Course Description: Geometry is the second course in a sequence of three required high school courses designed to ensure career and college readiness. The course represents a discrete study of geometry with correlated statistics applications.

Course Outline and Content:

Unit 1: Transformations in the Coordinate Plane

Unit 2: Similarity, Congruence, and Proofs

Unit 3: Right Triangle Trigonometry

Unit 4: Circles & Volume

Unit 5: Geometric & Algebraic Connections

Unit 6: Applications of Probability

Special Assignments and Projects:

Students will be expected to maintain a 3 ring binder with all handwritten class notes, practice problems, warm-ups, and graded work with corrections. Students will also maintain a digital notebook for online resources.

Classroom Rules and Discipline Procedures: All students must adhere to the rules and expectations outlined in the Henry County Schools student handbook and the Union Grove High School student handbook addendum. Choosing not to follow any of these rules will result in a 4-step/discipline referral. Late will only be accepted if discussed IN ADVANCE with your teacher. Check Infinite Campus regularly for grade updates.

Tutoring: Tutoring is available school by appointment. Students should contact the teacher for scheduling.

Hall Pass Policy: Students are required to utilize and display the standard issued UGHS pass at all times while out of the classroom, failure to do so will result in disciplinary consequences. Students are also required to fill

out the Google form prior to leaving the classroom and document their return time on the same form. Teachers will not give out hall passes during the first ten minutes or last ten minutes of class. It is the teacher's discretion to allow or deny a hall pass request.

Chromebook Policy: It is an expectation for students to have their charged Chromebook with them every day. Failure to do so will be regarded as "not being prepared for class" and will result in a 4-step.

Make-up Policy: It is the student's responsibility to complete their make-up work. All notes and classwork can be found on Google Classroom. The Henry County BOE make-up policy will be followed. Late work will only be accepted if discussed IN ADVANCE with your teacher.

Grading System:

Geometry A (1st Semester)

40% Minor Assessments, 40% Major Assessments, 20% Final Exam

Geometry B (2nd Semester)

40% Minor Assessments, 40% Major Assessments, 20% Geometry Milestone EOC

Cell Phone/Electronic Device Policy:

The cell phone/electronic device policy begins when students enter the designated classroom area. All students will place all cell phones/devices in the teacher assigned caddy. During this time, cell phones must be turned off. Additionally, all smart watches or other electronic devices connected to the phone must be caddied until the end of class. Cell phones/devices will remain caddied until the end of class. Students will NOT be allowed to take their phones/devices out of the room when they have a hall pass to the restroom, media center, etc. Students will be allowed to use cell phones/devices before first period, during lunch, and during class transition.

On Time Policy: In order to be considered "on time" to class, the student must be across the threshold of the classroom or designated classroom area by the end of the tardy bell. Failure to do so will result in a 4-step.

Remote Learning:

Students participating in remote learning are expected to actively participate in daily instruction and follow all guidance provided by HCS, UGHS, the classroom teacher, and this syllabus. This includes but is not limited to grading policies, attendance, and preparation for class.

Unit Repair Plan:

In an effort to aid in student mastery, each UGHS student will have the opportunity to participate in Unit Repair. Each Geometry student will be able to complete Unit Repair a total of 3 times. In order to receive this opportunity, the student must communicate with the teacher to receive instructions within two school days of receiving the graded assessment. Students will be required to complete additional coursework and before/afterschool tutoring as defined by the teacher to show a greater understanding of the material to reassess. The student has 2 weeks from the date the graded assessment is returned to complete the practice work and take the reassessment. The highest grade that a student can make for Unit Repair is a 75.
