

SERVICE CANCELABLE LOAN?

Know the Rules of Repayment

Earn the service cancellation available to you and don't let your loan convert to cash payments. To meet your service obligation and receive credit towards your loan, here is what you need to do:

Complete a Verification of Status (VOS) Form

You must provide the Georgia Student Finance Authority (GSFA) with a VOS at the time of graduation (or if you leave school) and each year of service to ensure compliance with the service cancellation requirement. You can access and print the VOS at pathways2gsfa.org. The form should be mailed or scanned/emailed to GSFA.

Service cancellation is effective once GSFA receives and approves all necessary documentation.

Cash Repayment with Interest

If you do not meet your service obligation as stated in your promissory note, the service loan cancellation option automatically converts to cash repayments. You must make monthly payments on the outstanding principal, plus interest, to GSFA. Refer to your promissory note for terms of repayment.

Review Your Promissory Note

For the details of your service cancelable loan's requirements (i.e., years/types of service, terms of repayment), refer to your promissory note.
