

Wear Me Promotions Summer 2020 SCHOOL UNIFORM

Store Safety Policy for COVID-19

Please note, this year due to the coronavirus, COVID-19, we have implemented some important changes to our uniform buying process for the safety of both our customers and staff. The changes made are as follows:

- Parents of students can now visit us **online** at www.wearmeuniform.com and order student's uniforms. On the website, they will have the option to either pick up their order once it is ready in-store or can have it shipped to them.
- Due to the present situation, for the safety of both our customers and staff, we are limiting the number of people present in the store at one time. The **in-store** process will be as follows:
 1. Upon arriving at the store, we will have an attendant at the door to take down the parent's name and number in the order of customers arriving. Based on this order, we will ask customers to remain in their vehicles until called upon to enter the store.
 2. As of now, we will ask that only 1 parent accompanied by 1 student enter the store when called. Before entering the store, each individual **must be wearing a mask, will have their temperature checked, and will be administered hand sanitizer.** We ask that you bring your own masks but if you do not, we will also have masks for purchase. **Individuals failing to comply with the above will not be allowed into the store for the safety of everyone and can choose to order online as another option.**
 3. To maintain safety and efficiency, we will limit the number of student-parent pairs entering at a time and ask that everyone maintains a safe distance from others while in the store.
 4. While we have always maintained a store policy of **no returns and no exchanges** for the safety of our customers and staff, we are emphasizing this now **more than ever.** For this reason, we highly encourage the adult accompanying the student to be vigilant of the uniform sizes purchased during the time allotted in the store to purchase the correct items.
- If you have any questions regarding this process please let us know in advance at wearmepromotions@gmail.com or 770-719-8511. This process will be first come first serve and **we will not be taking appointments in advance.** Given the nature of our business, we recommend coming to the store earlier rather than later and we will do our best to accommodate everyone.
- The process we have adopted for our store was shared with all the schools we supply uniforms for and has been agreed to in the best interest of both our customers and staff. We hope to see you soon and ask for your patience as we navigate through this process during this pandemic. **As always, we look forward to dressing the students in our finest garments for the upcoming school year.**
