

# **Smyrna School District**

## **Student Code of Conduct**

*(Secondary)*

The Smyrna School District is committed to a restorative and trauma-informed approach to student behavior. Restorative practices are both a preventative and responsive approach to student behavior focused on building and repairing relationships. Our goal is to build healthy communities, increase social learning, decrease anti-social behavior, repair harm, and restore relationships in an effort to educate the whole child. Restorative practices is not just a response to misbehavior, but an inclusive process that engages all members of a school community. Through use of a Multi-Tiered System of Support (MTSS), we are able to blend social and emotional development with academic growth to ensure we are meeting the needs of each student.

The Smyrna School District subscribes to the philosophy of progressive discipline and recognizes and expects teachers to use effective classroom management skills and strategies to handle classroom behaviors and disruptions. Those skills and strategies include, but are not limited to: seat changes, proximity, reviewing and reteaching classroom and school expectations, conversations with student(s) (both with and without parent/guardian) calming corner access, warnings, and time outs. Therefore, each school administrator has the discretion to determine the necessary punitive action based upon the severity and/or regularity of each offense. Each school administrator will select among the punitive action options outlined for each infraction in the student Code of Conduct. The consequences listed in this Code do not have to be used sequentially. The options listed below can be applied or not applied as discipline at the discretion of the specific Administrator, School Administrative team, and/or District Administrative team.

The following Discipline Code of Conduct is in force:

- On school property prior to, during, and following regular school hours;
- On a school bus for any purpose. Infractions may result in removal from bus;
- At all Smyrna School District sponsored events and other activities at which school administrators or staff have jurisdiction over students;
- Off school property resulting in criminal charges.

The Discipline Code of Conduct shall apply to out-of-school conduct by a student if the District believes that the nature of such conduct indicates that the student presents a threat to the health, safety, or welfare of other students and staff. Out-of-school conduct rising to this level of severity may result in an expulsion recommendation of up to/including 180 school days and shall include but is not limited to:

- Acts of violence, which are punishable by law.
- Sexual offenses, which are punishable by law.
- The sale, transfer or possession of drugs and drug paraphernalia, which would constitute an offense punishable by law.
- Felony charges.

An IEP team or Section 504 team meeting shall be conducted for students with a disability if disciplinary removal from school for more than ten (10) days, alternative placement, or expulsion is recommended. Ten (10) days can be consecutive or cumulative. The student's disability must be identified, as defined by Federal and State law and regulations.

## **Procedures for Search and Seizure**

Students and their property may be subjected to search with reasonable suspicion of a student's use, possession or distribution of alcohol, a drug, a drug-like substance, a drug look-alike substance, drug paraphernalia, or a weapon. Student lockers are the property of the school and may be subjected to search.

Student motor vehicle use to and in the school environment is a privilege extended by the school district to students in exchange for their cooperation in the maintenance of a safe school atmosphere. Reasonable suspicion of a student's use, possession or distribution of alcohol, a drug, a drug-like substance, a drug look-alike substance, or drug paraphernalia in the school environment, may result in the student being asked to open an automobile in the school environment to permit school authorities to look for such items. Failure to open any part of the motor vehicle on the request of school authorities may result in the police being called to conduct a search, and will result in loss of the privilege to bring the vehicle on campus.

The same procedures listed above for alcohol and drug concerns will be followed with respect to weapons. Additionally, in an effort to maintain a safe school environment any and all Law Enforcement entities in our jurisdiction and Smyrna School District Administration will periodically conduct safety scans inside of Smyrna School District Buildings. These scans will involve the use of trained K9 officers.

### **School Administration & "in loco parentis" Rights**

The term *in loco parentis*, [Latin](#) for "in the place of a parent" refers to the legal responsibility of a person or organization to take on some of the functions and responsibilities of a [parent](#). Originally derived from British [common law](#). It allows institutions such as colleges and schools to act in the best interests of the [students](#) as they see fit. Allowing what would otherwise be considered violations of the students' [civil liberties](#).

### **Title 14 – Chapter 7: Lawful Authority of Teachers Over Pupils**

(b) While a student is entrusted in their care or supervision, public school teachers and administrators have the same authority to control the behavior of the student and to discipline or punish the student as a parent, custodian, guardian or other person similarly responsible for the care and supervision of the student except as provided in § 702 of this title. The authority includes removing a student from a classroom or school-sponsored activity.

