NOTES and UPDATES:

Membership: Luis Caldero is no longer on the committee

Voting On:

Legends of Learning Science Program: the license covered only the school year, so the Ms. Wilkinson has opted to go with the Teacher Pro Version at \$190 per teacher. She has recruited Mrs. Flood, a Middle School Mathematics Teacher, to request funds for the program, as well, so the students can use the program in each of the two subjects. $\$190.00 \times 2 = \380.00

SURVEYS: Would you like to Re-Word, Replace or Delete any of the Questions? The Questions have been sent out in the initial SAC Meeting Announcement and Agenda email
