Everfi Topics

Mental Health Basics
Prescription Drug Use

Recognition of signs and symptoms of mental health disorders: Students were given details of signs and symptoms from DSM-V- some games were played to aid in what it would feel like to experience those symptoms (example, ADHD: middle school students were given a 10 second time limit to find the most items in the classroom)

Mental health awareness and assistance: Middle and high school students were given pamphlets with hotline numbers for many different needs; such as abuse, substance abuse, suicide hotline, teen dating violence, etc. Different methods of treatment were discussed in the classrooms as well.
