

Rising 6th Grade Summer Math

After a review of the 6th-grade instruction and data from this year, we have developed a curriculum that will benefit your child as they remediate and maintain 5th-grade concepts over the summer. The curriculum will cover the foundational content and skills students will need in order to not only grow but achieve in Mathematics. Students who participate will be tracked throughout their 6th-grade year to see the effectiveness of the program.

The material that will be covered over the Summer will be Operations of Decimals and Fractions as well as multiplication and division. Each student will work on their own pace to complete the weekly assignments.

Students will sign up for the Rising 6th Graders Google Classroom using the class code **r774rv**. To join the Khan Academy Class Following the instructions listed below.

1. Log into your my.clayton portal
2. To login into Khan Academy go to <https://www.khanacademy.org/login?continue=https%3A//www.khanacademy.org/coach/dashboard> click on continue with Google.

3. Give Khan Academy permission to access your Google Account.
4. Enter the class code for Khan Academy(when prompted) **RDUE3TAF**
5. Assignments will be posted in Google Classroom Weekly and students will have 1 week to complete the assignment(s).

It is of the utmost importance for students to take advantage of this opportunity to become a better math student as we develop skills and confidence as they progress to the next level of their educational journey.
