9. The board reviewed the budget. There were no questions.
10. Information Items:
 - a. The Building Administrator Report included: Ms. Thomas informed the board that the Continuous Improvement Plan had been approved by the SDE and that it's effective until November 2015. She further informed the board that the SDE had extra federal dollars for Title 1 and that we had successfully made an application for an additional \$3000.00. Ms. Thomas stated that the math professional development coach was coming for an after school session for teachers on April 9. Finally, the 3rd Quarter reading challenge is ending soon, and the 4th Quarter Reading Challenge will be an excursion pay off with a picnic and hike up Palisades Creek. The criteria will be the same as it was last year.
 - b. Ms. Thomas discussed information, which she has received from Hank Povey; SDE, about what specs the district should bid for the new bus. Mr. Povey is also checking out whether our district can piggyback with another district for the purchase. The board instructed Ms. Thomas to have a price for an "auto-chain" included in the bid.
 - c. The board was told that there have been 11 applicants for the Building Administrator position. Ms. Thomas suggested that the board create a committee and timeline to use for this search. The board will be on the committee, and they will choose two more members. A meeting was scheduled for 3/16/15 to determine the criteria for rating and scoring the applications, and a preliminary read of the applications. The board would like the salary to be where it is now.
 - d. Ms. Thomas presented to the board 2 calendars to consider for the 2015-2016 school year. The calendar committee, consisting of herself, Melanie Jacobson, Pauline Scholes, and Marie Hammon, were in attendance, and the board asked Ms. Hammon about having quarters vs.

trimesters. Ms. Hammon stated that one teacher had a concern about changing her quarter units to trimester units, and the board asked Ms. Hammon if it would be difficult for Ms. Hammon to change her units. Ms. Hammon stated that it would be very easy for her to do that. At this time, the board allowed Ms. Hammon to give public comment about why she feels trimesters are better. Different ending times were factored into each calendar, and Ms. Hammon felt strongly that the district should stay with the 3:15 dismissal time vs. a 3:30 dismissal time. The board directed Ms. Thomas to put both calendars on Survey Monkey for patron preference.

11. Public Comment:

Speaking as a parent, Bill Steffes shared his thoughts and impressions on the Mars Rover Challenge that some of our students are participating in after-school groups. He feels that it is important to keep the kids involved and that maturation has to come about from this experience. He stated that it is an awesome project, and encouraged it to be carried on.
