

Helping Students Excel on the
CRCT

How it Works

- Web-based
- No software to install
- Access from school or home
- Available to all students and teachers at Dutchtown Middle

Creating Accounts

- www.usatestprep.com
- Click on Member Login
- Click on “Create a New Account”
- Student Information
 - School ID: dutchtown75
 - Student Activation Code: stu2879
- Teacher Information
 - School ID: dutchtown75
 - Teacher Activation Code: tea7919
- Do not post school ID or activation codes on school or personal websites.
- Keep teacher activation codes for teacher and faculty use only.

Student Resources

- Unlimited *Diagnostic Practice Tests* and *Quizzes*
- Specific content area *Tutorial Questions* with hints and explanations
- Tutorial videos
- Interactive vocabulary activities
- Educational Review Games
- Online Vocabulary Puzzles and Word Finds

Teacher Resources

- Custom Benchmark Test Generator
- Assignment System
- Printable Resources

- Parent Letters
- Gradebook
- Student Data
- Help Videos

Student Data

- Test/Quiz Results stored on database
- Email Results of all activities site-wide also available
- Whitelist:
diagnostictest@usatestprep.com
to ensure Dutchtown Middle receives all student email results

Sample Student Plan

1. Have your students take a *Benchmark Test*. This will identify their individual strengths and weaknesses.
2. Students can then work on their weakest content areas using *Practice Questions*, vocabulary activities, skill work, movies, games, and other site resources.
3. Retest students periodically to analyze their progress.
4. Repeat steps 2 and 3 as needed.

Effective Practices

- Involve parents using the printable parent letters.
- Use the *Assignment System* to create an individual assignments for students and classes.
- Alternate between printed and online review features.
- Use our Benchmark generator to create custom tests.
- Create friendly competitions with educational games, tournaments, and high score boards.
