HOMEWORK

Students' grades will be based upon their grade-level performance on in-class assignments, projects, tests, quizzes, in-class participation, and notebook checks. See grading section for additional information. All assignments are posted in Schoology.

Every assignment counts towards a student's grade. Extra credit assignments may be assigned at the teacher's discretion but are not guaranteed.

Students must be prepared to submit homework upon their entrance into the classroom. Student's work should not require printing, stapling, cutting, etc. upon their entrance into classroom. Work should always be neat. Students should adopt a philosophy of professionalism when working on and submitting assignments. All essays and typed assignments **MUST** follow the prescribed course writing specifications. Students will receive point deductions for failing to follow writing specifications.

GRADING

Grading will follow the policies outlined by the school district: 70% weight for summatives and 30% weight for formatives.

Students are expected to complete all assignments during the course of each grading period. Students may assume that each assignment is for a grade unless instructed otherwise. Assignments which are unable to be presented to the teacher at the beginning of the class period are considered late. Formative late work will be accepted and 10% will be deducted for each day late. Missed summatives are to be made-up during Toro Time and students must be tagged by the teacher. It is the **student's responsibility** to find out missed assignments/tests and make arrangements with the teacher. All assignments are posted to Schoology in the daily folders under Materials.
