# Parent Portal Directions for Registration

## Rising 11th Grade

### Written Directions to Select Elective Courses in Infinite Campus

1. Log into Infinite Campus/Parent Portal on Wednesday, February 17th at 4:00pm.
2. Choose the student you wish to register from the tab at the top (if you have more than one child).
3. On the left-hand side of the screen towards the bottom, click on **MORE**. Then select **COURSE REGISTRATION**. Next, select the school showing (it should reflect **LAMBERT HIGH SCHOOL**).

At this time, you will be able to view the academic course recommendations entered by your child's current Science and Math teachers, but cannot make changes to those courses in the portal. If you do NOT see a Science or Math recommendation, you will need to request Science or Math courses through the **COURSE WAIVER**. If you see an incorrect Science or Math course, you will need to request changes to these classes through the **COURSE WAIVER**.

4. Use **Course Registration Sheets** in this packet for making course choices for **ELA, SOCIAL STUDIES, and ELECTIVES**. Refer to the Course Digest (Forsyth County Schools website) for any pre-requisite information about courses. Link available on Lambert HS website.
5. Follow the prompt to add "**Elective Course**" and "**Alternates**". You must select a minimum of 3 alternative courses. *The courses you are selecting are course requests, not a FINAL schedule.*
6. **You may search by course name OR number.**
7. If you wish to drop a course after you have selected it, then click the class and follow the prompt to drop. You may no longer make changes to course requests once the window for your grade level closes at 4pm on Tuesday, February 23rd.

### Important Reminders:

- You need a total of **8 courses (80/80)** in Parent Portal. *The additional course to complete 80/80 will be your Lunch and Learn period. It will be added automatically prior to the opening of your registration window.*
- **Yearlong courses = 1.0**
- **Semester courses = .50** (keep semester courses paired as shown on the course sheet - Ex. Driver Education/General PE 1), **enter both course numbers.**
- Selection is not first come first serve in securing a seat in a course.
- You can make elective selections and changes at any time the Portal is open - see dates below.
- Student course requests can be viewed through Parent Portal **ONLY** during the **Verification window >March 30th, March 31st, and April 1st, 2021.**

