

Georgia Regions' Flipbook

You are going to create a flip book on the 5 geographic regions of Georgia. Your flipbook will have a title page with your name and a page for each region. Your book will need to have color and pictures. You must have one picture per region. Your pictures can be drawn or printed from the computer. Your flip book must contain the following information:

- A picture representing the region
- 2 natural resources found in the region
- One physical feature found in the region and write 2 details about it—focus on why it's important to GA
- 3 additional facts about the region.

ON THE BACK OF YOUR FLIP BOOK: DESCRIBE WHERE GEORGIA IS FOUND AS FAR AS:

- Hemispheres
- Continent
- * Nation
- *Region of nation

You may use your notes from Last week and Soft book pgs.152-163
