Health and Safety

It is our priority to provide a safe and healthy environment for your student. Seminole County Public Schools follow all policies regarding the health and safety of your student which includes mandatory face coverings. Students will be required to keep face coverings in place during testing. The application for an accommodation for a face covering in the school setting may be made in collaboration with the school board nurse and school 504 or IEP team. If a parent/guardian is seeking a face covering accommodation or an exemption due to an existing health condition or disability, the team is to explore all reasonable accommodations prior to an exemption being granted. For more information, please contact your student's zone school administration.
