15 **Section 10. Prefatory Language.** This Act has been prepared in conformance with 78 Del. Laws, c. 90. For
16 all sections with the exception of Section 1 Addendum, all comparisons to the previous year’s Budget Act are shown
17 noting insertions by underlining and deletions by strikethrough.

18 **Section 11. Conservation Districts.** Federal Acquisition Regulations. Conservation Districts shall not be
19 required to follow the provisions of the Federal Acquisition Regulations unless specifically required under a
20 contract(s) with a federal agency or federal grant. If the Conservation Districts are required to follow subpart 31.2 of
21 the Federal Acquisition Regulations, then the Conservation Districts are hereby authorized to charge an additional 10
22 percent to their overhead cost rate to enable the Conservation Districts to continue to fulfill their statutory duties and
23 responsibilities.

24 **Section 12. First State Preservation Revolving Fund, Inc.** For the current fiscal year, First State
25 Preservation Revolving Fund, Inc. may continue to expend, for administrative expenses, the interest generated by the
26 Community Redevelopment Fund appropriations of \$250,000 in each of Fiscal Years 1999 and 2000.

27 **Section 13. Laurel Redevelopment Corporation.** Any proceeds from the sale of property funded in whole
28 or in part from Community Redevelopment Fund grants to Laurel Redevelopment Corporation shall be reinvested in
29 redevelopment projects within the Town of Laurel.

30 **Section 14. Bond Bill Reporting Requirements.** All state agencies and public school districts receiving
31 funds from the Bond and Capital Improvements Act shall submit a quarterly expenditure status report to the Director
32 of the Office of Management and Budget and the Controller General on all incomplete projects that are wholly or
33 partially funded with state and/or local funds, including bond funds. The format and information required in these
34 quarterly reports shall include, but not be limited to, expenditures of both bond and cash funds. The report format will

1 be developed by the Office of Management and Budget and include information as needed by the Department of
2 Finance, the Office of the State Treasurer and the Office of Management and Budget to anticipate cash and bond
3 requirements for the upcoming fiscal year.

4 **Section 15. Notification.** The Director of the Office of Management and Budget and the Controller General
5 shall notify affected state agencies and other instrumentalities of the State as to certain relevant provisions of this Act.
6 Additionally, the Director of the Office of Management and Budget and the Controller General shall notify the
7 President Pro Tempore of the Senate and the Speaker of the House as to any legislative appointments required by this
8 Act.

9 **Section 16. Escheat – Special Funds.** For Fiscal Year ~~2021~~ 2022, in which General Fund deposits equal
10 the threshold established in 29 Del. C. § 6102(s) and the Fiscal Year ~~2021~~ 2022 Operating Budget Act, the Secretary
11 of Finance shall transfer all additional receipts received to a holding account entitled “Escheat - Special Fund”. The
12 ~~Joint Legislative Committee on the Capital Improvement Program~~ Joint Committee on Capital Improvements shall
13 allocate these additional receipts as part of the Fiscal Year ~~2022~~ 2023 ~~Joint Legislative Committee on the Capital~~
14 ~~Improvement Act~~ Joint Committee on Capital Improvements among the following funds: (a) The K-12 Construction
15 Fund; (b) The Debt Reduction Fund; and (c) The Other Post-Employment Benefits Fund as established by 29 Del. C. §
16 5281. Amounts in the “Escheat-Special Fund” account on June 30, 2021 shall be allocated to a reserve fund for
17 extraordinary escheat claims. Any reserve fund balance deemed in excess of amounts necessary to satisfy such claims
18 shall be transferred by the Secretary of Finance to the Other Post-Employment Benefits Fund as established by 29 Del.
19 C. § 5281.

20 **Section 17. Higher Education Research and Education.** The Section 1 Addendum of this Act makes
21 appropriations to the Department of Transportation and the Department of Natural Resources and Environmental
22 Control. In an effort to best utilize resources available to the State, including federal funding, to the State’s benefit and,
23 notwithstanding 29 Del. C. c. 69 or any other statutory provision to the contrary, the General Assembly hereby permits
24 the departments, within the limits of funding provided to support research and education efforts to enter into
25 agreements directly with the University of Delaware, Delaware State University and Delaware Technical Community
26 College. This authorization is limited to conducting basic or applied research; transferring knowledge regarding
27 scientific and technological advancements; and providing practical training to the state and local governments in the

1 application of science or technology, and encourages the departments to consider these three institutions as the
2 resource of first resort in meeting any of their research and/or educational needs.

