Colquitt County 4th grade Social Studies Pacing Guide

Students should be able to demonstrate understanding of selected themes (depending on the course) using knowledge and skills acquired during the school year. Understanding of these themes is not the end product of a single unit or lesson, but the product of long term, ongoing instruction. The bold terms represent the connecting themes that appear in multiple units throughout this course. Enduring understandings transcend specific units and courses and increase student understanding and retention of knowledge.

Themes for 4th grade:

Beliefs and Ideals: The student will understand that the beliefs and ideals of a society influence the social, political, and economic decisions of that society.

Conflict and Change: The student will understand that when there is conflict between or within societies, change is the result

Distribution of Power: The student will understand that distribution of power in government is a product of existing documents and laws combined with contemporary values and beliefs. Individuals, Groups, and Institutions: The student will understand that the actions of individuals, groups, and/or institutions affect society through intended and unintended consequences.

Location: The student will understand that location affects a society's economy, culture, and development. **Movement/Migration**: The student will understand that the movement or migration of people and ideas affects all societies involved.

Production, Distribution, Consumption: The student will understand that the production, distribution, and consumption of goods/services produced by the society are affected by the location, customs, beliefs, and laws of the society.

Technology Innovation: The student will understand that technological innovations have consequences, both intended and unintended, for a society.

The Social Studies Standards-Based Classroom Instructional Framework provides a common language of instruction in order to successfully implement high quality practices. The tool can be used to develop lesson plans as well as a guide for teachers to reference during instruction. It is imperative that an opening, transition, work and closing is addressed with each lesson

SOCIAL STUDIES STANDARDS-BASED CLASSROOM INSTRUCTIONAL FRAMEWORK

Teacher:

- Introduces standard(s), learning target(s) and success criteria
- Engages students and bridges essential understandings of both past and contemporary events
- Provides explicit instruction aligned to standard(s), including skill development and conceptual understanding
- Promotes historical inquiry using primary and secondary sources
- Provides multiple perspectives on events
- · Asks challenging questions

OPENING

- Accesses and make connections with prior knowledge
- Engages in note-taking strategies
- Participates in classroom discussions; investigates and analyzes thinking
- Asks thought-provoking and clarifying questions using academic vocabulary and the language of the standards

PERVASIVE LESSON PRACTICES

Teacher will embed pervasive practices throughout lesson based on instructional focus

Literacy Across the Content:

- Disciplinary writing
- Close reading
- · Disciplinary research
- Disciplinary vocabulary
- Map and globe skills
- Engages in classroom talk reflective of disciplinespecific habits of thinking

Formative Assessment:

- Formal assessments
- Informal assessments
- Standards-based feedback

Classroom Culture:

- Develops informed citizens and fosters citizenship
- Models concepts, skills, strategies, practices and procedures
- Encourages risk-taking and collaboration
- Demonstrates high expectations in classroom discourse

TRANSITION TO WORK SESSION

Teacher:

- Provides guided student practice
- Engages students in lesson-specific discussion: Offers opportunities to speculate about known and unknown motives and actions of historical figures
- introduces organizing tools
- Reviews learning targets, success criteria . Asks clarifying questions and expectations for work session

Student:

- Engages in guided practice
- Participates in conversations with teacher and peers using language of the standards
- · Organizes work session materials and took

WORK SESSION

Teacher:

- Facilitates independent and small group work; scaffolds learning task
- Purposefully assigns collaborative groups and differentiates tasks
- Monitors, assesses and documents student progress and provides ongoing. standards-based feedback
- Provides Individual and small group Instruction based on data
- Maintains classroom environment conductive to productivity and engagement

Student:

- Engages in independent or collaborative learning
- · Demonstrates proficiency on skills and concepts related to content standards; expresses and defends views on historical or current events
- Completes conceptually rich performance tasks, research and guided practice

CLOSING

- Facilitates student-led summary sessions
- Formatively Assesses student understanding
- Explicitly clarifies misconceptions in student understanding
- Summarizes and celebrates progress toward learning target and mastery of standard(s)
- Identifies next steps for instruction based on data analysis

Student:

- · Shares, assesses, and justifies work using language of the standards
- Provides peer feedback and asks clarifying questions using language of the standards
- Reflects and summarizes progress toward mastery of learning target/standard based on success criteria
