

7th Grade Science Syllabus

Aloha! Welcome to 7th Grade Science. I look forward to exploring the wonders of science with you this year. I am confident that all students will have the opportunity to learn science concepts with our new online curriculum.

Course: Comprehensive Science II, We are fortunate to have a comprehensive science curriculum for online learning. The curriculum has six modules that we will work through during the school year. Lessons are clear and the assignments will be varied.

Goals: Students will learn to think and reason like scientists. They will learn and practice the scientific method; use logic, and/or reasoning to investigate significant and relevant questions and hypotheses that result in insights and understandings to make real life connections. Students will learn new concepts and ask questions.

Academic Integrity

Do your own work.

Be proud of your work.

Be proud of your gains.

Student Expectations

Student Code of Conduct

Be on time - Be on time and prepared with your device charged. Close material and tabs from other classes. Make sure all tech works 5-10 minutes before the meeting.

Mute yourself - Mute yourself right away to eliminate background noise.

Presentation - Consider your surroundings and attire. Find a good spot in the home with few distractions and make sure you're wearing something appropriate for the day.

Headphones - Use headphones if you have them. If your headphones or earbuds have a microphone, even better.

Signals - Use hand signals:

Thumbs up = Yes/Thumbs down = No

Hand by ear = Can't hear

Raise hand = Have a comment

Be Respectful - Follow the agreements of the group.

Adhere to TRUF for appropriate use of technology. Practice good "Netiquette"
