

# **CSO** Meeting

November, 2010

## What do we mean by Human Capital Strategy?

### **Program Planning & Budgeting Evaluation & Pre-Service** Retention Recruitment Selection **Placement** Prof. Dev. **Training Operations & Program Evaluation**

- Build talent pipelines at the state and local levels
- Use vacancy and attrition data to drive recruitment
- Integrate lessons learned at school-level into targeted recruitment strategies
- · Deliver clear and early messaging to applicants

- Create systems for screening and selection of applicants
- Employ rigorous. competencybased process to select talent
- Tie DPAS II evaluation findings to selection criteria for future years

- Develop programs and partnerships that ensure new talent is properly prepared for service
- Engage with talent pipelines in teacher & leader preparation
- Set clear expectations about measures and evaluation

- Ensure an equitable distribution of talent
- Allow for school autonomy in hiring while creating districtwide parameters for talent distribution
- Analyze historical data and account for labor economics in distributing talent

- Maximize use of statewide evaluation tool—build "skill" and "will" amongst assessors
- Tailor PD to school and individual needs: tie to evaluation
- Analyze all PD efforts to ensure alignment and impact on students

- Conduct multimeasure exit survey to determine reasons for separation
- Use evaluation and attrition data to identify/target positions and individuals
- Implement monetary and non-monetary retention incentives

### **Examples of State-Wide Support for Human Capital Strategy**