3 **Section 18. American Rescue Plan.** It is the intent of the General Assembly that to the maximum extent
4 allowable under applicable federal law or guidelines, State Fiscal Recovery Funds or State Capital Project Funds
5 provided by the American Rescue Plan Act must be used before the state appropriations listed in the Section 1
6 Addendum of this Act.

7 (1) The Office of Management and Budget shall do all of the following:

8 a. Provide a monthly report to the co-chairs of the Joint Committee on Capital Improvements and the
9 Controller General on the funds from the State Fiscal Recovery Funds and State Capital Project Funds used under this
10 section.

11 b. General fund appropriations unused based on this section shall be made available for re-appropriation by
12 the Joint Committee on Capital Improvements.

13 (2) The Office of Management and Budget may deauthorize any general obligation bond appropriations as
14 listed in the Section 1 Addendum of this Act. A deauthorization under this paragraph (2) of this section must be
15 reviewed and approved by the co-chairs of the Joint Committee on Capital Improvements and the Controller General
16 before taking effect.

1 **JUDICIAL**

2 **Section 19. Court Facilities Improvement Working Group.** Recognizing that there are critical unmet
3 court space needs statewide, including addressing operational deficiencies of the Family Court facilities in Sussex and
4 Kent Counties, and other downstate court facilities, as identified in the Southern Court Facilities Space Study (October
5 31, 2006), a court facilities improvement working group shall be established, consisting of representatives from the
6 Judicial Branch, the Office of the Governor, the Office of Management and Budget, including Facilities Management,
7 and the Office of the Controller General, to develop a plan for implementing flexible, cost-effective and potentially
8 innovative solutions to these and other court facility space issues. The working group shall engage with the Delaware
9 State Bar Association to obtain input from practitioners who practice in the affected courts regarding the best manner
10 to ensure that litigants have access to high-quality, dignified, and safe courthouses within reasonable proximity to their
11 residences, and what combination of courthouses will accomplish that goal in the manner most cost-effective to
12 taxpayers in the long term. For the same reason, the working group will obtain input from other state agencies that
13 provide services related to litigants in the affected courts, to consider whether the co-location of offices would be
14 helpful to those receiving services and be more efficient for state taxpayers in the long term.

15 **Section 20. Kent and Sussex County Judicial Court Facilities.** The Section 1 Addendum of this Act
16 includes an appropriation of \$131,000,000 for Kent and Sussex Family Court Facilities. The Section 1 Addendum of
17 80 Del. Laws c. 78 and c. 299, 81 Del. Laws c. 303, and 82 Del. Laws c. 86 appropriated funding and Section 21 of 81
18 Del. Laws c. 59 provided spending authority to be used toward preliminary costs, including planning and design,
19 architectural and engineering work, and construction costs and costs associated with relocating the Department of
20 Justice offices. Efficiencies shall be achieved in this process through the combining of planning, design, architectural
21 and engineering work for both facilities, in all circumstances where combined efforts are appropriate and will likely
22 achieve cost savings to the overall project.

1 **OFFICE OF MANAGEMENT AND BUDGET**

2 **Section 21. Construction Management.** Notwithstanding any other state law, the Office of Management
3 and Budget shall be responsible for the design and construction of all the projects listed under Office of Management
4 and Budget in the Section 1 Addendum of this Act. For those projects that are solely for the purchase of equipment,
5 including projects that are funded in any Minor Capital Improvement (MCI) and Equipment line, the Office of
6 Management and Budget shall transfer the appropriate funding necessary to purchase the equipment to the agency for
7 which the equipment is being purchased. The appropriate amount of funding shall be determined and agreed to by the
8 Office of Management and Budget and the agency for which the equipment is being purchased by September 1 of each
9 fiscal year. For those projects for which the appropriation is passed to an entity and for which the State is not a party
10 to the construction contract, the Office of Management and Budget shall provide technical assistance.

