Chattooga Crossroads Academy is the alternative school for Chattooga County; serving both the Chattooga County and Trion City school systems. Sixth through Twelfth grade students residing in Chattooga County may attend. Students enter the program through one of four channels: school disciplinary tribunal, student support team, juvenile court, or principal referral. Generally, students stay a minimum of 18 weeks which is the equivalent of one semester. Upon entering the program, a student may not return to the regular school setting without first successfully completing academic, behavior, and attendance goals. All students are assessed for academic and behavioral needs so that an individualized academic and behavior plan can be developed. Small teacher-pupil ratios, individualized instruction, home visits, self-paced modules, and daily parent contact, allow students to progress at a faster rate than in the regular school setting. Students are transitioned back into the regular schools two times a year; Christmas break and the beginning of each school year. Crossroads begins each school year two days before the Chattooga County school system so that students going back to regular school may have two additional days of preparation.

Crossroads has been in operation for six years. School hours are 8:00 A.M. to 2:30 P.M.
