

YouTube Training

Key terms are as defined in the Children's Internet Protection Act (CIPA)

Access to Inappropriate Material

Specifically, as required by CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.

Inappropriate Network Usage

To the extent practical, steps shall be taken to promote the safety and security of users of the HCSD online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Key terms are as defined in the Children's Internet Protection Act (CIPA)

Education, Supervision, and Monitoring

It shall be the responsibility of all members of the HCSD staff to educate, supervise, and monitor appropriate usage of the online computer network and access to the Internet in accordance with CIPA policies.

YouTube Guidelines

- For EDUCATIONAL PURPOSES ONLY.
- You must view all videos in their entirety before showing them or allowing your students to view them, regardless of the grade level that you teach.
- Preview video content to ensure it supports the instructional program and relates to lesson objectives.
- Make sure projector is turned off/video muted when previewing

YouTube Guidelines

- Students may not use staff members' computers or login ID's to search for YouTube videos online.
- This level of access is only available to teachers, not students. If you abuse it, you will lose it!

YouTube Guidelines

Greater use of YouTube by teachers throughout the district will increase network traffic, which may result in choppy video quality.

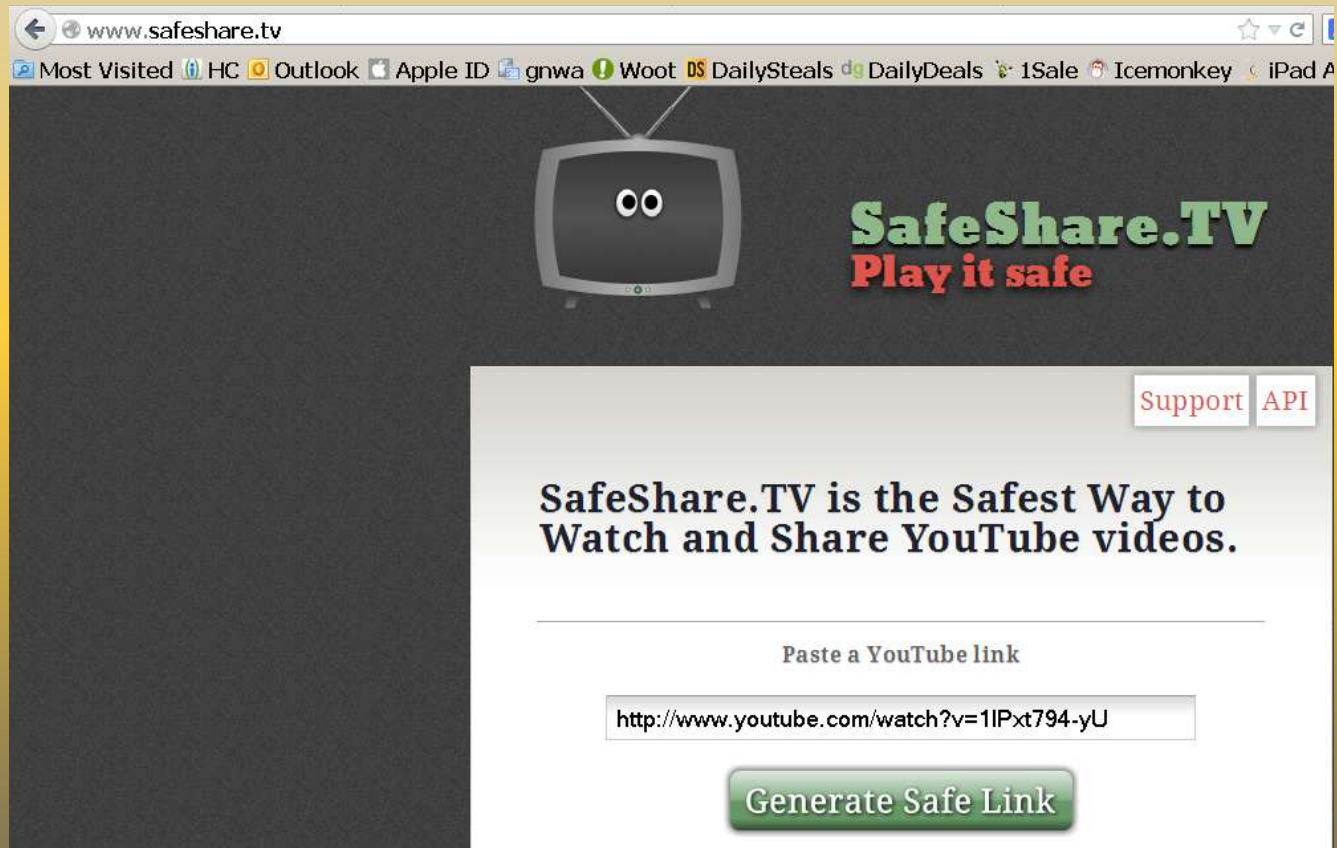

- HCSD currently blocking many media streaming sites, not because they are inappropriate, but because the network is quickly becoming overloaded
- With the addition of wireless, over 1200 devices were added to the network

YouTube Guidelines

When showing a video in class, use one of the following to eliminate ads and comments:

- Paste a YouTube URL to <http://www.safeshare.tv/> to view your video without ads or distractions
- this site also provides more extensive filtering.
- Download the video

Safeshare.TV

YouTube Guidelines

Teachers should document YouTube video use in case there is a request from a parent or administrator to review.

Get into the habit of hitting
Windows Key + L
or
CTRL+ALT+DELETE

to lock your computer when walking away.

The way things work

- There is software on the computers that allows Lightspeed filter to block or not block web content
- Using your username and the installed software, Lightspeed can allow you through the filter
- The network and the activities on the network are, and have been being monitored
- We can tell who is logged in where and what they are going to

Troubleshooting

Due to one reason or another, software installation has not occurred on all computers, therefore you may not have access on all computers

If you cannot get to YouTube on your teacher computer, you will need to include your computer name in your email to the helpdesk. At the computer login screen, look for the computer name.

Sign and date your paper!

Please send your teacher computer name
to Dave Dennie to ensure access to
YouTube.