11 (a) Notwithstanding any other state law, there is hereby created an Appeals Board, to be composed of the
12 Lieutenant Governor, the Director of the Office of Management and Budget and the Controller General. The Appeals
13 Board shall approve the use of all unencumbered monies after that project is deemed substantially complete. A project
14 shall be deemed substantially complete when the project is occupied by 75 percent of the planned tenants or when
15 deemed complete by the Appeals Board. One year after a project is deemed substantially complete, any unencumbered
16 authorization balance shall revert. In no case shall this section empower the Appeals Board to allow for the
17 expenditure of funds for uses other than for the funds authorized purpose(s). The Controller General shall notify the
18 Co-Chairs of the ~~Joint Legislative Committee on the Capital Improvement Program~~ Joint Committee on Capital
19 Improvements of any decisions of the Appeals Board.

20 (b) The use of MCI and Equipment funds in order to ensure completion of a Major Capital Improvement
21 project involving construction of a new facility is prohibited unless the use of such funds are necessary due to a legal
22 settlement or emergency or unforeseen conditions as determined by the Director of the Office of Management and
23 Budget, the Controller General and the Co-Chairs of the ~~Joint Legislative Committee on the Capital Improvement~~
24 ~~Program~~ Joint Committee on Capital Improvements.

25 (c) A quarterly status report shall be submitted to the Controller General on all incomplete projects.

24 **Section 109. Maintenance and Operations Facilities.** Building structures and facilities constructed, or to
25 be constructed, within the Department of Transportation's operating right of way that facilitate maintaining the
26 highway system and are used to assist in the operational and maintenance activities for all roads, shall not be subject to
27 zoning, subdivision or building code ordinances or regulations by any political subdivision of the State. Types of
28 structures may include equipment sheds, crew quarters, equipment maintenance, equipment washing, material storage

1 sheds (i.e. salt, sand and other bulk materials), fuel centers and other maintenance structures required to maintain the
2 highway system such as security (cameras and fences) including necessary maintenance and replacement items such as
3 upgrades to existing facilities. The Department shall not construct any such facility without first conducting a public
4 workshop to describe such plans and gather public input into the effect of such plans.

5 **Section 110. Grants and Allocations.** Section 1 Addendum of this Act makes an appropriation for projects
6 within the Grants and Allocations classification. The General Assembly further defines its intent with response to
7 those appropriations as follows:

8 (a) The sum of ~~\$24,230,000~~ \$52,150,000 (State/Other), of which ~~\$630,000~~ \$2,000,000 is categorized as
9 Drainage Funds, shall be used for the Community Transportation Fund (CTF), in accordance with the rules and
10 regulations adopted by the ~~Joint Legislative Committee on the Capital Improvements Program~~ Joint Committee on
11 Capital Improvements, as amended from time to time.

12 (b) The sum of \$6,000,000 (State) shall be used for the Municipal Street Aid program pursuant to the
13 provisions of 30 Del. C. c. 51.

14 (c) Of the funds appropriated in subsection (a), ~~\$5,000,000~~ \$10,000,000 shall be used by the department to
15 continue the pilot program to accelerate the improvement and the quality of community streets. The department is
16 directed to only use these funds for direct paving and rehabilitation of community streets. The department is further
17 directed to use its existing road rating criteria as a basis to determine the priority of paving and rehabilitating community
18 streets. The department will provide a monthly report to the Co-Chairs of the ~~Joint Legislative Committee on the Capital~~
19 ~~Improvement Program~~ Joint Committee on Capital Improvements on the progress of the pilot program.

20 (d) Of the funds appropriated in subsection (a) the sum of \$20,000,000 (Other) shall be applied by the
21 Department using the formula-based process established under § 8419(2) of Title 29 to determine the priority of
22 maintenance and reconstruction projects for subdivision streets to be funded by these funds.

23 **Section 111. 5310 Program.** The Delaware Transit Corporation is authorized to expend up to ~~\$1,200,245~~
24 \$1,200,296 (State portion ~~\$741,649~~ \$741,700, Federal portion \$458,596) from the Transit System classification (97301)
25 appropriated in this Act for the 5310 Program, administered by the Federal Transit Administration.

