EMERGENCY ALERT SYSTEM – In the event that we need to give you urgent information regarding the program, for instance, a weather cancellation day, you will need to sign up in a text message system called Remind.com. On the back of this are instructions for you; with a number to text with a message code for your child's grade level in August. You will then reply with <u>your</u> child's first and last name. This must be your child's name, <u>not</u> your name. More than one parent/guardian may sign up to receive emergency messages. Once your child's session is over, your account will be deleted. If you have any problems, contact Kristina Bransford at marinescienceprogram@stjohns.k12.fl.us

On your phone send a text to the number **81010** then look below for your child's correct GRADE (this August) and SESSION. The message of your text will be listed below (you must include the @ symbol).
