointment is accepted, the teacher shall receive a written contract within 20 days of receipt of the teacher's reply by the Board. If the teacher rejects the appointment offer or does not respond according to this procedure within seven days after receipt of such notification, the name of the teacher will be removed from the recall list.

One of the Board's personnel goals is to recruit, select and employ the best qualified personnel to staff the schools within the District. As such, retired employees who leave the District in good standing may be re-employed as a "Return to Work" employee according to the following guidelines:

1. The District may employ a person previously employed as a school district or charter school instructional, pupil service, or other certificated staff member, certificated teacher or administrator who is receiving retirement benefits from the public employee retirement system of Idaho (PERSI) for positions requiring such certification provided such individuals was not promised "rehire" by the District before their retirement was in effect. These employees are referred to below as "retiree" or "retirees".

In addition, effective until June 30, 2026, the District may hire individuals who retired from any PERSI-eligible employer, so long as the individual retired on or after age 55, and so long as the individual acknowledges they may not accrue additional retirement benefits. All such employment under Idaho 59-1356(5) must end on or before June 30, 2026.

These employees shall be employed on a Standard Retired Teacher Contract or Standard Retired Administrator Contract form that has been approved by the State Superintendent of Public Instruction and which expires at the end of every school year.

2. Any employment contract between the District and retirees shall be separate and apart from the collective bargaining agreement or master agreement between the District and the local teachers' association.
3. Retirees employed consistent with this policy and state law shall accrue one day per month of sick leave. No annual sick leave shall be accumulated unless additional sick leave has been negotiated between each individual retiree and the District at the time of employment. Sick leave accrued by a retired employee under Idaho Code 33-1004H does not qualify for unused sick leave benefits under Idaho Code 33-1228.
4. The District will not provide health insurance/life insurance benefits for retirees hired consistent with this policy.
5. The District shall not employ certificated teachers and administrators who receive or received benefits under the previously existing early retirement program provided in now replaced Idaho Code 33-1004G.
6. Retirees who qualify to be rehired are those who:
  - a. Reached the Rule of 90.
  - b. Are not participating in the early retirement program.
  - c. Who are retired on or after 60 years of age.
  - d. Have never received a "promise of rehire" before their retirement date.
  - e. Have received at least one payment from their PERSI retirement account.
  - f. Meet all conditions and requirements of PERSI to qualify for this program, as such may change from time to time.

7. Any year in which a retired teacher or administrator is hired, the Superintendent shall sign a form to be retained by the District in the employee's personnel file attesting that:
  - A. Any retired teachers or administrators have been employed using the standard retired teacher or retired administrator contract, as appropriate;
  - B. The length of any such contract is one year; and
  - C. Rehire was not agreed to between the teacher or administrator and the District prior to retirement.

With the exception of those classified employees who are hired by the Board as holding a status of not at-will, all classified employees shall be regarded as “at-will” employees and may be dismissed at the will of either party and the employment relationship may be terminated at any time for any or no reason so long as the same does not violate public policy or violate any other provision of law. Such at-will designation will be included in all job descriptions and related written documentation, should the same be implemented by the District. An employment period, as well as other terms and conditions of employment set forth in a job description and/or written documentation shall not create a property right as such are included for the specific purpose only of providing notice to the employee of the service and expectations of the District so long as the employment relationship continues.

## **Classified Employee Grievance Procedure**

**5800p**

Classified employees may file a written grievance alleging a violation of current, written District approved policy, procedure, or employee handbook, a condition or conditions that jeopardize the health or safety of the employee or another, or tasks assigned outside of the employee's essential job functions and for which the employee has no specialized training in strict accordance with the procedure set forth herein. For the purposes of this procedure current, written District policy means the policy in place and approved by the Board as of the date of the incident giving rise to the grievance and not any previous or subsequent policy.

Neither the rate of pay nor the decision to terminate an employee during the initial 180 days of employment shall be regarded as a proper grievable matter.

A classified employee filing a grievance pursuant to this procedure shall be entitled to a representative of their choosing at each step of the grievance process outlined herein. Additionally, the person against whom the grievance is filed, and the Superintendent or designee shall be entitled to a representative at each step of the grievance process outlined herein. None of these individuals will be qualified to sit on the advisory grievance panel.

Neither the Board nor any member of the administration shall take reprisals affecting the employment status of any party in interest. The employee filing a grievance shall not take any reprisals regarding the course of the outcome of the grievance nor take any reprisals against any party or witness participating in the grievance.

### **Level 1: Informal**

A classified employee with a complaint is encouraged to first discuss it with their immediate supervisor with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be addressed as described in Policy 3085 and Procedure 3085p.

### **Level 2: Administration**

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the District's human resources administrator within six working days of the event or incident giving rise to the grievance.