26 **Section 112. Department Work Impacts on Private Property and its Owners.** When the Department
27 and/or any of its contractors determines that it would be in the best interests of the State to undertake

1 construction/reconstruction work past 9:00 p.m. or before 7:00 a.m., and such work is to be conducted immediately
2 adjacent to a residential neighborhood:

3 (a) The Department shall first ensure that residents of the neighborhood are notified in a timely fashion of
4 the Department's desire to undertake such work. It must explain the benefits and costs to the State and the
5 neighborhood of working under regular hours and the proposed extended hour schedule. Such notifications shall
6 include a description of the proposed work to be conducted, the proposed use of any equipment that may cause noise,
7 vibration or odor disruptions to the neighborhood and an estimate of the time required to complete the project. The
8 Department may proceed with its extended hours of work if it does not receive a significant number of objections from
9 the notified residents. Pursuant to the provisions of the Delaware Code, it shall offer temporary relocation to any
10 residents who request such relocation.

11 (b) The Department may proceed with its extended hours of work, so long as jack hammering or other high
12 noise activities do not impose an excessive nuisance to residents within the designated work zone.

13 (c) If the Department determines that the proposed work (regardless of its scheduled time) will produce
14 noise that exceeds the applicable noise ordinances of the appropriate jurisdiction, the Department shall ensure that it
15 seeks and receives a waiver from that jurisdiction before commencing the work.

16 (d) If the Department determines that the proposed work may cause any vibration or other damage to
17 neighboring property, it shall complete a pre-work survey of the potentially affected properties to determine the base-
18 line condition of those properties. It shall monitor the properties during construction to ensure that any vibration or
19 other damage is minimized. If any damage does occur, the Department must reimburse the private property owners
20 pursuant to the provisions of the Delaware Code. The Secretary of the Department (Secretary) may waive the
21 provisions of this section if he/she determines that any such work is necessary in order to respond effectively to an
22 emergency caused by a natural disaster, an accident or a failure of a transportation investment.

23 **Section 113. City of Wilmington Beautification.** In order to maintain the urban tree canopy available in the
24 City of Wilmington, and those properties that directly about City limits, the General Assembly authorizes and directs
25 the Department to establish, and maintain a program of tree maintenance and replacement in cooperation with the
26 Delaware Center for Horticulture and/or Urban Forestry in the Department of Agriculture. It is the intent of the
27 General Assembly that such program shall be funded exclusively by allocations made from time to time by members
28 of the General Assembly from their CTF. The Department shall make payments to the center and/or Urban Forestry in

1 the Department of Agriculture for work accomplished, and appropriately vouchered, from the CTF funds herein
2 identified.

3 **Section 114. Supplies of Road Materials.** 74 Del. Laws, c. 308 § 109 is suspended until such time as the
4 Department of Transportation shall suggest its re-institution and such suspension has been overridden by an Act of the
5 General Assembly.

6 **Section 115. System Capacity Preservation.** The General Assembly hereby determines that it is in the
7 public interest to limit future residential, commercial or industrial growth along certain portions of the State's highway
8 network. Such potential growth would produce unsafe driving conditions as increased traffic seeks access to, and
9 movements along, a number of local roads and collectors in critical locations through the State. The General
10 Assembly further determines that it would be infeasible or imprudent for the Department to attempt to design and
11 construct modifications to the State's highway network adjacent to these locations because such improvements would
12 irrevocably destroy the important scenic and historic nature of the view sheds and other environmental attributes
13 associated with these locations. Accordingly, the Secretary of Transportation is authorized and directed to use state
14 funds appropriated to the Transportation Enhancements program authorized and funded in the Section 1 Addendum of
15 74 Del. Laws, c. 308, together with such other funds from any public or private source as may be available and
16 appropriate, to purchase land, or such rights in land, as the Secretary deems necessary to protect the following
17 properties, pursuant to the stipulations stated herein. Expenditures of these funds for these purposes shall be with the
18 review and approval of the Director of the Office of Management and Budget and Controller General. The provisions
19 of 17 Del. C. c. 1 and 29 Del. C. c. 93 and 95 shall govern such purchases, and any other purchase by the Department
20 authorized by this Act.

