ESE Structured-Work Study

Transition Program

for 18-22-Year-Olds

Application and Guidelines

2023 - 2024

Mission

The St. Johns County transition programs encourage community engagement and peer interaction through transition instructional activities, integrated job training, and activities in an age-appropriate setting while working toward gainful employment and community independence.

Program Goals for Students:

- Increase the level of independence and confidence.
- Become contributing and integral members of their local community.
- Develop skills to obtain competitive employment in their field of choice.
- Engage in age-appropriate interactions with peers and practice social and communication skills across settings.
- Improve self-determination and self-advocacy skills.
- Develop age-appropriate leisure and recreation interests.
- Engage the support of adult service agencies before exiting the program.

Work Experience:

- **Non-paid job training:** Students will receive career exploration and training from school district staff and job site supervisors at various work sites such as, but not limited to, maintenance, clerical, or food service.
- **Job Shadowing Experiences:** Students will be given the opportunity to job shadow in their job interest area.
- **Competitive Employment:** District transition staff and adult agencies will guide the student in obtaining competitive employment after the career experience. Job training will be provided as outlined by the student's Individualized Education Plan (IEP).

Instruction:

- Students will receive instruction in life skill curriculum areas.
- Instruction takes place in various areas designated for program use within the community. Instructor, Job Trainer, and other district staff, along with job site supervisors, work collaboratively to provide job-training instruction at rotating job sites.

Community Involvement Orientation and Assimilation:

- Students will interact with age-appropriate peers in employment and recreational activities.
- Students and families will be linked with outside agencies.
- Students will participate in Community Based Instruction to access community social and leisure/recreation activities.
- Students will receive support from other School District programs and curriculum staff.

Curriculum Areas Based on Individual Student Needs May Include:

- Self-Determination and Self-Advocacy
- Employability Skills
- Financial Literacy
- Interpersonal Communication and Social Skills
- Orientation and Assimilation into Community Activities
- Computers & Technology
- Career Exploration
- Public Transit System Travel Training
- Essential Life & Daily Living Skills

Life Work Transition Programs

Requirements

Students with disabilities who have completed the academic requirements for a Standard Diploma and need additional work-related transition skills are eligible to defer receipt of their diploma to participate in a work-study program and apply to our Transition program for students with disabilities. Selected students will participate in a planning meeting and if they choose to continue receiving transition services, will withdraw from their high school and enroll in Life Work (which is an ESE center school.)

Documented successful work experience is preferred but not required. Students who have completed all requirements for a Standard Diploma and have opted to defer receipt of their diploma to participate in a work-study program are eligible to apply. Selected students must comply with all required business policies, such as dress code and rules of conduct. SJCS D provides transportation to Life Work by school bus or via district-assigned vehicle driven by SJCS D staff.

Program Requirements:

- Be between 18-21 (services are provided up to the 22nd birthday).
- Demonstrate the ability to conduct oneself responsibly in social, private, and/or personal settings with limited staff assistance.
- Exhibit socially responsible behavior when unsupervised.
- Have a Transition Individual Education Plan (TIEP), with paid employment as a goal/student desire.
- Have a desire for paid employment in their community.
- Be a client of Vocational Rehabilitation via the Pre-ETS or Traditional pathway.
- Be motivated to work and learn the vocational/academic skills necessary for paid employment.
- Be independent in personal hygiene, toileting, grooming, and dress in the appropriate school or work attire.
- Possess the ability, physically or with adaptive equipment, to feed oneself independently.
- Present a means to independently communicate and communicate name/emergency contact information in a form that is comprehensible to strangers.
- Function independently without one-on-one supervision in all settings, including transportation.
- Be independent in self-administering medication(s) as prescribed, as necessary.
- Demonstrate consistent school attendance and punctuality.
- Be willing to utilize specialized transportation or general education transportation to and from program sites without the support of a bus aide.
- Can cross streets at major intersections safely with limited supervision or assistance.
- Have a state ID and Social Security Card or Work Authorization to obtain employment by the date of enrollment in the program.

Disclaimer

Please note that students must apply and be accepted to participate in any of the SJCS D Transition Programs (Life Work, Project Search, Community Campus). Once the student's application has been reviewed, a team member will contact the family to schedule an IEP meeting. SJCS D Transition Programs (Life Work, Project Search, Community Campus) reserve the right to dismiss any student who is unable to comply with the program requirements. If dismissed from a SJCS D Transition Program, students may either re-register at their zoned school or accept their deferred diploma and exit SJCS D.

