

POLYTECH High School

Assessment Survey Recommendations

- Look for a reduction in the number of National and State assessments given
 - Six National assessments
- Look for a reduction in the number of State assessments given
 - Eight State assessments (Note: After survey was administered Smarter Balanced was eliminated)
- Endorse career technical certification exams as a possible replacement for final exams and DPAS measure B in CTE areas
- Schoology would be good support for common assessments in all subject areas
- Explore options for 100% common assessments in all academic areas (some areas use 80% or 90% common questions or exams)
- Value in a common exemption policy on final exams
- Look to further explore common course same grading criteria and percentages