21 Millcreek Farm (Yearsley) Property - Four parcels totaling approximately 35 +/- acres adjacent to Mill Creek
22 (SR 282) and Stoney Batter (SR 283) Roads in New Castle County. The Department shall work with members of the
23 surrounding community, plus state and local officials, to develop a master plan for the permanent protection of the site
24 as community recreation and education and open space. Notwithstanding 17 Del. C. § 137, the Department of
25 Transportation, upon completion of plans to reconfigure the intersection of Stony Batter Road and Mill Creek Road, is
26 authorized to transfer said property to the Red Clay Consolidated School District.

27 **Section 116. Wakefield Drive.** The Department shall be prohibited from reopening Wakefield Drive in
28 Newark through Old Baltimore Pike.

1 **Section 117. Community Transportation Funding Levels.** The Department is directed to account for the
2 Community Transportation Program funds as cash, which shall be equal to the amounts authorized in Appendix A of
3 this Act. The funds authorized within the Community Transportation Program shall not be subject to deauthorization
4 or reallocation by the Department under any circumstances.

5 **Section 118. New Development Road Widening.** When planning and/or permitting additional road
6 widening directly related to new residential development, the Department of Transportation, Division of Planning,
7 shall make every attempt to require the necessary right-of-way land be acquired from the developer owned land.

8 **Section 119. Buck Road.** The Department is requested to refrain from issuing any entrance permit,
9 authorization or approval for use of any entrance way from New Castle County Tax Parcel Number 07-026.00-094
10 onto Buck Road, until such time as it also certifies by letter to the New Castle County Department of Land Use that the
11 developer’s proposed entrance design conforms with the Department’s subdivision requirements, pursuant to its
12 authority under 17 Del. C. § 146 and its related regulations, intended to protect public safety and maintain smooth
13 traffic flow. The government of New Castle County is also requested to solicit comments from and work with the
14 residents of surrounding communities, community organizations and state and local officials to address traffic safety
15 and other legitimate land use concerns about the proposed development, after the receipt of the Department’s letter.
16 The design of the entrance on Buck Road for Greenville Center will include a sidewalk from the entrance to the
17 surrounding Greenville Manor Community on Ardleigh Drive.

18 **Section 120. Routes 141 and 48.** The Department is requested to refrain from issuing any permit,
19 authorization or approval for use of any new, additional, revised or modified entrances for New Castle County Tax
20 Parcel Numbers 07-032.20-003, 07-032.20-048 through and including 07-032.20-055, 07-032.20-057 and
21 07-032.30-072 onto or from Route 141 or Route 48, until such time as the Department obtains, reviews and comments
22 upon a traffic operations analysis for the area, which among other elements addresses (1) the predicted levels of
23 service on intersections, roadways or the Tyler McConnell Bridge affected by the proposed development of these
24 parcels, and (2) the roadway improvements necessary to accommodate the development of these parcels, based upon
25 the exploratory development plans submitted to the New Castle County Department of Land Use by the developer, as
26 required by the County’s Unified Development Code. To the extent that any submission of proposed development
27 plans is substantially different than the original exploratory development plans submitted to the County, the

1 Department is further requested to assess the impact of the new submission’s traffic generation upon the local
2 transportation network. The scope of the assessment shall be at the reasonable discretion of the Department.

3 **Section 121. Red Light Safety Enforcement.** (a) The program shall continue to use recognized safety and
4 accident criteria in determining whether and where to add any new enforcement locations to this program. Prior to any
5 new locations, the incumbent state senator and representative for the districts in which such locations are proposed,
6 shall be notified prior to installation.

7 (b) To assure integrity and propriety, no person involved in the administration or enforcement of this program
8 shall own any interest or equity in the vendor used by the Department to support the administrative elements of the
9 program. Any such person with an ownership or equity interest in such vendor must divest from this ownership or
10 investment no later than 90 days after the effective date of this Act. This restriction applies to anyone with either
11 direct involvement in administering or enforcing this program and those in any supervisory capacity above such
12 persons.