### Important Dates

**Course Request Portal Opens: Wed., Feb 17th at 4:00pm**

**Course Request Portal Closes: Tues., Feb 23rd at 4:00pm**

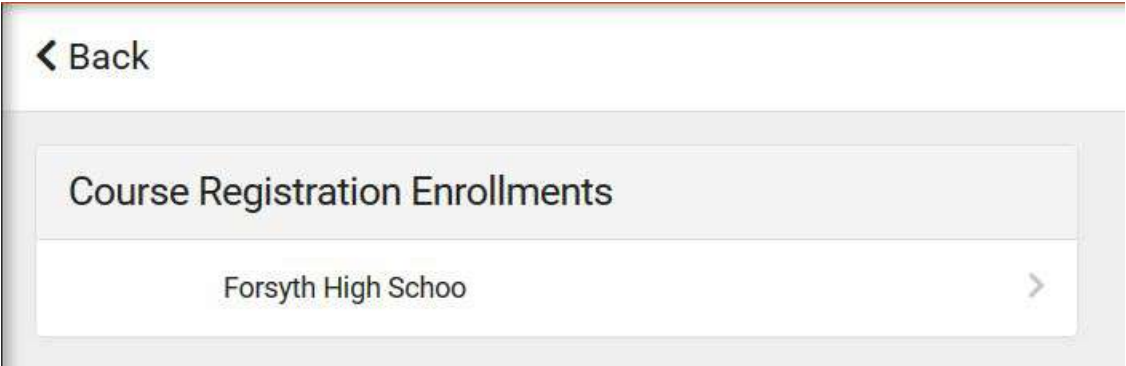

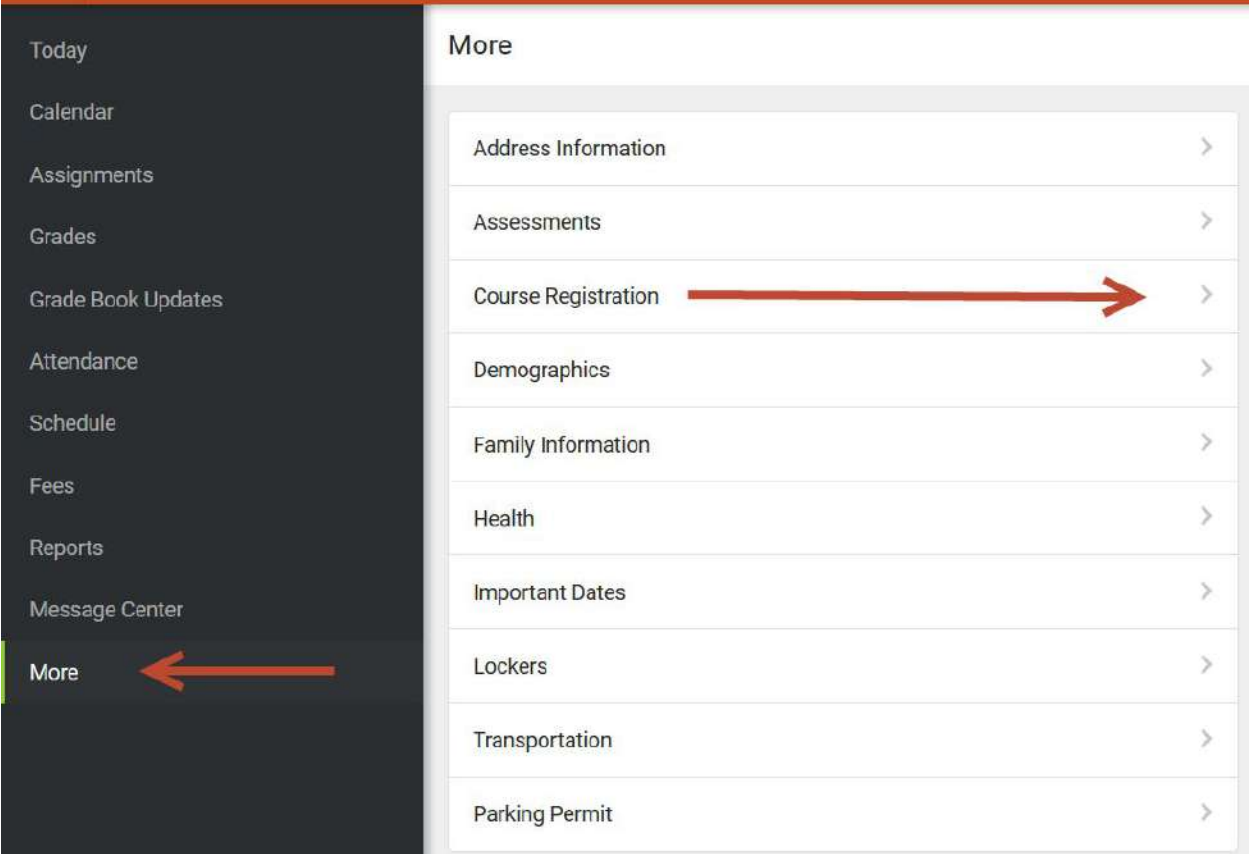

Online Waiver is available during the request window and closes at the same time.

**FINAL Review of Course Selections on Portal:**

**March 30- April 1, 2021 (THIS IS NOT A FINAL SCHEDULE)**

# Log into Parent Portal

Please log into your parent portal account. IF you do not have a parent portal account, please contact your school you are currently attending. On the left-hand side of your screen at the bottom, select More. Then select Course Registration. Then select the school showing.

The next screen to appear will show you the courses your student has been recommended for next year. These will be listed under the title "Required". You will also notice at the top of the screen percent complete bar and Units (xx/xx). Each course is comprised of units. Normally, a yearlong course equals 10 units and a semester course equals 5 units. You will be able to select Elective courses until you reach the maximum of 70 units. All courses requested after the 70 units will be Alternate Courses.

At the bottom of the screen is a blue box – Add Course. Select this box.

