About Mrs. Yow

After graduating from Bartram Trail High School, I went on to earn a bachelors in secondary Mathematics Education and a Masters in Educational Leadership from The Florida State University.

I began my career teaching in South Florida before moving home to teach at BTHS. During my eight years at BTHS I taught a variety of courses including AP Statistics, Honors Statistics, and Algebra 2. For the past three years I have had the opportunity to serve as the Math Coach at SAHS. During this time, I worked with teachers to develop lessons and assessments.

In my free time I enjoy spending time with my husband Glenn and daughters Riley and Reagan. I am excited to be able to return to the classroom and be a part of developing the traditions at Toco!
