Greetings Parents,

Congratulations on having your child accepted for honors level science classes. We take pride in informing you that the students of Dutchtown High School have been performing exceptionally well in Henry County Regional Science and Engineering Fair, the Georgia State and Engineering Fair and the International Science and Engineering Fair in previous years. Since your child is enrolled for fall semester class, we would like to take this opportunity to inform you of a few mandates required for all honor level students.

1. Science Fair participation is a requirement for honors classes and is 10% of the student's overall grade (changes as per county will be followed as we receive more information). It is highly recommended that students complete the science fair component in the fall semester. The student is required to adhere to the timeline provided on the 1st day of school in order to be considered for school, regional, state and International Science and Engineering Fair.
2. If the student fails to meet the due dates for the science fair in the fall, that student will forfeit the opportunity to participate in any of the science fair competitions. However, completion of the science fair project is still required component of the course.
3. All student are required to seek an appointment with their honors teacher for any questions or suggestions.
4. All topics are subject to approval by the science fair committee, as per the timeline given. Approval is based on the rigor and quality of the topic. For further suggestions the student should meet with their honors teacher or refer to the google classroom for all expectations.
5. Please ensure that your student completes the Science Fair Summer Assignment posted on google classroom (Code: **hfsuvy6**) This is due the 1st day of school.

If you have questions, please contact Ms. Mital @ Yamini.Mital@henry.k12.ga.us or Ms. Najma Moin @ Najma.Moin@henry.k12.ga.us or their science teacher as per their fall schedule.

Best Regards,
Science Department Honors Instructors
