4. Public Comments. **Principal's Update (Jennifer Gamble):** PBIS points are very encouraging. Students are loving the ice cream, eating on the patio, Eagle's Nest etc. Thank you to the PTO and Mr. Tag for the Mystery Bags – they were a big hit! Very generous donations of \$1600 worth of shoes from rack Room for students in need. Everyone needs to be aware we are experiencing a staff shortage – subs and instructional positions, both. Looking for a 6th grade science teacher and an ESE position. Red Ribbon week is coming up at the end of October – will include dress up days! Dress Code has changed – lots of freedom this year but biggest issues are shorts and crop tops. Growth Goal school wide is to bridge the gap with our lowest 25% and minority subgroups. PLCs recently pulled data on summatives for these groups- will be covered and shared in tomorrow's Faculty Meeting.

Bechtold: Question about the budget.

Answer: Approved less for Hagy (last month) since we didn't have as much money as previously thought. Current budget: \$2,050.

Salmond – Will data provided for teachers be available to the public?

Answer: Will not be shared on the website but will be shared with SAC committee members upon request.

Data should be used to form a plan to work towards our DPP goal of bridging the gap.

Closing: Meeting adjourned at 2:27pm
