Weight Training: Weight Training will begin 3x3, complete Check Point Challenge #2, and complete Writing Across the Curriculum #1! Please continue to bring your PE clothes, shoes, and water bottle everyday!

Foreign Language

Spanish: ¡Hola amigos y amigas! We are winding down with our last week of Spanish. It has been lots of fun and we will be finishing off with preparing for our checkpoint challenge final. Please help students at home by studying with them and making sure that they get some review time for Spanish. We will be working on "ser" and "estar", calendar sentences, countries and capitals, and weather.

Skills Classes

ELA Skills: This week in ELA Skills we will continue to focus heavily on reading comprehension, reading fluency, and writing. We will also incorporate different reading strategies into each day, so the students become more aware of various skills that will help them understand what they read.

Math Skills: I will continue to review and preview standards to support what students are learning in their academic math class in combination with using the FastBridge program. Next week we will support academic math classes with the following skills:

7th Grade: Order of operations and fluency practice with playing cards!!

8th Grade: Evaluating exponents, properties of exponents, and fluency practice with playing cards!!
