

## **Business Education & Computer Science Writing Prompt**

**Directions:** Through the years new inventions and technologies have changed the way we live. Think about one or more invention that has had an impact on the way you live. Now write to explain to your teacher how this invention or inventions have changed your life. Write a **five** paragraph essay on what you have learned and how you will use it outside my classroom. Use the same rules that you have learned for your language arts classes and writing assignments in other classes. Use Microsoft Word to complete this assignment. When completed, make sure your name is on your paper and turn it in to your class folder on my desk.

1<sup>st</sup> paragraph: a minimum of 5 sentences that introduce the topic and provide supporting evidence for your thoughts

2<sup>nd</sup> – 4<sup>th</sup> paragraphs: each must contain a minimum of 5 sentences that provide details of why the specific area/technology is important and how you will use it outside my classroom

5<sup>th</sup> paragraph: a minimum of 3 sentences that summarize your paper and provides a proper closing
