Even if you have taken or are taking college classes, even if you will have an AA degree when you graduate from high school. High school seniors should ALWAYS check “First Time in College-Freshmen” box for college applications to be eligible for scholarships, housing, orientations, etc. Also, if you check anything other than “First Time in College-Freshmen” they will assume you are an adult who took some random college classes (which doesn’t look great), instead of a high school student taking college classes (which does look great).
