

The School-Parent Compact

School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure our students reach grade-level standards.

Effective Compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high quality instruction
- Share strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe, and participate in the classroom

Jointly Developed

The parents, students, and staff of N.C.H.S developed this School-Parent Compact for Achievement. Teachers suggested academic initiatives, parents added ideas to aid learning at home, and students told what would help them learn. Meetings are held each year to review the Compact and make changes based on present needs.
