6th Grade Accelerated Honors Science - Year at a Glance

Comprehensive Science 1 Accelerated Honors, Course # 2002055

<u>A Note to Parents</u>: State standards require your child's science teacher to plan lessons that build knowledge of various scientific concepts, develop the ability to apply these concepts, and engage students in critical thinking. To achieve these goals, students will take part in a range of activities including reading, discussions, writing, lab activities and projects, and more. Safety is paramount in science labs and your child's teacher will ensure a safe learning environment.

The best way to ensure your child's success is to work as a team that includes you, your child, and your child's teacher.

What is the purpose of this course?

- The purpose of this fast-paced course is to provide opportunities to study concepts of the life, earth/space, and physical sciences, and their applications to everyday life.
- This rigorous course covers the 6th grade and advanced 6th grade standards, as well as half of the 8th grade standard and advanced materials.

What will students be learning in this course?	
	Topics
Quarter 1	The Nature and Practice of Science
	Energy Transfer and Transformation
	Distance vs. Time Graphs
	• Forces
Quarter 2	Matter
	Density, Mass, and Weight
	The Periodic Table
	Elements and Compounds
	Acids and Bases
	Physical and Chemical Changes
Quarter 3	The Cell Theory
	Cell Types and Structure/Function of Organelles
	Classification
	Functions of Systems of the Body
	Infectious Agents
Quarter 4	Interactions between Earth's Spheres
	Earth's Atmosphere
	Global Patterns in the Atmosphere and Ocean
	Local Weather
	Weathering/Erosion/Deposition and Landforms

Possible Support Resources

Amoeba Sisters for Biological Topics: https://www.youtube.com/user/AmoebaSisters

Student tutorials: https://www.floridastudents.org/#29|0|0|0 Simulations can be found at: https://phet.colorado.edu/

Schoology: the teacher's site will have assignment information.

Videos: Study Jams- https://studyjams.scholastic.com/studyjams/jams/science/index.htm

Courses are designed so that all standards will be learned by the end of the course. This guide represents a recommended timeline and sequence to be used voluntarily by teachers for planning purposes. Specific questions regarding when content will be addressed in a specific course are best answered by the individual teacher.
