COVID-19 Related Policies/Changes

All Forsyth County Schools transitioned to online learning on 3/13/2020 and continued through the end of the 2019-20 school year. Students remained enrolled in all of their previously scheduled courses and were awarded numeric grades at the end of the term for all courses. Forsyth County Schools instituted a "Hold Harmless" provision for the last 9 weeks of the 2019-20 school year, which meant that for all grade levels, the totality of student work assigned and submitted during online learning, 3/16-5/22/2020, only had a positive impact on the overall semester average. During the 2020-2021 school year, students were given the option of returning to face-to-face learning, participating in full-time virtual courses through Forsyth Virtual Academy (FVA), or a hybrid version of both options. All middle and high schools were on a block schedule for the 2020-21 school year. Students were able to take a maximum of 7 courses and a minimum of 6, with seniors' minimum being 4 courses. Students who were directly exposed to the COVID-19 virus were quarantined, with many students being quarantined multiple times throughout the school year. For the 2021-22 school year, students were again given the opportunity to choose face-to-face or full-time virtual learning through FVA. Students were able to take a maximum of 7 courses and a minimum of 6, with seniors' minimum being 4 courses. Students were only required to quarantine if they tested positive for the virus.
