

2020-2021 CHAMP TIME APPROPRIATE USE OF TECHNOLOGY AGREEMENT

- Students take full responsibility for their devices. The school is not responsible for the security of personal technology. Personal devices cannot be left on campus before or after the school hours. Label your device and case and any accessories you bring with it.
- To ensure appropriate network filters, *students will only use the BYOT wireless connection* in school and will not attempt to bypass the network restrictions by using their personal network (3G, 4G, 5G etc).
- The school district has the right to collect and examine any device that is suspected of causing problems or is the source of an attack or virus infection.
- Students can only access Internet sites which are relevant to the classroom curriculum and suggested by a classroom teacher.
- Students can not physically share their personal devices with other students, unless they have a written parent permission to do so.
- Students understand that devices are to be used at Champ Time during homework time. During that time, devices will be used for educational purposes at the direction of the teacher. Students are not allowed to play games, use apps that are not related to homework (i.e. YouTube, Facebook, Social Media), text or take inappropriate pictures or videos.
- Students understand that devices are to remain in their back packs until homework time. Devices may not be carried into the bathroom.

Consequences:

1st Offense: Technology taken and returned to an adult at pick up.

2nd Offense: Technology is taken and given to a parent. Technology is revoked in Champ Time for 1 week.

3rd Offense: Teacher calls parent to pick up the device in the front office. Technology is revoked from Champ Time for the remainder of the year.

Note: Directors can revoke privileges anytime - based on a case to case basis

I understand and will abide by the above guidelines. I understand that Champ Time follows all county/school BYOT rules/regulations. I further understand that any violation is unethical and may result in the loss of my technology privileges as well as other disciplinary action. I have shared this with my child(ren).