If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment that is found to not fall within the scope of Policy 3085 and Procedure 3085p, the person who received the written grievance shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint. The District has appointed Nondiscrimination Coordinators to assist in the handling of discrimination complaints. The coordinator will complete the investigation and file the report with the Superintendent within 30 days after receipt of the written grievance. The coordinator may hire an outside investigator if necessary. If the Superintendent agrees with the recommendation of the coordinator, the recommendation will be implemented. If the Superintendent rejects the recommendation of the coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within 15 days of receiving the report of the Coordinator to the Board for a hearing.

Level 3: Superintendent

If a resolution is not reached during the informal grievance meeting, the individual against whom a grievance is filed shall file a written response to the employee grievance within six working days after the conclusion of the informal grievance meeting. Thereafter, the employee may appeal the grievance to the Superintendent or their designee within six working days of the receipt of the written response or within six working days from the date the written response was due if the classified employee received no written response. Within six working days of an appeal, the Superintendent or designee shall provide a written response to the employee.

Level 4: Hearing Panel

If the classified employee is not satisfied with the decision of the Superintendent or designee, or there is no response from the Superintendent or designee, the employee may request a review of the grievance by a hearing panel within six working days of the response or lack thereof. A written appeal must be submitted to the Board and within ten working days of receiving the appeal the Board shall convene a hearing panel consisting of three persons; one to be selected by the Board, one to be selected by the employee and one to be mutually agreed upon by the two appointed members of the panel. The panel shall submit its decision in writing to the employee, the Superintendent, and the Board within ten working days of completing its review.

Level 5: The Board

The panel's decision shall be final unless the Board overturns the panel's decision by resolution at the Board's next regularly scheduled public meeting. The decision of the Board will be final, unless appealed within 42 calendar days of the Board's resolution to overturn the panel's decision in the district court in the county in which the School District is located.

**5830p**

School bus and commercial vehicle drivers shall be subject to a drug and alcohol testing program that fulfills the requirements of the Code of Federal Regulations, Title 49, Part 382.

Other persons who drive vehicles designed to transport 16 or more passengers, including the driver, are likewise subject to the drug and alcohol testing program.

Testing procedures and facilities used for the tests shall conform with the requirements of the Code of Federal Regulations, Title 49, §§ 40, et seq.

### **Pre-Employment Tests**

Tests shall be conducted before the first time a driver performs any safety-sensitive function for the District.

Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work, until they are relieved from work and all responsibility for performing work. It includes driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; and performing any other work for the District or paid work for any entity.

The tests shall be required of an applicant only after they have been offered the position.

Exceptions may be made for drivers who have had the alcohol test required by law within the previous six months and participated in the drug testing program required by law within the previous 30 days, provided that the District has been able to make all verifications required by law.

### **Post-Accident Tests**

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any driver:

1. Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
2. Who receives a citation under State or local law, for a moving traffic violation arising from the accident.

Drivers shall make themselves readily available for testing, absent the need for immediate medical attention.

No such driver shall use alcohol for eight hours after the accident, or until after they undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two hours or if a drug test is not administered 32 hours, the District shall prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight hours after the accident for alcohol or within 32 hours for drugs.

Tests conducted by authorized federal, State, or local officials will fulfill post-accident testing requirements provided they conform to applicable legal requirements and are obtained by the District. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

### Random Tests

Tests for alcohol shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal 25% of the average number of driver positions. The number of random drug tests annually must equal 50% of the average number of driver positions. Drivers shall be selected by a scientifically valid random process, and each driver shall have an equal chance of being tested each time selections are made.

### Reasonable Suspicion Tests

Tests shall be conducted when a supervisor or District official trained in accordance with law has reasonable suspicion that the driver has violated the District's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the workday when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the District shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight hours.

A supervisor or District official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of their observations within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

Any substance abuse professional who determines that a driver needs assistance shall not refer the driver to a private practice, person, or organization in which they have a financial interest, except under circumstances allowed by law.

An employee identified as needing help in resolving a drug or alcohol problem shall be evaluated by a substance abuse professional to determine that they have properly followed the prescribed rehabilitation program and shall be subject to unannounced follow-up tests after returning to duty.

### Return-to-Duty Tests

A drug or alcohol test shall be conducted when a driver who has violated the District's drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved drugs cannot return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol cannot return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and District standards.

### Follow-Up Tests

A driver who violates the District's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem shall be subject to unannounced follow-up testing as directed by the substance abuse professional in accordance with law. Follow-up alcohol testing shall be conducted just before, during, or just after the time when the driver is performing safety-sensitive functions.

### Records

Employee drug and alcohol test results and records shall be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver shall receive copies of any records pertaining to their use of drugs or alcohol, including any records pertaining to their drug or alcohol tests. Records shall be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.
