- AP Art and Design APSI Bundle shipped directly to participants
- Access to SCAD eLearning environments (Blackboard and Zoom)
- SCAD eLearning technical support with advanced training

Additional payment details are available on the Fees tab above.

Course Schedule and Delivery Description

SCAD's Online Advanced Placement Institute will include synchronous and asynchronous learning scheduled throughout the week to satisfy the 30-hour requirement for course completion. Synchronous e-learning involves online studies through chat and videoconferencing. This kind of learning tool is real-time much like a virtual classroom that allows students to interact with the instructor directly. On the other hand, asynchronous learning can be carried out even while the student is offline. Asynchronous eLearning involves coursework delivered via web, email and message boards that are then posted on online forums.

Participants will utilize the [SCAD eLearning](#) environments and be provided training in advance, through live and recorded webinars, to ensure participant success. We will also provide support throughout the week to maximize the experience.

Synchronous Schedule

Monday - Friday

Morning Session 9:30-11:30 am EST*

Afternoon Session 3:00-5:00 pm EST*

*Please note all times are listed in Eastern Standard Time (EST)

Optional synchronous sessions will be offered throughout the week; although, the morning and afternoon sessions will require attendance for course completion. Participants should plan to dedicate up to 20 hours of asynchronous learning during the week.

Rice University's APSI 2021 - Week 1

The **online AP[®] Summer Institute** at Rice University offers challenging AP professional development courses that address advanced topics in AP.

Online courses are led by experienced, enthusiastic and dedicated College Board-endorsed lead consultants who have a broad range of knowledge and proven ability presenting to their peers. Instructors include AP test development committee members, AP exam readers, winners of special recognition awards from the College Board, and winners of regional and national teaching awards.

Institute schedule

Each course meets **online** Monday through Friday of its given week, synchronous (live instruction) will occur between 8:00 a.m.-3:00 p.m. CT. There may be asynchronous (not live instruction) hours required outside of the synchronous hours. Schedules will vary by course. *Only enrolled participants will be allowed in the virtual classroom.*

Tuition schedule

Early registration: \$550 (until April 12)

Standard registration: \$600 (April 13-June 28)

Late registration: \$650 (after June 28)

College Board Bundles

College Board bundles will be mailed to the home address provided at the time of registration. The College Board is responsible for mailing all bundles. **The College Board is not able to send bundles to international addresses; therefore, participants who reside outside of the United States will not receive a College Board bundle.**

Due to the College Board's APSI bundle ordering process, if you register less than four weeks prior to the start of your course, you may not receive your bundle before your course begins. Rice University will submit late APSI bundle orders to the College Board in August.

Rice University will not be responsible for address typos, delays, undeliverable mail, mail forwarding issues, or lost mail.

The 2021 Rice University APSI will be fully online.

When

Monday, July 12, 2021 - Friday, July 16, 2021
