# Activities

Click on the activity to open the program. You need to print your work and turn it in when you are done.

Regions of Georgia						
	Wildlife	Fish & Mts.	Economy	Recreation	Climate & Land	Other
Blue Ridge Valley						
Appalachian Plateau						
Blue Ridge						
Piedmont						
Coastal Plain						

Fill in the chart. You may need to go back and review the slides to find your answers. The HOME button will take you to the slide you need.

Fill in the map by drawing in and coloring the regions. The very first slide will help you. Make sure you label each region. Also, follow the directions on the page itself.

# Resources

- ▶ Georgia Social Studies Student Edition (Houghton Mifflin)
- ▶ Map Activity from [www.about.com](http://www.about.com)
- ▶ All pictures are from Microsoft picture gallery, with the exception of the Georgia Regions. Those are traced from a map using activ-studio software.
