Dual Enrollment FAQ

- Can parents conference with/correspond with the student's college professors? **No. Students are expected to handle all communication because they are considered a college student. No one at SJRSC, including students' professors (teachers), can communicate with parents per the FERPA law.**
- What if students have accommodations? **The student will need to work with the SJRSC Disabilities Services office to determine what accommodations, if any, can be used in college classes.**
- Are dual enrollment courses 'watered down' to fit the needs of high school students? **No. These courses are adult level courses and students should have not only the academic maturity, but the social/emotional maturity to handle adult content matter and academic responsibilities.**

Dual Enrollment FAQ continued..

- What's the impact of dual enrollment? **Dual enrollment is the start of a college transcript. Dual enrollment grades will follow students forever, which can impact admittance to college/university, acceptance into the students major, and enrollment in graduate school. Doing poorly in dual enrollment courses may also negatively impact financial aid.**
- What are the homework/study time expectations of dual enrollment? **2-3 hours of homework for each hour spent in class**
- How does a student take the PERT exam? **Students should call the SJRSC testing office at 904-312-4228 to make an appointment at the testing center to take the Reading, Writing, and Math sections of the PERT.**
