

To Make You Proud

FIRST SOLO

part 1 (solo 1st time, optional):

While I am growing and after I'm grown,
I'll take what you've given,
the seeds that you've sown. (end solo, opt.)

Following roads I may not know,
finding my way, hoping to grow.
I'll hear your words
here in my heart
wherever I go.

To make you proud.
To make you proud.
I will always try to make you proud.

To make you proud.
To make you proud.
I will always try to make you proud.

SECOND SOLO

Sometimes I wonder,
and sometimes I fear.
When choices surround me,
it's not always clear.

What should I say?
What should I do?
Lessons I've learned
help me get through.
I can be strong,
I can be brave
just thinking of you.

To make you proud.
To make you proud.
I will always try to make you proud.

To make you proud.
To make you proud.
I will always try to make you proud.

Ooh.

parts 2 & 3 (optional):

To make you proud, make you proud, make you proud.
Proud, make you proud, make you proud.
Always try to make you proud, make you proud.

To make you proud, make you proud, make you proud.
Proud, make you proud, make you proud.
Always try to make you proud.