13 **Section 122. Craft Training.** The Department is authorized to engage in up to two project procurements
14 (one in New Castle County and one in Kent County) utilizing the craft training and apprentice program called for in 29
15 Del. C. § 6962(c), on an experimental basis. Any contractor that performs work in multiple trades on a road
16 construction project under the craft training experiment will have an apprenticeship in at least one, not all of the trades
17 on the project to comply with this experiment. Upon the completion of these experiments, the Department shall report
18 to the ~~Joint Legislative Committee on the Capital Improvement Program~~ Joint Committee on Capital Improvements
19 with its assessment of the program including, but not limited to, cost savings, project quality and worker safety.

20 **Section 123. Chestnut Hill Road Parcel.** The provisions of 17 Del. C. § 137 notwithstanding, the
21 Department is authorized to enter into agreements with other governmental agencies, either directly or in concert with
22 a private entity, regarding a Department-owned parcel known as NC227, Tax Parcel Number 11-003.30-027, on terms
23 the Secretary deems appropriate, for purposes of evaluating the costs and benefits of fuel cell technology from
24 environmental and economic development perspectives, which the General Assembly hereby finds is an appropriate
25 public purpose.

26 **Section 124. Rehabilitation of Public Streets, Industrial Parks.** In order to maintain a safe, attractive and
27 efficient network of public streets serving the State’s growing inventory of industrial parks, the Department shall be
28 authorized to spend sums not exceeding \$1,000,000 on the program first established by 78 Del. Laws c. 76, § 123 to

1 address this issue. The Department shall prepare an inventory of all public streets within the State’s industrial parks.
2 It shall further rank all of these streets in the same manner that it prepares the annual program of roads eligible for the
3 Paving and Rehabilitation Program authorized elsewhere in this Act. The Secretary shall then distribute this list to all
4 members of the General Assembly, together with an estimate of the amounts necessary to address those public streets
5 in this inventory most in need of repair. If a member of the General Assembly elects to allocate funds from his/her
6 CTF to repair any of these public streets, the Secretary may draw on this appropriation to match those individual CTF
7 dollars on the basis of three dollar from this special account for every one dollar allocated by the member. The
8 Secretary shall notify all members of his intent to make such matching allocations and shall require any member
9 interested in participating to notify the Department of his/her interest within 30 days from the date of such
10 announcement. In the event that the sum of all individual member requests exceeds the amounts authorized by this
11 section, the Department shall prioritize the industrial park streets to be improved on the basis of the ranking required
12 by this section, and shall share its decisions with all members of the General Assembly. For purposes of preparing this
13 inventory and ranking, the Department is authorized and directed to expend such sums as may be necessary from the
14 accounts established for statewide paving and rehabilitation activities. For purposes of eligibility, the industrial park
15 public streets shall be limited to those streets which meet department standards and are currently maintained by the
16 Department.

17 **Section 125. Community Transportation Fund.** The Department will provide an annual financial report
18 regarding projects funded through CTF and will report to the Co-Chairs of the ~~Joint Legislative Committee on the~~
19 ~~Capital Improvement Program~~ Joint Committee on Capital Improvements by June 30 of each fiscal year.

20 **Section 126. Route 1 Widening.** The Department is encouraged to consider all feasible and prudent options
21 with respect to access issues for the proposed widening of State Route 1 between State Route 273 and the Senator
22 William V. Roth Bridge, including but not limited to, the provision of new ramps in the vicinity of Newtown Road.

23 **Section 127. Community Transportation Fund.** The Department shall continue to allow the funding of
24 state historical markers through the CTF. Said CTF-funded markers shall be placed either within the right-of-way, or
25 as close thereto as safety conditions will permit and shall be positioned to be as visible as possible from the roadway
26 consistent with applicable highway safety standards. State historical markers, regardless of placement, shall be exempt
27 from all county or local signage regulations, ordinances, fees or licenses. Existing historical markers shall be brought
28 into compliance with current standards only as they require replacement, in which case CTF funding may be used for

1 said replacement and, if necessary, repositioning consistent with current safety standards. If a marker must be relocated
2 or replaced as the result of a transportation road project, the cost of said relocation or replacement, as well as the cost
3 of upgrading of the marker to current safety standards shall be borne by the Department as an expense of the project.

4 **Section 128. Research Programs.** Section 1 Addendum of this Act makes various appropriations to the
5 Department.