## **Student Rights**

Students and their parent/guardian, as their representative, are afforded the right to grieve assigned discipline. A student grievance procedure is a mechanism by which a student may seek to remedy the rare situation where they feel they have been treated unfairly or were not afforded due process. A grievance can be filed if a student has not been able to obtain a resolution in a less formal manner.

## **Grievance Procedure:**

1. The grievant should request a conference with the teacher or person(s) who allegedly treated the student unfairly.
2. If the conference fails to resolve the issue, within (5) school days the grievant shall file a written grievance with the principal who shall issue a decision, in writing. The decision shall be completed no later than five (5) school days following receipt of the written grievance.
3. A grievant wishing to appeal the principal's written decision must file a written appeal with the Superintendent or designee not later than five (5) days from the date of the receipt of the Principal's written decision.
4. The Superintendent or designee shall schedule a conference to hear the grievance no later than five (5) school days following receipt of the notice of appeal and shall issue a decision, in writing, no later than five (5) school days following the grievance conference.
5. The decision of the Superintendent shall be the final decision of the school system. A copy of the Superintendent's final decision shall be sent to all involved parties no later than ten (10) school days following receipt of the appeal by the Superintendent.

## **Uniform Definitions for Student Conduct Which May Result in Alternative Placement or Expulsion**

Pursuant to 14 Del.C. §122(b) (26), this regulation provides uniform definitions for student conduct which may result in alternative placement or expulsion. This regulation shall apply to all school districts and charter schools. Nothing contained here shall be interpreted to require the alternative placement or expulsion of a student, nor shall this regulation be interpreted to restrict the ability of school districts and charter schools to determine which student conduct shall result in expulsion or an alternative placement. Legal definitions may be found at the following link: <http://regulations.delaware.gov/AdminCode/title14/600/614.shtml#TopOfPage>

A complete listing of all the Department of Education Discipline Codes at pertaining to Education - Title 14 can be viewed at the following link: <https://www.doe.k12.de.us/Page/3371>

OSS Pending Alternative Placement Process Parent/guardian conference with school team to discuss intervention plan Counseling Referral		

## **Code of Conduct Glossary of Terms:**

**Administrator Intervention Plan:** A collaborative plan between a student, their parent/ guardian and the school team (administrator, teacher, counselor, other staff if needed) that identifies areas of growth and resources for the student to be successful in school.

**Alternative Placement Process:** A process that begins at the conclusion of an administrative investigation, as a result of a severe or repetitive code of conduct violation(s) listed above in which a Principal is requesting a referral for Alternative Placement for the student after the administrative investigation is complete. An Alternative Placement Team Meeting will take place to determine if an alternative setting is appropriate for the referred student. The Alternative Placement Team will make a decision on whether to assign a student to an Alternative Placement Program.

If a Parent/Guardian chooses to appeal the Alternative Placement Team Decision the appeal must be in writing to the Superintendent's office no later than 5 business days following the Alternative Placement Team Meeting. A discipline hearing will take place once the appeal is received with an outside Hearing Officer, who will determine the Finding of Facts and give a recommendation to the Smyrna School District Board of Education. The Smyrna School District Board of Education will issue a decision on expulsion of the student for a period up to 180 school days from the date of the incident. If a student and their family choose to waive their right to a Discipline Hearing, the student would be admitting guilt of the code of conduct violation and would be placed in an Alternative Placement Program for an agreed upon period of days not to exceed 180 days from the date of the incident.

(This process must adhere to Delaware Regulations Administrative Code: Title 14 Education: Section 600 School Climate and Discipline, Section 611 Consortium Discipline Alternative Programs for Treatment of Severe Discipline Problems, Section 613 uniform Procedures for Processing Attorney General's Reports, Section 614 Uniform Definitions for Student Conduct Which May Result in Alternative Placement or Expulsion, and Section 616 Uniform Due Process Procedures for Alternative Placement Meetings and Expulsion Hearings.)

**Alternative Program:** A school discipline improvement program that provides Appropriate Educational Services that has been created for students whose behavior(s) is within the defined conduct under 14 DE Admin. Code 614. This includes any programs managed by a school district/charter or the Consortium Discipline Alternative Program.

**Counseling Referral:** A referral to the School Counselor, Wellness Center, or Outside Counseling Agency.

**Discipline Referral:** Formal documentation completed by the staff and returned to Administration with information about an incident or student behavior that occurred.