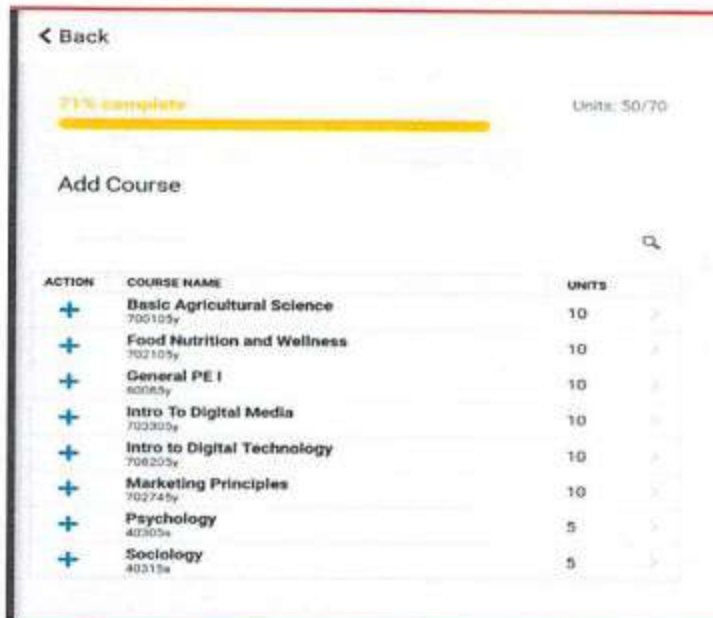

The screenshot shows a user interface for course requests. At the top left is a back arrow and the text "< Back". Below this is a progress indicator showing "71% complete" with a yellow bar and a red arrow pointing to it. To the right of the bar is the text "Units: 50/70" with a red arrow pointing to it. The main section is titled "Course Requests" and contains a table with two columns: "COURSE NAME" and "UNITS". A dropdown menu is open under "COURSE NAME", showing a "REQUIRED" button circled in red. The table lists the following courses and units:

COURSE NAME	UNITS
Advanced Composition 10305y	10
Calculus 20315y	10
American Government 40005s	5
Economics 40205s	5
Mastery Band IV 801765y	10
Forensic Science 30445y	10

At the bottom of the screen, there is a blue button labeled "Add Course" and a "Print" link. A red arrow points to the "Add Course" button.

The next screen after selecting Add Course will list all elective course options.

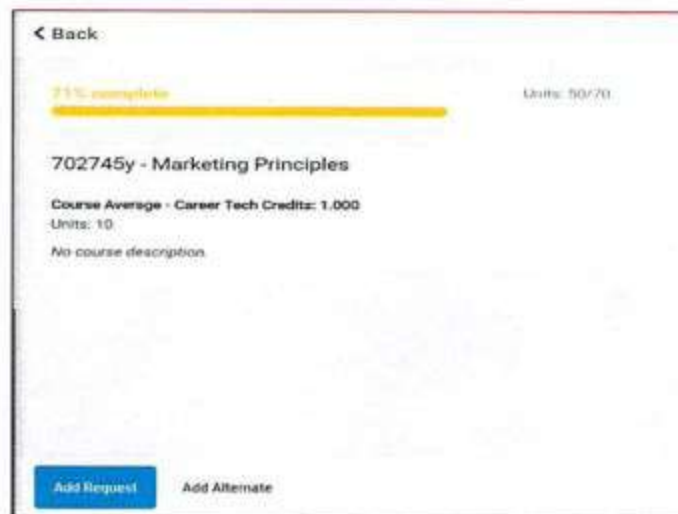

If you know the course number or course name you can type it in the search bar OR if you see it listed, select the arrow next to the course name.

A new screen will appear – IF you see Course History listed, this means the student has already taken or is currently taken the course. Do not select the course. Select back and make another choice.

If you do not see Course History listed, then you can select either Add Request or Add Alternate at the bottom. You will only select Alternate when the units shown at the top reach 70/70

Once you selected the course, it will put a red X next to that course. If you selected the course in error or would like to change your select, just select the course again and a pop-up screen will appear asking if you would like to delete the course request.

Once you have selected enough courses - the completion bar at the top is 100% complete – you will need to select at least 1 alternate course. You will follow the same procedure you did when selected your elective request except you will choose alternate(s).

