What is Title I, Part A?

Title I, Part A (TIPA) is the largest federally funded education program in the United States. The purpose of TIPA is to close the achievement gap between economically disadvantaged students and non-economically disadvantaged students.

What does that mean for our school?

Our school receives additional funding. With the extra dollars, we might hire additional staff, provide professional development, and/or purchase curriculum supplements. Part of the TIPA allocation is designated for parent and family engagement.
