## Review of Prerequisite Math Skills Before Entering Grade Six Mathematics

[khanacademy.org/join](https://khanacademy.org/join)

Code: **ANDRKGEH**

<b>Prerequisite Mathematics Skills Review</b>
<b>Get ready for 6<sup>th</sup> grade - Khan Academy Units Assigned</b>
<ul style="list-style-type: none"><li>• Get ready for ratios, rates, and percentages</li></ul>
<ul style="list-style-type: none"><li>• Get ready for arithmetic operations</li></ul>
<ul style="list-style-type: none"><li>• Get ready for negative numbers</li></ul>
<ul style="list-style-type: none"><li>• Get ready for equations, expressions, and inequalities</li></ul>
<ul style="list-style-type: none"><li>• Get ready for geometry</li></ul>

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.

## Review of Prerequisite Math Skills Before Entering Grade Seven Mathematics

[khanacademy.org/join](https://khanacademy.org/join)

Code: **5S2J63BQ**

<b>Prerequisite Mathematics Skills Review</b>
<b>Get ready for 7<sup>th</sup> grade - Khan Academy Units Assigned</b>
<ul style="list-style-type: none"><li>• Get ready for negative number operations</li></ul>
<ul style="list-style-type: none"><li>• Get ready for fractions, decimals, &amp; percentages</li></ul>
<ul style="list-style-type: none"><li>• Get ready for rates &amp; proportional relationships</li></ul>
<ul style="list-style-type: none"><li>• Get ready for expressions, equations, &amp; inequalities</li></ul>
<ul style="list-style-type: none"><li>• Get ready for geometry</li></ul>
<ul style="list-style-type: none"><li>• Get ready for statistics &amp; probability</li></ul>

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. Review of Prerequisite Math Skills Before Entering

## Grade Eight Mathematics: Pre-Algebra

[khanacademy.org/join](https://khanacademy.org/join)

Code: **MWWFFWAU**

<b>Prerequisite Mathematics Skills Review</b> <b>Get ready for 8<sup>th</sup> grade - Khan Academy Units Assigned</b>
• Get ready for numbers and operations
• Get ready for solving equations and systems of equations
• Get ready for linear equations and functions
• Get ready for geometry

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.

## Review of Prerequisite Math Skills Before Entering Algebra 1

[khanacademy.org/join](https://khanacademy.org/join)

Code: **A7ZENQUK**

<b>Prerequisite Mathematics Skills Review</b>
<b>Get Ready for Algebra 1 - Khan Academy Units Assigned</b>
• Get ready for equations & inequalities
• Get ready for working with units
• Get ready for linear relationships
• Get ready for functions & sequences
• Get ready for exponents, radicals, & irrational numbers
• Get ready for quadratics

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.

## Review of Prerequisite Math Skills Before Entering Geometry

[khanacademy.org/join](https://khanacademy.org/join)

Code: 7YUVHHDG

<b>Prerequisite Mathematics Skills Review</b> <b>Get ready for Geometry - Khan Academy Units Assigned</b>
• Get ready for congruence, similarity, and triangle trigonometry
• Get ready for analytic geometry
• Get ready for conic sections
• Get ready for circles and solid geometry

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.

## Review of Prerequisite Math Skills Before Entering Algebra 2

[khanacademy.org/join](https://khanacademy.org/join)

Code: **VFXCBC38**

<b>Prerequisite Mathematics Skills Review</b>
<b>Get ready for Algebra 2 - Khan Academy Units Assigned</b>
• Get ready for polynomial operations and complex numbers
• Get ready for equations
• Get ready for transformations of functions and modeling with functions
• Get ready for exponential and logarithmic relationships
• Get ready for trigonometry
• Get ready for rational functions

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.

## Review of Prerequisite Math Skills Before Entering Pre-Calculus Honors

[khanacademy.org/join](https://khanacademy.org/join)

Code: **48BQSZQN**

<b>Prerequisite Mathematics Skills Review</b> <b>Get ready for Precalculus - Khan Academy Units Assigned</b>
• Get ready for complex numbers
• Get ready for polynomials
• Get ready for composite and inverse functions
• Get ready for trigonometry
• Get ready for vectors and matrices
• Get ready for series
• Get ready for conic sections
• Get ready for probability and combinations

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.
