

## CHAPTER 1

### Addition and Subtraction Within 1,00

#### Lesson 1.7 Use Place Value to Add

This lesson is basically adding the "old way".

Ex: Add  $236 + 585$

Practice estimating before you perform the Using Place Value to Add to check to see if your sum is accurate.

$$\begin{array}{r} \textcolor{red}{1} \textcolor{red}{1} \\ 236 \\ +585 \\ \hline 821 \end{array}$$

First Add the ones, then tens then hundreds place. Regroup when necessary.