6 (a) Of this amount, the Department shall fund a minimum amount of \$250,000 for the purposes of funding
7 research programs.

8 (b) Of this amount, \$62,500 shall be used for infrastructure research and forums through the University of
9 Delaware, Institute for Public Administration. An additional \$50,000 shall be allocated for the purposes set forth in
10 this section to be funded from eligible federal funds. These activities funded by this appropriation shall be approved by
11 the Secretary.

12 **Section 129. Governor Printz Boulevard Private Utility Line.** (a) The General Assembly acknowledges
13 that the private utility facilities, owned by Linde LLC and installed in 1963 under permit by the then-Delaware
14 Highway Department, which previously supplied the EdgeMoor Plant with such gases, may enable future economic
15 development to the benefit of the citizens of the State of Delaware if permitted to remain in the Governor Printz
16 Boulevard right-of-way for another 10 year term. Under 26 Del. C. c. 13, utility corporations regulated by the Public
17 Service Commission are entitled to the free, regulated use of the State's rights-of-way for the placement of gas, water,
18 wastewater and oil transmission pipelines. However, independent providers who are not so regulated may not use these
19 rights-of-way for the longitudinal placement of their facilities or transmission lines or similar underground conduits.
20 These entities may only enter into use and occupancy agreements to cross such rights-of-way. The General Assembly
21 notes that such independent providers are often unable to make any reasonable private arrangement for locating their
22 facilities on private easements or arrangement for location on public lands, unless a specific exception is created for
23 this limited purpose within the State's rights-of-way.

24 (b) Notwithstanding any other provision of Delaware law, regulation, rule, or policy to the contrary, the
25 Department is authorized to contract for the use of the State's rights-of-way with Linde LLC, a private independent
26 purveyor of industrial gases, or its successors or assigns, subject at all times to the following terms and conditions:

27 (i) provisions for review and approval by the Department of the location and placement of all such
28 privately owned facilities in the State's rights-of-way, including but not limited to assuring compliance

1 with the Department’s Utility Manual Regulation and the Underground Utility Damage Prevention and
2 Safety Act (26 Del. C. c. 8);

3 (ii) provisions to reflect the fact that all other necessary approvals and agreements for such purposes have
4 been or will be obtained from the appropriate State agencies, as well as any relevant municipality or
5 other political subdivision of the State;

6 (iii) provisions for an appropriate initial length of time for which the State’s right-of-way will be used for
7 this purpose, similar to the franchise agreements the Department enters into with public utility
8 corporations, including any renewal terms thereof;

9 (iv) provisions to address the cost of future relocations of such privately owned facilities, if the right-of-
10 way is required for roadway purposes or by a public utility to be reconstructed, widened, or altered
11 during the term of the contract if efforts to find a reasonable and industry accepted alternative that does
12 not involve a relocation of the privately owned facilities cannot be found;

13 (v) provisions as needed to accommodate the New Castle County Sewer Interceptor project including (A)
14 provisions for the relocation of such privately owned facilities, within the State’s rights-of-way, if
15 efforts to find a reasonable and industry accepted alternative that does not involve a relocation of the
16 privately owned facilities cannot be found and (B) provisions for the prompt determination of a
17 reasonable and industry accepted alternative, including cost allocation and liability acknowledgement,
18 through an agreement between New Castle County and Linde LLC that is acceptable to the Department
19 of Transportation;

20 (vi) provisions for bonding or other acceptable forms of security for the eventual removal of such
21 facilities;

22 (vii) provisions for the conversion of the contract to a standard franchise agreement with a utility
23 corporation regulated by the Public Service Commission, if these privately owned facilities are ever
24 acquired by such entity; and

25 (viii) provisions for compensating the State for the use of these rights-of-way, based on a fair market value
26 assessment. This compensation shall be calculated and expressed as a property lease payment. Any
27 such payments shall be deposited to the credit of the Transportation Trust Fund created in 2 Del. C.

