StriveHI
NAEP Gr4

Review scores and plans for continued growth through RTI, NGSS, EL, PD for core content, PBL and attendance

Fourth-grade reading

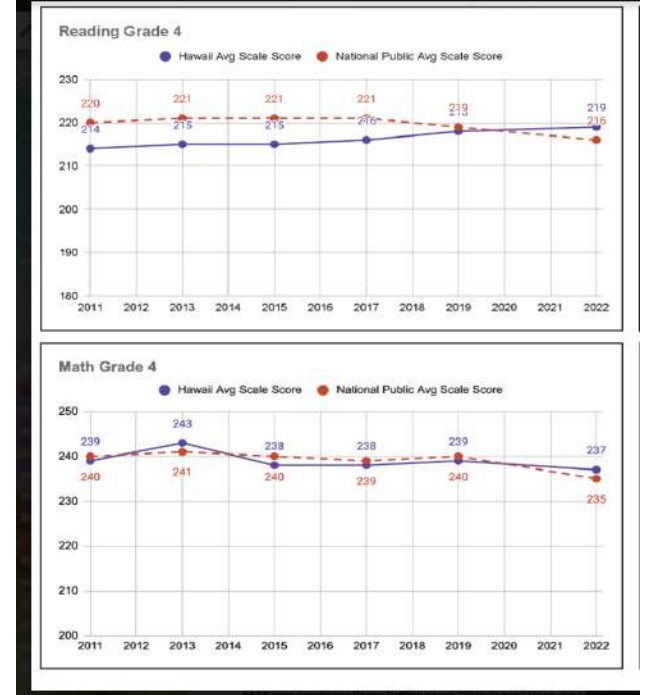

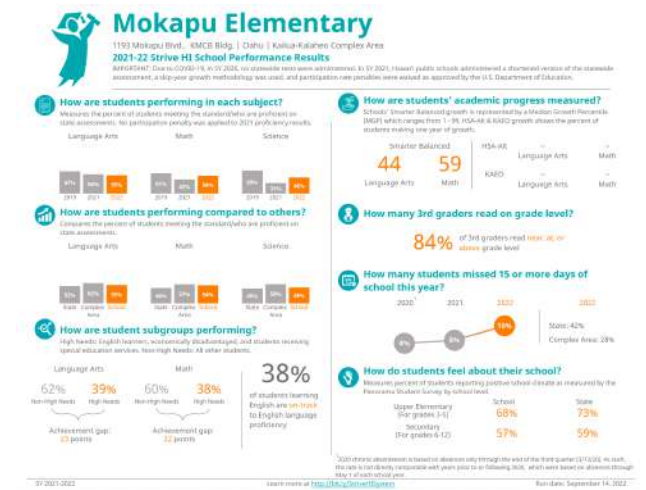

Hawai'i's average scale score increased by 1 point from 2019 levels. While Hawai'i's year-over-year increase is not statistically significant, it is 3 points higher than the national average for fourth-grade reading, and Hawai'i's performance above the nation is statistically significant.

NAEP results are reported in four achievement levels: below basic, basic, proficient and advanced. The percentage of Hawai'i fourth-graders performing at the proficient and advanced levels in reading increased by 2 points from 2019, and is 3 points higher than the national average.

Over the past decade, while the national average essentially remained unchanged and then declined during the COVID-19 pandemic, Hawai'i's average scale score has shown a significant and steady increase.

Fourth-grade math

In fourth-grade math, Hawai'i's average scale score decreased by 2 points, which is not a statistically significant change. Hawai'i's score is 2 points higher than the national average for fourth-grade math.

New School Build
Communication

Role and responsibility of SCC collab with school based Communication PLC for the dissemination of timely updates/information

Communication PLC input
-identify a day each week that communication will be distributed
-have SCC share info to be shared via g-322-Communication@k12.hi.us

			-possible separate web page on website site with new school build updates (to include traffic updates, construction etc.) -possible QR code or bit.ly for new school build updates to put up around the base