**Lambert students will see recommendations for SCIENCE and MATH courses.**

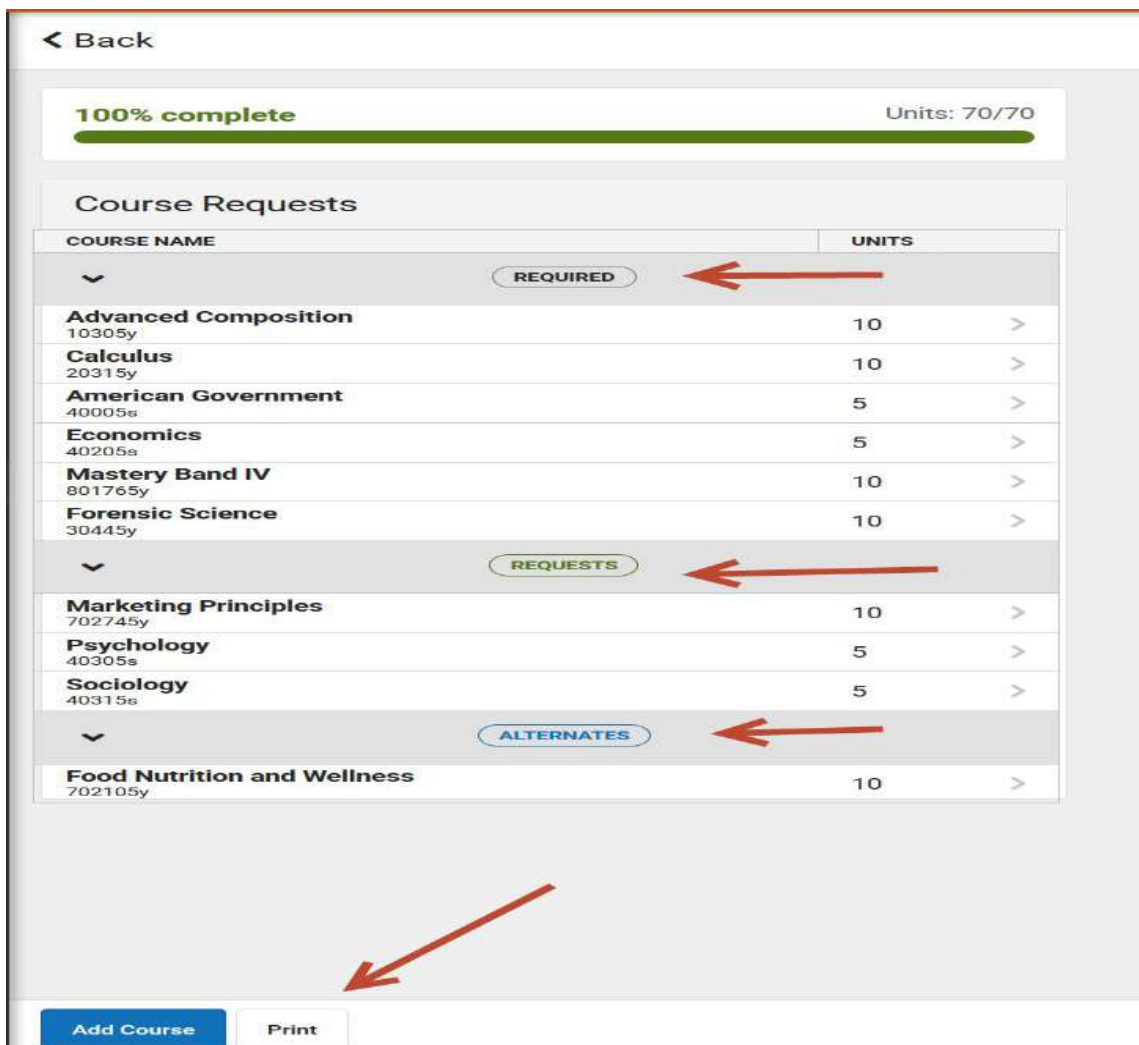

- If you do not see a Science or Math recommendation, you will need to request a Science/Math course through the WAIVER.

**ALL Lambert Students will need to select:**

- ELA Course
- Social Studies Course
- Elective Course(s)

Once that is complete select the Back arrow at the top. This will bring you back to the main screen and show you all courses requested and your alternates. You have the option to make any corrections then select the print button at the bottom.

# Course Waiver

If you wish to change a recommended course that is listed in your students' Infinite Campus Portal under Course Requests, you will need to complete the Course Waiver during the window of:
