3. Pay careful attention to the column for remaining courses due (in red). Remember that all students will need to complete 4 Math courses while at High School (Math courses taken while in Middle School will count as a math credit but will not count towards your 4 year of Math during High School).
4. Use this information to complete your Course Registration Planning Form.
5. Share the information on your Course Registration Planning Form with your family!
6. Remember to keep in mind your extracurricular activities and family commitments when choosing courses with a heavy work load or after school commitments.
