### A Message From the Principal:

It is hard to believe we have completed one quarter of the school year. On behalf of the entire faculty and staff, I would like to thank all of our parents, families, and students for a wonderful opening to our new school. As we proceed throughout the school year, we will do our best to remain focused on our core goals. We are dedicated to ensuring that all students are making academic gains, providing students a caring and safe environment, and creating a school that values and exemplifies the six pillars of character education. We have been overwhelmed with your support and kindness and cannot wait to see all of the memories we create this second quarter of school.
