

9/19/2015 – Day in Life 35

- ▶ **HW -**
- ▶ GPS focus - Ecology (*S7L4*) & *Content Skills*
- ▶ Purpose: Explain that sunlight energy moves from organism to organism.

- ▶ **EQ: How do organisms interact with other organisms and their environment in order to survive?**
- ▶ **WOD- food chain**

- ▶ **Agenda - Sub Plan Work**
- ▶ GEORGIA LIFE SCIENCE TEXTBOOK -
- ▶ Read pages 710–715
- ▶ On Loose Paper to turn in:
- ▶ Copy all highlighted “Key Terms” definitions from the “context”.
- ▶ Answer all checkpoint questions on pages 71, 712 and 715.
- ▶ In their IAN pg 31
- ▶ Copy and Label Figure 2 page 713 completely

9/20/2016 - Day in Life 36

- ▶ **HW - Study Energy Pyramid**
- ▶ **GPS focus - Ecology (S7L4) & Content Skills**
- ▶ **Purpose: Explain that sunlight energy moves from organism to organism.**

- ▶ **LO: I can explain how energy is transferred between organisms.**
- ▶ **WOD- carnivore, omnivore, herbivore, Review: energy, producer, primary consumer, secondary consumer, tertiary consumer**

Agenda -

1. **Opening - Energy Pyramid Review -Hypothesis - Mouse, Snake, or Owl**
2. **Work Period - Get it, Got it, Gone - Game/Lab/Analysis**
3. **Closing - Lab Conclusions**

9/21/2016 - Day in Life 37

- ▶ **HW - Study Energy Pyramid pg 29 and pg 31**
- ▶ **GPS focus - Ecology (S7L4) & Content Skills**
- ▶ **Purpose: Explain that sunlight energy moves from organism to organism.**

- ▶ **LO: I can explain how energy is transferred between organisms.**
- ▶ **WOD- food web, decomposer, arrows**
Review: carnivore, omnivore, herbivore, energy, producer, primary consumer, secondary consumer, tertiary consumer

Agenda -

1. **Opening - WOD**
2. **Work Period - Finish IAN Anchor Chart pg 31 (713 Textbook) and IAN pg 32 - Lab Conclusions (Explain)**
3. **Closing - Decomposers/Energy (Where does the 90% go?)**

9/22/2016 - Day in Life 38

- ▶ **HW - Study Energy Pyramid pg 29 and pg 31**
- ▶ **GPS focus - Ecology (S7L4) & Content Skills**
- ▶ **Purpose: Explain that sunlight energy moves from organism to organism.**

- ▶ **LO: I can explain how organisms transfer (sunlight) energy and determine what factors limit populations.**
- ▶ **WOD- food chain, decomposer, arrows**
Review: carnivore, omnivore, herbivore, energy, producer, primary consumer, secondary consumer, tertiary consumer

Agenda -

- 1. Opening - WOD/Food Chain**
- 2. Work Period - Panther Hunt**
- 3. Closing - Lab Conclusions**

9/23/2016 – Day in Life 39

- ▶ **HW - none**
 - ▶ **GPS focus - Ecology (*S7L4*) & Content Skills**
 - ▶ **Purpose: Explain that sunlight energy moves from organism to organism.**

 - ▶ **LO: I can explain how organisms transfer (sunlight) energy.**
 - ▶ **WOD- Review: decomposer, producer, consumer, energy pyramid, food chain, food web**

 - ▶ **Agenda -**
 1. **Opening - WOD**
 2. **Work Period -Review IAN pgs 29, 31 and 33 - Quiz**
 3. **Closing - Quiz with Notebook**
-
