Parent Resources

The school secretary, along with the administration, will help families in need of academic, community and/or school resources.

2022-2023 Success Plan At-a-Glance

1. High Impact Instruction: If we establish school-wide collective commitments to grade appropriate assignments, strong instruction, deep engagement, and holding high expectations, then student achievement will increase in all academic areas. To accomplish this we will plan intentionally for Core Action components from the Instructional Practices Guide.
2. Collaborative Culture: If we refocus on appropriately embedding Conscious Discipline while intentionally meeting the social emotional needs of our students and staff, then engagement will increase school-wide.
3. Data Driven Decisions: If we utilize data to drive decision-making, collaboration and student achievement outcomes for all learners will increase.
