

7th Grade Math - Weekly Agenda

Dates: Sept 8 – Sept 11

Materials you will need this week:

1. Composition Notebook
2. Pencil
3. Distraction Free Workspace
4. Chromebook - charged

Standards addressed: 7.NS.1 and 7.NS.2 Add, Subtract, Multiply, and Divide Rational Numbers, 7.NS.3 Applying Real World Problems,

Agenda Overview:

The new agenda worked great this past week allowing you to know the expectations for each class and the assignments that needed to be complete. If you get lost or kicked out of the google meet, come back to the agenda so you know where to be. I will be on the google meet during the entire class if you have questions.

Scroll down for the class, choose the correct time (morning/afternoon).

Remember that you have MULTIPLE attempts in Khan Academy and Quizizz. If you don't know how to do an assignment, watch the videos available in Khan Academy.

If you feel you need extra practice, Khan Academy is a great place to start. Watch the videos in the Adding, Subtracting, Multiplying, and Dividing section and then do the practice after each. (Optional)

Tuesday/Wednesday classes (Sept 8 - 9) –

Morning class 10:00 – 11:30
