School App List Flowchart

An **app is proposed** and sent through Ed Frameworks by ITS or school designee.

Compliant apps are approved by district and added to the school list.

Noncompliant apps are denied in Ed Frameworks and added to the school list with a note for the school to obtain parent permission.

Applications that require payment by the schools will need the ITS/school designee obtain an FCS Terms of Service Agreement that is signed by the vendor and the base school principal. These agreements need to by signed annually for the upcoming school year by 5/31 prior to the school year starting.

Applications that require payment by the schools will need the ITS/school designee obtain an FCS Terms of Service Agreement that is signed by the vendor and the base school principal. The FCS ToS brings the app into compliance.

These agreements need to by signed annually for the upcoming school year by 5/31 prior to the school year starting.
