## An IB MYP World School Magnet

### Year 3 Basic Sciences, 2020-2021

Jennifer Nerius

*Middle Years Programme (MYP) Year 3 Science courses develop skills in six scientific areas: the Nature of Science, Properties of Matter, Matter and Energy Transformations, Life Science, Earth and Space Science and Science and Society. Inquiry is at the heart of MYP Science Learning that aims to support students' understanding by providing them with opportunities to independently and collaboratively investigate, take action, and reflect on their learning, while honoring the Florida Science Standards. MYP Science courses are designed to utilize observation, investigation and experimentation skills within our natural world to enable students to understand and appreciate science and its implications, consider science as a human endeavor with benefits and limitations, and develop sensitivity towards the living and non-living environments.*

## MISSION STATEMENT

- Our mission is to provide a rigorous, world-class education which inspires students to become active, compassionate, and collaborative lifelong learners who understand and respect other people and their differences.

## MIDDLE YEARS PROGRAMME POLICIES

- All MYP schools have four policies in place by the time of authorization. All policies are published on the PVMS website (<http://pvms.pasco.k12.fl.us/ib-myp-policies/>) as they are created.
- Academic Honesty Policy: This policy outlines the expectations of integrity and honesty for all stakeholders at PVMS.
- Language Policy: This policy outlines support provided across the school for students who are not yet proficient in English.
- Inclusion Policy: This policy defines how the MYP is inclusive for all PVMS students.
- Assessment Policy: This policy outlines procedures to ensure that assessment supports student learning. A video on assessment in the MYP is available on our website under IB MYP Videos

## BEHAVIOR EXPECTATIONS

Panthers strive to display their P.A.W.S.!

P- Positive  
A- Accountable  
W- Work Hard  
S- Safe

### School-Wide Discipline Plan:

1. Warning
2. Parent contact and lunch detention.
3. Parent contact and in class suspension with lunch detention
4. Discipline referral

With your child, please review the District School Board of Pasco County's policies regarding Attendance, Academic Integrity, Tardiness, and Dress Code which can be found on pages 6-9 in the Student Planner.

## Rewards

Students will earn PBIS points for positive behaviors that reflect the PAWS Expectations (above) and the IB Learner Profile

**IB Learner Profile-** The IB learner profile represents 10 attributes valued by IB World Schools. These attributes, and others like them, can help individuals and groups become responsible members of local, national and global communities.

Caring Knowledgeable    Balanced Principled    Reflective Risk Taker    Inquirer Thinkers    Communicator Open Minded

## GRADING/ASSESSMENT

### Performance Summative Assessment Grading Scale

for assessments graded using the MYP rubric

Rubric score	8	7	6	5	4	3	2	1
PVMS Grade	100	94	88	82	76	70	64	58

A rubric score of 0 equates to a PVMS score of 0

### Grading Scale

used for all assignments, assessments and final grades. Not used for performance based, summative assessments

90-100%	A
80-89 %	B
70-79 %	C
60-69%	D
0-59%	F

60% Summative (Common Summative Assessments {CSAs}, projects and performance assessments)

40% Formative (Common Formative Assessments {CFAs} and other evidence of standards based learning)

Students will have a variety of performance & traditional assessments during the year.

Students in Year 3 Sciences will take the State FCAT Science exam, which will determine which science courses they may take in high school.

# Year 3 Sciences

## GRADING POLICY

My expectation is that all assignments are completed on time. Assignments will be posted as they are assigned in myLearning. Multiple opportunities will be given for students to show mastery of the standards, through daily work, by student request and through completion of previous missing formative assignments.

In myStudent, the following codes will be used:

X: Exempt  
M: Missing  
I: Incomplete  
O: A zero is the grade  
DR: Dropped  
CIP: Collected, In Progress  
NG: Not graded

## ABSENTEE POLICY

### YES, WE DID SOMETHING IMPORTANT WHILE YOU WERE

**ABSENT.** Excused absences guarantee students the right to make up any and all assignments assigned on the day[s] of absence at full credit. The student is responsible for asking for assignments and make-up tests within two (2) class meetings with the teacher. The teacher(s) shall specify a reasonable period of time for completion of make-up work. In no case shall the time be less than one full calendar day for each day missed. Work due to be turned in on the day of the absence will be turned in upon return and be given full credit. The principal or designee shall have the authority to modify these conditions with a confirmed hardship. Students who have been assigned out-of-school suspension (OSS) may make up all missed assignments and tests for full credit. (*Student Code of Conduct page 9*)

## TECHNOLOGY

Students are expected to abide by all school and district digital safety rules and guidelines. Failure to do so will result in said student being banned from technology in class. While we encourage students to bring their own devices to school, using them in class without teacher permission will result in a behavior step. Students will be required to use technology both at school and at home. Students will use various sites accessed from their My Pasco Connect dashboard. Login information will be given the first week of school and can be recorded here:

Username \_\_\_\_\_ Password \_\_\_\_\_

## UNITS

Unit A: Matter  
Unit B: Cycles in Chemistry  
Unit C: Space  
Unit D: Human Growth & Development

## CLASS RESOURCES

Students and parents should be signed up for our class **Remind** account. This is used to communicate upcoming assignments, events, reminders, and progress. Login information will be sent home and the class code can be found on the front of this syllabus. Students and parents should also have access to **MyStudent** to keep track of grades and assignments. All handouts for assignments will be uploaded to MyLearning and available to print from home if needed.

Our class will have a **Mylearning** page where students can access resources used in class such as handouts, videos, and power points.

Students have access to their textbook, Pearson Elevate and Pearson EasyBridge online through their myPascoConnect platform.

Subject Area Guides that list an overview for each class and show the interconnection of the Middle Years Programme and the Florida Standards are posted on the PVMS website under the IB MYP tab.

DO NOT CUT!!

DO NOT CUT!!

DO NOT CUT!!

DO NOT CUT!!

I, \_\_\_\_\_, have read and understand the rules and expectations for Year 3 Sciences. I acknowledge that it is my responsibility to contact my teacher if I have any questions or concerns. I know that this syllabus, assignments, calendars, and resources are available to me online at any time. I know that assignments can be submitted digitally at any time and that printer/computer/flash drive issues are not an excuse for late work. I understand that students must adhere to the MYP policies and procedures. **This syllabus will remain in the student notebook.**

## Science Safety Expectations

The following safety expectations have been reviewed with your child and are to be followed at all times:

1. When entering the lab room, do not touch the equipment. Be seated and wait for your teacher's instructions.
2. Appropriate behavior is mandatory at all times.
3. Never mix, touch, taste, heat or breathe chemicals unless you are told to do so by your teacher.
4. Do not eat, drink or chew gum in the lab room.
5. Tie back long hair and secure loose clothing before working in the lab.
6. Do not perform investigations without your teacher's permission.
7. Report any broken equipment or accidents to the teacher immediately.
8. Dispose of broken glassware into the special container.
9. Keep your work area clean and orderly.
10. Upon completing the lab, clean your work area and return all equipment to its proper place.
11. Always wash your hands after working in the lab.
12. At the end of class, the teacher will give permission to leave the room when all lab stations are clean and orderly.

I have read, understand, and agree to follow these safety expectations.