1 **Section 130. Construction Manager/General Contractor Pilot.** The U.S. Department of Transportation is
2 encouraging states to explore procurement alternatives for transportation project delivery, through its Every Day
3 Counts Initiative, aimed at shortening the time frame required for project completion and reducing overall project
4 costs, while still providing quality assurance for the results. Therefore, the Department is hereby authorized to utilize
5 Construction Manager/General Contractor (“CM/GC”) procurement mechanisms, for up to ten transportation
6 construction projects. “Construction Manager/General Contractor” is a project delivery method under which an owner
7 selects a General Contractor to provide consultation during the design of the project. After the project design is
8 completed, the General Contractor may submit a bid to perform the construction work. The owner evaluates the bid
9 and may decide to award the construction contract to the General Contractor, or advertise the construction contract to
10 be bid. CM/GC entities may be a single firm, a consortium, a joint venture, or a combination of entities. The use of
11 these experimental procurement approaches is further subject to the following conditions:

12 (a) The construction contract terms shall include provisions to pay prevailing wage rates as provided in 29 Del.
13 C. § 6960, or the applicable Federal prevailing wage rate, whichever is higher.

14 (b) The following additional provisions of 29 Del. C. c. 69 shall also be incorporated into these contracts: (1) §
15 6962(d)(4)a. (anti-pollution, conservation environmental measures); (2) § 6962(d)(7) (equal employment opportunity
16 assurances); and (3) § 6962(d)(8) (performance bonding requirements).

17 (c) Any such contracts shall conform to all applicable Federal laws and regulations concerning CM/GC
18 contracting, without regard to the source of funds.

19 (d) Any such contracts shall also be subject to the provisions of 17 Del. C. c. 8 (construction payments held in
20 trust for protection of subcontractors and suppliers).

21 (e) All other provisions of 29 Del. C. c. 69 shall not be applicable to these projects, except as referenced in this
22 section.

23 (f) The Co-Chairs of the ~~Joint Legislative Committee on the Capital Improvement Program~~ Joint Committee on
24 Capital Improvements and the Director of the Office of Management and Budget shall approve all projects subject to
25 this section.

26 **Section 131. Beau Tree Lane.** As it has been dedicated for public use by the residents, the section of Beau
27 Tree Lane located within the jurisdictional limits of the State of Delaware is eligible for the Department of
28 Transportation’s Snow Removal Reimbursement Program and is specifically exempted from the requirement found in

1 17 Del. C. § 521(a)(6) requiring that a street be accepted for perpetual maintenance by the Department to qualify for
2 the Snow Removal Reimbursement Program. The residents of the Delaware section of Beau Tree Lane must comply
3 with all other requirements of the Snow Removal Reimbursement Program as codified in 17 Del. C. § 521.

4 **Section 132. Pyles Lane.** The Delaware Department of Transportation is authorized and encouraged to
5 purchase, at fair market value, parcel numbers 1000520118, 1000610020, 1000610021, 1000610022, 1000610023,
6 1000610024, 1000610025, 1000610026, 1000610027, and 1000610060 located along Pyles Lane in New Castle.

7 **Section 133. Community Transportation Funds.** Notwithstanding any provision of 29 Del. C. to the
8 contrary, the Delaware Department of Transportation is hereby authorized to use Community Transportation Funds for
9 a one-time reimbursement to each of the following:

- 10 (1) Barley Mill Courts in the amount of up to \$9,000 for reimbursement for storm debris removal.
- 11 (2) The Bellevue Community Center in the amount of up to \$75,000 for sidewalk and parking lot
12 improvements.
- 13 (3) The Bethany Beach Fire Company in the amount of up to \$3,261 for a LED traffic control arrow
14 display.

2 (16) The City of Wilmington in the amount of up to \$27,000 for a commemorative statue.

3 (17) The City of Wilmington in the amount of up to \$50,000 for Sellers Park.

4 **Section 134. Laurel Redevelopment Corporation.** Notwithstanding any other provision or law to the
5 contrary, the Department of Transportation may enter into contractual agreements with the Laurel Redevelopment
6 Corporation with respect to the use of Community Transportation Funds on those properties owned or managed by the
7 Corporation. Any use of such funds shall be limited to the support of projects and/or land uses that will be kept open
8 and available for public access.

9 **Section 135. Bridge 1-424.** Being aware that Bridge 1-424 on Old Corbitt Road does not qualify for
10 FEMA Flood Hazard Mitigation Grants, the General Assembly desires not to vacate Bridge 1-424 or Old Corbitt