Life Work Dual Enrollment

Life Work students may participate in Dual or Secondary Enrollment classes at First Coast Technical College (FCTC) with consultative support provided by Life Work staff, pending the application process and acceptance.

- On track for graduation
- Room in the student's schedule for a minimum of two consecutive periods.
*Please be advised some courses may require additional periods.
- Complete required assessment(s) (dual enrollment only)

Disclaimer

Applying as a dual enrollment student does not guarantee automatic acceptance or full-time enrollment. FCTC will notify you of enrollment status, via email, in August. Transportation to First Coast Technical College is not guaranteed. Please see FCTC's [website](#) for more information.

Project Search Transition Programs

Requirements

Project SEARCH is a one-year, fully immersive internship program for students with disabilities who have been determined eligible for services through Vocational Rehabilitation (VR) and have met all criteria and requirements for entrance into the program. This program is a partnership between SJCS D, The ARC of St. Johns (The VR provider), and the host business site.

Students may enter Project SEARCH directly without participating in a post-high school class, but it is highly recommended that students participate in at least one year of a post-high school program through Life Work, Community Campus, or a School-Based Program. Each site has a teacher and an employment specialist provided by SJCS D and a job coach provided by The ARC of St. Johns. The ARC of St. Johns provides transportation to the post-high school sites.

Program Requirements:

- Be between 18-21 (services are provided up to their 22nd birthday).
- Have a Transition Individual Education Plan (TIEP), with paid employment as a goal/student desire.
- Qualify for Supported Employment through Vocational Rehabilitation.
- Have a desire for paid employment in their community.
- Demonstrate consistent school attendance and punctuality.
- Demonstrate the ability to conduct oneself in social, private, and/or personal settings with limited staff assistance or when unsupervised.
- Be motivated to work and learn the vocational/academic skills necessary for paid employment.
- Be independent in personal hygiene, toileting, grooming, and dress in the appropriate school or work attire.
- Possess the ability, physically or with adaptive equipment, to move from one location to another without staff assistance or supervision.
- Possess the ability, physically or with adaptive equipment, to feed oneself independently.
- Present a means to independently communicate and communicate name/emergency contact information in a form that is comprehensible to others.
- Function independently without one-on-one supervision in all settings, including transportation.
- Be independent in self-administering medication(s) as prescribed, as necessary.
- Be able and willing to utilize general education transportation independently to and from program sites.
- Can cross streets at major intersections safely with limited supervision or assistance.
- Have a state ID and Social Security Card or Work Authorization to obtain employment by the date of enrollment in the program.

COMPELLING VALUE – MEASURABLE OUTCOMES

A typical student will graduate from high school at the age of 18. The average student with Intellectual/Developmental Disability (I/DD) or other qualifying ESE measures, may complete public high school at the age of 21. The Community Campus provides a vocationally focused opportunity for students to prepare for gainful employment and practical life skills upon graduation.

Our Vision

One day people with intellectual and developmental disabilities (I/DD) will participate as full members of their communities, throughout their lives.

Our Mission

Provide the opportunity for hope, growth, and change to people with (I/DD) in our community.

Program Requirements:

- Be an Exceptional Education Student with an IEP with prescribed transition services.
- Have met graduation requirements (with a deferred Standard Diploma) and reside within the School District of Saint John's County boundaries.
- Must be between the ages of 18-21.
- Have a Transition Individual Education Plan (TIEP)
- Demonstrate a desire to work or to learn the functional/vocational/academic skills necessary for interdependent living.
- Utilize specialized transportation without an aide.
- Be independent in self-administering medication(s) as prescribed, as necessary.
- Demonstrate consistent school attendance and punctuality.

We also offer Day Programs for students 22 and beyond. The program requirements are as follows:

- The student must have the Medicaid Waiver. If they are eligible, but do not have the Med Waiver, they need to become a client of the ARC of St. Johns 6 months to 1 year prior to ending their deferment.
- If the family is interested in pursuing one of the ARCs residential programs, they will need to become a client of the ARC for a minimum of 1 year prior to ending their deferment.
- If the student is on the waitlist for the Medicaid Waiver, they will need to apply for Psychosocial Rehabilitation (PSR).
