There are three (3) assignments associated with the summer reading work. These assignments are: 1) Study questions 2) a multiple-choice reading comprehension test, and 3) an argumentative or narrative essay. Please carefully read the information below detailing these three (3) major assignments.

Reading Instructions: Choose one of the above novels. Be sure to read carefully and follow the directions below. Honors English III classes will be working with their novel choice for the first few weeks of school; therefore, it is critical that you read and comprehend the text and use tools to help you analyze the plot, characters, themes, key lines, etc.

Students, if possible, it is STRONGLY recommended that you purchase your own copy of the text for the purpose of annotation and continuing to build your own personal library. It is strongly recommended that you annotate, use sticky notes to mark key lines or events in the text, track character development throughout the text, and take good notes in order to reference them later. Contact Mrs. L. Scott via email if you have questions about additional reading comprehension strategies.

1) Study Questions: While reading the novel, answer the thirty (30) study questions in which you provide at least one piece of textual evidence to support your response. Each response should be at least 100 words in length and should include the "strong and thorough" textual evidence that supports your response. Textual evidence should follow MLA format (quotations with page numbers). Delve deeply into the text and have fun!

Study Questions Submission Method: It is strongly recommended that you type your responses in *Microsoft Word* or on *Google Drive* as you are working on the assignment in order to prevent loss of information along the way. Responses will be submitted via Turnitin.com. When finished with all twenty (20) questions, and after REVISING AND EDITING, please follow the steps below to submit your assignment.

Submitting Your Responses & Similarity Report: Turnitin's Similarity Report is the result of comparison between the text of the submission against the search targets selected for the assignment; this may include billions of pages of active and archived internet information, a repository of works previously submitted to Turnitin, and a repository of tens of thousands of periodicals, journals, and publications. Any matching or highly similar text discovered is detailed in the Similarity Report that is available in the Assignment Inbox. Your "Similarity Report Score" should be at 30% or less. You will have two (2) opportunities to submit your assignment to ensure that your Similarity Report Score is at 30% or below. Your first submission will render a score within the hour. Your second submission will render a score after 24 hours. Please plan accordingly. For more Turnitin.com questions, please email Ms. Bell.

IMPORTANT: Copying or paraphrasing another student's response is unethical and prohibited. Doing so will result in a grade of "0" for the study question assignment. It is imperative that you demonstrate your originality and critical thinking ability. Remember, you have ONE chance to make a first impression! Make a good one!

The final discussion question grade will be based on (1) the accuracy of your answers (2) the quality/content of postings and (3) the total number of postings completed out of the required twenty (20) questions.

WORD OF CAUTION: Teachers regularly read Spark Notes, Pink Monkey, Cliff Notes, e-notes, etc. **DO NOT MAKE THAT MISTAKE!** Write original answers to each question.

2) Multiple-Choice Test Information: **Within the first couple of weeks of school, we will have a multiple-choice test on the novel you selected, including character quotes.** You are strongly encouraged to maintain notes of the main characters and their development, the conflicts, the complications, the resolution, the themes, the motifs, etc. that you experience in the book.

3) Narrative/Argumentative Writing Information: We will also be writing a narrative essay or argumentative essay over the text once school begins, so your complete understanding of the book is essential. This will be your opportunity to exhibit your writing skills, so be ready to shine!

SPECIAL NOTE: Late MAJOR work will be accepted with a 20% deduction per day late beginning with this summer assignment. If you have any informed questions regarding the late policy, please email Mrs. L. Scott. Be patient; I will respond to your email.

PROCRASTINATION: Do not wait until the week before school starts or the first day of school to ask questions. Be responsible. Be accountable. Start early in the summer. This assignment is associated with your first four (4) grades in the class. Please begin the year on the right foot.

"A" 90-100% - This grade will be awarded to students who follow the directions as outlined above with great care.

Their writing will reflect organization, structure, and depth of thought and analysis. Students receiving this grade will also turn in work that is neat and organized in its presentation and that is free of excessive and distracting errors in its technical merit.

"B" 80-89% - This grade will be awarded to students who follow the directions as given above, but may include students who have difficulty producing writing that reflects the organization, structure, and depth of thought found in the "A" grading range. Responses at this level may have slight, but not distracting problems in the area of technical merit.

"C" 70-79% - This grade will be awarded to students who have minor issues in following the directions as outlined above, but who still manage to give attention to and respond to all required reflection prompts. These students may show more significant issues in organization, structure, or analytical depth than those receiving the "B" grade, or may have frequent and repeated problems with the technical merit of their assignment.

"D" 60-69% - This grade will be given to students who fail to complete all required responses or who do not produce focused or coherent responses to the required prompts. Students receiving this grade may also have major and distracting errors in organization, structure, depth of thought, command of language, or technical merit.

"F" 59% or below – This grade will be given to students who submit responses that are mostly incomplete, completely unfocused or incoherent in relation to the required prompts, or that display little to no skill in organization, depth of analysis, command of language, or technical merit.