**Expulsion:** A disciplinary action approved by the Board of Education resulting in a student being removed from the Regular School Program for a duration not to exceed the total number of student days in a school year. A student expelled without Appropriate Educational Services shall be unenrolled from the district/charter during the term of the expulsion. Whether the expulsion is with or without educational services (including Alternative Placement), the expelled student is not eligible to enroll in any other Delaware public school during the period of the expulsion and until any reasonable terms of the expulsion are fulfilled.

**In-School Suspension (ISS):** The temporary removal of a student from the area indicated by the regularly assigned schedule.

**Multi-Tiered System of Support (MTSS):** Delaware Regulations Administrative Code: Title 14: Section 500 curriculum and Instruction, Subsection 508 defines MTSS as a framework that is designed to meet the needs of the whole child through an integrated multi-level prevention system that optimizes team-based leadership and data-driven decision making to meet the academic and non-academic needs of all students. High quality core academic instruction and non-academic practices are provided as universal supports to all children. Evidence-based intervention and supports are matched to student needs and informed by ongoing progress monitoring and additional formative assessments.

**Out of School Suspension (OSS):** A form of short-term suspension that can be applied as a consequence for violating the Code of Conduct. The duration shall not be more than ten (10) consecutive school days for any single conduct violation or combination of violations which occurred during a single disciplinary incident. Student will still be responsible for class work and assignments during out of school suspension.

The Superintendent shall have the right to temporarily extend a student's suspension beyond ten (10) school day limit pending an Alternative Placement Process decision or Board of Education decision regarding a Discipline hearing or other formalized disciplinary action hearing for the student. A student whose suspension has been temporarily extended beyond ten (10) consecutive school days shall receive Appropriate Educational Services beginning on the first day of the extension. Educational services shall continue until the student's Alternative Placement Process decision has been rendered or the Board of education decision regarding the student's Expulsion hearing or other formalized Disciplinary Action hearing has concluded.

**Outside Agency Referral:** A referral to an outside agency for support and/or reporting requirements.

**Parent/Guardian Conference:** A conference that can occur via telephone, virtually, or in person with the parent/guardian, student, and school team. The purpose of the conference is to collaborate and create a detailed action or intervention plan outlining interventions, options, and/or steps for the student to be successful and avoid the accumulation of additional/repeat code of conduct violations. Interventions can include, but are not limited to: change of class, time-outs, check-ins, identification of trusted adult(s) [for the student to talk with in and out of school who can be reached if necessary], breaks, counseling plan, wellness plan, and identified goals.

**Parent/Guardian Pick Up:** A parent must come to school to pick up student property that has been safely stored in a secure location by Administration after **Violation of Electronics, Communication and Equipment Policy S0311**.

**Police Notification:** The notification to local law enforcement of an incident that occurred on school property during or after school hours that must be reported per Delaware law or Smyrna School District policy.

**Restitution:** Reimbursement for an object that was taken or damaged from them that has monetary value. This should be a collaborative consequence with the parents involved.

**Restorative Practices:** The deliberate and intentional use of tools and strategies that facilitate the growth of healthy relationships and communities. The purpose of restorative practices is to strengthen relationships between individuals and increase community connections. Restorative practices are primarily proactive, but can be used as a way to restore harm following an incident/code of conduct violation. See below for intervention technique examples:

<b>Intervention Technique</b>	<b>Examples</b>
Self-reflection	Worksheet with questions to work through, interviews
Apology or appreciation letters	Given to those involved in the incident
Restorative contract	Formal agreements generated that have specific timelines and check-ins on progress
Restitution agreements	Agreements to dedicate time to restore damage to property
Project-based assignment	Creating PSA videos, a paper, community-based projects
Assisting others	Assisting custodial staff, teachers, administrative assistance, or community members
Regular check-ins	Designated person to connect with student on progress and reflect
Research projects	Researching negative outcomes of behaviors or potential alternative solutions for the future, can be presented to others
Volunteer opportunities	Connections to community members or school-based initiatives to give-back

**Social Probation:** A period of time in which a student is not allowed to participate/attend any non-academic school-based functions.

**School-Based Intervention Program (SBIP):** As explained in Delaware Regulation: Administration Code: Title 14: Section 600, Subsection 609 District and School-Based Intervention Services should include both short-term and long-term intervention strategies that include character education, short-term or long-term counseling to improve behavior which impacts educational performance, and methods to identify the need to refer student for additional services within the district or to other agencies. Interventions include, but are not limited to: In School Suspension, lunch detention, time outs, and reflection time.

**Time Out:** A temporary, supervised behavior management technique, which provides opportunities to regain emotional regulation.
